

Dear Commissioners:

I am writing to ask you to please revise the current map which has Zilker Park and part of the Barton Creek Greenbelt in district 8. These places border property lines of people who reside in District 5 and what happens in the park, i.e ACL, Blues on the Green, Trail Of Lights affect them directly. And in places along the Greenbelt potential for wild fires and the constant battle against criminal activity do not affect residents of District 8 but do directly affect residents of the Barton Hills and Zilker neighborhoods. While I understand there is population inequality by simply moving the borders please consider moving another suitable precinct into District 8 instead.

Thank you for your attention to this request.

Sincerely,

Stacey Gardner
