

**ABBREVIATIONS:**

A	ANCHOR
B	BUILDING
C	CONCRETE
CL	CONCRETE LINED
CP	CONCRETE PIPE
CS	CONCRETE STRUCTURE
D	DRAINAGE
E	ELECTRICAL
F	FENCE
G	GRAVEL
H	HOLE
I	IRON
J	JUNCTION
K	KEY
L	LAND
M	MATERIAL
N	NATURAL
O	OVERBURDEN
P	PROPOSED
Q	QUARRY
R	REINFORCED CONCRETE
S	STEEL
T	TEMPORARY
U	UNDERGROUND
V	VENTILATION
W	WATER
X	WATER STORAGE TANK
Y	YIELD
Z	ZONE

**NOTES:**

1. Stone size: 75-125 mm (3-4.75 inch) stone shall be used.
2. Location of structure and not less than 15 m (50 ft).
3. Structure shall be constructed on a firm, stable foundation.
4. Structure shall be constructed on a firm, stable foundation.
5. Structure shall be constructed on a firm, stable foundation.
6. Structure shall be constructed on a firm, stable foundation.
7. Structure shall be constructed on a firm, stable foundation.

**NOTES:**

1. Structure shall be constructed on a firm, stable foundation.
2. Structure shall be constructed on a firm, stable foundation.
3. Structure shall be constructed on a firm, stable foundation.
4. Structure shall be constructed on a firm, stable foundation.
5. Structure shall be constructed on a firm, stable foundation.
6. Structure shall be constructed on a firm, stable foundation.
7. Structure shall be constructed on a firm, stable foundation.

**NOTES:**

1. Structure shall be constructed on a firm, stable foundation.
2. Structure shall be constructed on a firm, stable foundation.
3. Structure shall be constructed on a firm, stable foundation.
4. Structure shall be constructed on a firm, stable foundation.
5. Structure shall be constructed on a firm, stable foundation.
6. Structure shall be constructed on a firm, stable foundation.
7. Structure shall be constructed on a firm, stable foundation.

**NOTES:**

1. Structure shall be constructed on a firm, stable foundation.
2. Structure shall be constructed on a firm, stable foundation.
3. Structure shall be constructed on a firm, stable foundation.
4. Structure shall be constructed on a firm, stable foundation.
5. Structure shall be constructed on a firm, stable foundation.
6. Structure shall be constructed on a firm, stable foundation.
7. Structure shall be constructed on a firm, stable foundation.

**NOTES:**

1. Structure shall be constructed on a firm, stable foundation.
2. Structure shall be constructed on a firm, stable foundation.
3. Structure shall be constructed on a firm, stable foundation.
4. Structure shall be constructed on a firm, stable foundation.
5. Structure shall be constructed on a firm, stable foundation.
6. Structure shall be constructed on a firm, stable foundation.
7. Structure shall be constructed on a firm, stable foundation.

**NOTES:**

1. Structure shall be constructed on a firm, stable foundation.
2. Structure shall be constructed on a firm, stable foundation.
3. Structure shall be constructed on a firm, stable foundation.
4. Structure shall be constructed on a firm, stable foundation.
5. Structure shall be constructed on a firm, stable foundation.
6. Structure shall be constructed on a firm, stable foundation.
7. Structure shall be constructed on a firm, stable foundation.

**NOTES:**

1. Structure shall be constructed on a firm, stable foundation.
2. Structure shall be constructed on a firm, stable foundation.
3. Structure shall be constructed on a firm, stable foundation.
4. Structure shall be constructed on a firm, stable foundation.
5. Structure shall be constructed on a firm, stable foundation.
6. Structure shall be constructed on a firm, stable foundation.
7. Structure shall be constructed on a firm, stable foundation.

**NOTES:**

1. Structure shall be constructed on a firm, stable foundation.
2. Structure shall be constructed on a firm, stable foundation.
3. Structure shall be constructed on a firm, stable foundation.
4. Structure shall be constructed on a firm, stable foundation.
5. Structure shall be constructed on a firm, stable foundation.
6. Structure shall be constructed on a firm, stable foundation.
7. Structure shall be constructed on a firm, stable foundation.
