

ORDINANCE AMENDMENT REVIEW SHEET

12

Amendment: C20-2013-006 Temporary Signs for Special Events (Projected)***THIS ITEM IS RELATED TO C20-2013-030*****Description:** Consider an ordinance amending Title 25 of the City Code to create a new definition "Projected Advertising Sign" and create new code regulating temporary projected signs.**Proposed Language:** See attached draft ordinance.**Background:** Initiated by Planning Commission on February 26, 2013.

The proposed code amendment provides for commercial images to be temporarily projected on to building facades in the downtown area during certain special events and establishes permitting requirements. Current code does not address this type of signage and therefore has not been permitted. Projected image signs have been increasing in popularity over the past few years, especially at special events.

This amendment was initiated as a result of requests from special events staff and following requests from several major special event organizers to allow for clear regulation of this emerging signage type and to curb illegal use.

Staff Recommendation: Staff recommends the proposed code amendment.**Board and Commission Actions**
