

Mr. Tounget,

As a concerned Northwest Hills resident, I want to express my support that NW AUSTIN STRONGLY SUPPORTS the District 10 that starts above 2222 – PLEASE go back to the September 28th map and move the southeastern boundary to Start at 2222, but to otherwise follow the ICRC map from September 28th. We mean no disrespect to Tarrytown, Brykerwoods and Rosedale, but NW Austin would like to remain with our communities of interest.

As a member of the NWACA Board of Directors, I can tell you that our representatives have worked long and hard on the maps our Board voted to support. There are multiple reasons why we feel the Northwest District should begin at 2222. We have carefully considered all the variables, the population requirements per district, the school boundaries and other issues that make a neighborhoods consistent with each other. Please do NOT ignore their time and efforts in coming up with our proposed map.

I welcome a conversation with you and anyone else who has concerns on this topic. Thank you so much

Shannon Meroney

NWACA Board of Directors

Membership Committee Co-Chair
