

Craig,

I am writing to you in order to voice my concern over the proposed redistricting map. I am a resident of Tarrytown. Based upon the Map that I have seen that would put me in District Seven. My concern that puts our neighborhood in a narrow corridor that stretches all the way to Plugerville.

I think Austin and our neighborhood as well as surrounding neighborhoods would be better served by having a more cohesive, contiguous district.

Thanks for your consideration

**Daniel Keelan**
