The motion to approve staff's recommendation for GR-MU-CO-NP, Community Commercial, Mixed Use, Conditional Overlay, Neighborhood Plan for Tracts 1 & 2 and GR-MU-CO-H-NP, Community Commercial, Mixed Use, Conditional Overlay, Historic Landmark, Neighborhood Plan for Tract 1A was approved by Commissioner James Norte's motion, Commissioner Stephen Oliver seconded the motion on a vote of 8-0; Commissioner's Danette Chimenti was absent.

DEPARTMENT COMMENTS:

The property is currently developed with the Commodore Perry Estate which consists of numerous structures, the main building being a circa 1928 Italian Renaissance Revival mansion and associated gardens, a convent building, a chapel, a carriage house, a cottage, a school building and a bowling alley. The applicant is proposing a boutique hotel with bungalow accommodations spread out on the property, a "farm-to-table" restaurant, and single family residential development on the west side of the property.

One of the stated goals of the Central Austin Combined Neighborhood Plan (CACNP) is to "Preserve the historic character and resources of the Central Austin Combined Neighborhood Planning Area neighborhoods". The Perry Estate has been a fixture in the area for over eighty five years. The applicant has agreed to seek Historic Landmark designation on the mansion and associated gardens and has received a favorable recommendation for Historic Landmark from the Historic Landmark Commission on September 23rd. The remainder of the property is in a National Register Historic District.

Another stated goal of the (CACNP) is to "Allow mixed-use development along the existing commercial corridors that is pedestrian oriented, neighborhood friendly, neighborhood scaled, and serves neighborhood needs." The Perry Estate property has lengthy frontage on Red River Street which is listed as a "major four lane undivided arterial". The proposed hotel and restaurant will only take access to Red River to discourage vehicular traffic from entering the neighborhood. The proposed residential properties to the west will only take access to 41st Street in order to discourage the mix of residential and commercial traffic. The proposed height limit of the entire development is limited to two stories for thirty feet (30') in order to blend in and match the scale of the surround neighborhood. The proposed restaurant will be open to the public and within walking distance of the single family areas to the north. The applicant also proposes to enhance the pedestrian streetscape along Red River and 41st Street with street trees and other amenities. This property is located within the "desired development zone" where

development is encouraged to locate. There has been a petition submitted against the requested zone change. However, the petition is NOT "valid" at 15.47%.

BASIS FOR RECOMMENDATION:

1. The proposed zoning should be consistent with the goals and objectives of the City Council.

Granting the requested zoning would be in keeping with the goals stated in the Central Austin Combined Neighborhood Plan.

SITE PLAN:

SP 1. Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

SP 2. The site is subject to compatibility standards. Along the north and west property lines, the following standards apply:

- No structure may be built within 25 feet of the property line abutting the SF-3 zoned properties.
 - No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
 - No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
 - No parking or driveways are allowed within 25 feet of the property line abutting the SF-3 zoned properties.
 - In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
- Additional design regulations will be enforced at the time a site plan is submitted.

ENVIRONMENTAL:

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Waller Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.
2. Impervious cover is not limited in this watershed class; therefore the zoning district impervious cover limits will apply.
3. This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm. At this time, no information has been provided as to whether this property has any pre-existing approvals which would preempt current water quality or Code requirements.
4. According to flood plain maps there is a flood plain within the project area.
5. Numerous trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
6. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

TRANSPORTATION:

No additional right-of-way is needed at this time.

A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day [LDC, 25-6-117].

Re: C14-2013-0040 Perry Estate Zoning change application

Clark Patterson and other city staff members:

I am adamantly opposed to the developer's zoning change application for the Perry Estate and am writing to urge you to reject his request to upzone the property. For the past twenty years, I have owned my home on East 39th St. and resided within a few blocks of the Perry Estate (710 East 41st St.). I believe that the developer's proposed change to commercial zoning will erode the established single-family environment in our neighborhood and that the commercial uses, scope, and scale are completely inappropriate for this location.

The developer has provided no evidence that such an upzoning is actually necessary for the survival of his property and its historic assets. Indeed, he has publicly stated that his business model requires the demolition of at least two historic structures listed on the National Register of Historic Places in order to create subterranean parking to meet the requirements of his commercial enterprise. He proposes to build what is essentially a resort with an event center for 350, a restaurant for at least 200, and a hotel with 55 units. The so-called residential component of his development reads more like a short-term rental, time-share, corporate-owned housing playground than a single-family development compatible with our established neighborhood.

In March, my Hancock Neighborhood Association overwhelmingly rejected the developer's proposal by a vote of 97 to 20. In addition, the neighbors closest to the Perry Estate oppose the proposed zoning changes by an overwhelming majority. Our voices should echo as loud and significant ones in any consideration of the developer's proposal for the property. Please understand that an upzoning for the Perry Estate provides no benefit to those of us living near the property or to the larger Hancock neighborhood and City of Austin. Only the developer will benefit, and he should be told "No" at each stage of the City's process.

