

Mr. Tounget,

I regret that I can't attend the ICRC meeting tomorrow, but do want to express my concern about the handling and proposed configuration of District 7, specifically as it affects my community, central and west Austin.

I've been involved in efforts such as this one, and I understand how difficult the task is. But I believe it makes more sense to expand District 7's boundaries to include W. 35th and Mayfield Park/Laguna Gloria, and to include Windsor Road east of MoPac, and I ask that y'all would consider making these changes. As proposed by the ICRC, our neighborhood is divided across three separate districts. With the requested changes, the boundaries of our neighborhood association and the Central West Austin Combined Neighborhood Plan would remain intact, forming a truer representation of neighborhood.

Thank you for your consideration of these changes,

Jenna McEachern
