### 10 City Council Districts, Precinct-by-Precinct Data

Precincts with solid colors indicate changes from the first map. They are:

- Blue Precinct 354 (Travis Country) added back to the Oak Hill District 8.
- Pink Precinct 408 and parts of Precinct 435 added to Far South District 2
- Pink Parts of Precincts 450 and 443 (Dove Springs area) added to Far South District 2.
- Purple Precinct 447 and part of 441 added to South Central District 5.
- Green Precinct 440 and part of 429 added to East Riverside District 3.

The pink, purple, and green changes are areas where it may be necessary to split precincts to increase Hispanic Voting Age Population or to respond to neighborhood wishes, or to align with information presented by LULAC. Our precinct data tables for Districts 2, 3, and 5 include voter turnout figures for the Proposition 3 election in November 2012, to help assess the opportunity for increases in minority voting in each precinct.

- Orange Precinct 250 (West Austin) added to District 10 only as a placeholder. Folks around the intersection of Districts 9, 7, 6, and 10 have been working to find a better arrangement for north central Austin. Precinct 250 serves as a graphic representation of just how close we are.
