

NW AUSTIN STRONGLY SUPPORTS the District 10 that starts above 2222 - PLEASE go back to the September 28th map and move the southeastern boundary to start at 2222, but to otherwise follow the ICRC map from September 28th. We appreciate and respect Tarrytown, Brykerwoods and Rosedale, but NW Austin would like to remain with our communities of interest.

I feel that our geographic area has concerns that are not the same as the Tarrytown, Brykerwoods and Rosedale neighborhoods and the Northwest Austin citizens have already established an organized concerned association which share concerns specific to the above boundaries.

Please consider this request.
