

To Whom It May Concern,

I have just looked at the new map being proposed. Being a member of District 5 and living in the Onion Creek area, I cannot image that you feel our needs align with those from the Barton Hills area. I completely support the SANA proposal, which aligns interests among communities that are similar in demographics and interests.

I sincerely hope you reconsider the current map, and I am planning to be at the Dawson Road meeting tonight.

Best,

Kristen