We have worked hard to protect the existing and thriving single-family enclave that currently exists between Red River and Duval in Hancock. Please help us protect the integrity of our neighborhood by rejecting a developer's proposal that would forever erode and diminish the quality of life for those of us who live here.

Should you have any questions, please feel free to contact me. Thank you.

Case: C14-2013-0040

September 2, 2013

Clark,

I'm writing to express my opposition to the upzoning proposed in case C14-2013-0040 (the Perry Estate). Granting this request would allow a substantial commercial intrusion into an intact residential area and would substantially harm the quality of life in the Hancock neighborhood.

The property owners have provided no evidence that maintaining the historic elements of the property requires commercial zoning, nor have they shown that the business they propose to operate is economically feasible.

Granting commercial upzoning to a historic property based only on the owners' assertions that they need it in order to sustain their investment would set a terrible precedent for Austin's older neighborhoods. Hancock contains many properties in residential use that are older than the Perry Mansion, including my own. Granting commercial zoning to even a portion of these homes would destroy the larger neighborhood.

There are many economically feasible uses for the Perry Estate under its existing base zoning, uses that would complement rather than undermine the surrounding neighborhood. The applicants in this case have stated that they will not consider those alternatives until the Planning Commission and City Council have rejected their "vision" for the Estate. Please help them towards that moment of insight by recommending that the Planning Commission vote against this application.

Feel free to contact me if you have questions or would like further information.

Cordially,

Mark H. Burch

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: The developer has come up with a re-development plan that violates over 1/2 of the City's 12 Zoning Principles. The overwhelming majority of neighbors have officially taken a position against Mr. Ceyda's Plan, a plan which has zero regard for preserving the quality of life for these Residents in the Hancock neighborhood. Mr. Ceyda argues the property needs to produce income in order to preserve its historically significant buildings, hence he wants to create

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

I am opposed to any up-zoning for residential to commercial. This is not in keeping with the residential character of the neighborhood and is keeping with the approved neighborhood plan.

I most definitely oppose neighborhood amendment NPA-2013-0019.01 and rezoning case C14-2013-0040.

Part of Austin's charm is that, despite its size, it is made up of neighborhoods. The neighborhood surrounding the Perry Estate is unique and a valuable residential area near the university with many beautiful homes over 75 years old.

The creation of a large commercial block, and its attendant noise and traffic would be a serious disruption of the neighborhood. Worse, the business plan relies heavily on the conjecture that people will pay >\$300 a night to stay in a "destination" hotel devoid of landmarks, museums, night spots, and other tourist attractions; once the zoning is amended to allow commercial activity, when the hotel plan fails, there is nothing to stop a big block retail business moving in and razing the beautiful and historic Perry estate.

Please, do not allow this amendment and rezoning.

sincerely,

lizabeth kelley

renovated the mansion, chapel and other vintage buildings on the property, applying sustainability features and riparian restoration to Waller Creek, as well. This aligns with the designs for public and commercial use - in line with Green Pastures and Norwood Estate, contributing to both sustaining the history and while adding to the economy of Austin.

Indeed, Lyda's intentions can be roundly applauded for his thoughtful planning, to bring the estate to its optimum use, as a treasured event site, an exquisite small hotel and a discreet number of residences, which will nestle along Waller Creek. His application of quality sustainable green practices, alone, will make this an exemplary site for others to emulate.

This and other regulatory bodies are charged with attending to Austin's economic growth, historic preservation, and appropriate building for occupancy. In the work to date, and in the plans intended, the Perry Estate is premiere in each of these categories, and it will be your legacy to the best Austin has to offer for decades to come.

Subject: IN FAVOR-NPA-2013-0019.01 and C14-2013-0040 Re. ADDRESS-710 E. 41st Street-Commodore Perry Estate

Dear Commissioners,

I live at 723 Park Blvd., north of the tract at 710 E. 41st St. known as the Commodore Perry Estate. I am **IN FAVOR of the proposed zoning changes (NPA-2013-0019.01 and C14-2013-0040) on this property.** Earlier this year I sent city staff a letter outlining my support and that of my family. We own five properties immediately adjacent to this tract including three on the east end of Park Blvd., nearest the site of the proposed hotel.

In addition to being a neighbor, I have a 40 year history with the property. My parents owned it for 20 years (1974-1994) and I worked for the school it was sold to from 1995-2011. Unfortunately, the school's mission was to educate, not care for a historic property and the condition of the structures and grounds deteriorated prior to its sale.

