Dear Chairwoman Blanco and Commissioners,

This will supplement our 10/23/13 letter in support of the Compact Districts Coalition map submitted to the ICRC on 10/19/13. We continue to support that map for the reasons stated in our earlier letter but write now to address a narrower proposal.

Joyce Basciano

The West Austin Neighborhood Association (WANG) submitted a map to the ICRC on 10/27/13 which modifies only Districts 6, 7 and 10. We believe the configuration of District 7 in the West Austin Neighborhood Association map significantly improves the District 7 configuration reflected in the ICRC's preliminary map. District 7 in the WANG map is more geographically compact than the ICRC's preliminary District 7 and does not bypass nearby populations for more distant populations.