Preservation of the mansion was my mother's passion and in 1986, The Heritage Society recognized my parents' efforts to restore it. Having attended school there in the 1970's, the current owner feels the same way my mother did about it and has created a plan to ensure its preservation for many years to come.

In addition to being economically sustainable, this is an unsubsidized, tax-revenue-generating plan. I look forward to the meeting next Tuesday and I hope you will join me in supporting this plan.

Respectfully yours,
Pattye Henderson

Dear Planning Commission members,

I am writing in regards to the Perry Estate items, C7 and C8, that are scheduled for the Tuesday meeting. I will speak in support of the items at the meeting, and would like for you to understand the perspective of someone who supports the negotiated development standards of the Perry Estate property. I have lived in Hancock since 2006 and served as HNA Vice President from 2008-2012. I have two young children, 2 and 5 yrs old, and part of the reason we live here rather than in a large suburban house is that we believe in a diverse, walkable community and enjoy the quality of life that comes from interacting with neighbors at local parks, restaurants and shops. Walking to Quack's for a coffee, splashing around at Eastwoods, listening to music at Central Market on a Friday evening, eating ice cream with the kids at Dolce Vita - these are some of the things that make living in Central Austin special.

As the Planning Commission, you play an important role in defining and shaping the future of our city. Your vote should represent not just the interests of impacted neighbors or even the greater Hancock neighborhood, but rather Austin as a whole. You should weigh your decisions on this basis and employ a set of criteria that makes it clear to all of your constituents how you arrived at your decision. Below are the criteria I have considered to arrive at my decision of support:

1. Adherence to the Future Land Use Map

Unfortunately, within Hancock, the FLUM is a tool that is not properly used. It is effectively a guide of current zoning entitlements and (Concordia aside) is not tied to Austin's growth rates and the corresponding need for additional housing, office, and retail space. Additionally, the current FLUM is for Civic, allowing for more density than the proposal, larger events, and higher noise limits. We've all witnessed Hyde Park Baptist and the demolition of homes and erection of a parking garage. As far as I understand, Civic would also allow for ball fields with bleachers, field lights, and noise from loud speakers and fans. So, for me I see Civic on the FLUM and give that very little weight.

2. Adherence to the Neighborhood Plan

Some argue that this development does not comply with the neighborhood plan and should therefore be voted down. I give this criteria minimal weight, it has been 10 years since the focus groups were held in defining the neighborhood plan. I was not involved and neither were any of the residents that have moved here in the past decade. Interestingly, this plan actually does meet the goals of the CANPAC plan - *'Preserve integrity and character of SF'* - no homes are being torn down, in fact historically significant homes are being preserved. *'Preserve Historic Character of the neighborhood'* - Checkbox here. *'Allow mixed used on commercial corridors that is pedestrian oriented, neighborhood friendly , neighborhood scaled, meets neighborhood needs'* - Checkbox here too, I

infrastructure. Of course, there is also the preservation of the mansion, the stabilization of the large trees, utilization of grey water, and restoration of the grounds as well. The use of the restaurant, hotel, and events facility are also benefits to the community.

In summary, The Perry Estate proposal has a lot to like, especially for those of us that enjoy walkable communities with a diversity of uses. Could you imagine Central Austin without the restaurants and shops that we all frequent so much? Many of these are adjacent to or very near single family residents, and we are a better community because of it. If built as proposed, this development would create a very unique place filled with character. This is a special site, and Austin is a special city, and I value what this development would represent for the site, for the neighborhood and for Austin. I hope that you are able to make the difficult decision here; one that points to the future of a growing, walkable community that adds to the vibrancy of Central Austin.

Regards,

Rafi Anuar

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: Mr. Lyda was curiously broken the lane and disturbed and disrupted the neighborhood. The neighborhood voted overwhelmingly against this. I would expect the neighborhood's vast majority to be respected.

Comments: LYDA'S plans for rezoning

this property will destroy the historic

views of the Perry Estates. It will

have a real negative impact on the

Hancock Neighborhood, creating additional

people traffic, auto traffic, noise, lights,

etc, etc. Also construction on the Perry Estate

will create construction dust in the air & it will

cover the homes, cars & yards of the neighborhood.

I oppose the commercial zoning proposed for the Perry Estate in case number C14-2013-0040 and the associated neighborhood plan amendment (NPA-2013-0019.01). Hotel, restaurant, and indoor and outdoor entertainment are inappropriate uses for this property.

The Hancock neighborhood has been "an urbane oasis" for many years. It deserves to retain this characterization amid all the noise and tumult of shopping centers, football games, and increasing traffic on its neighborhood streets.

Neighbors alone cannot maintain this peaceful place; we need support from citizens like you.

Sent: Monday, October 21, 2013 6:34 PM

Subject: Zoning Case C14-2013-0040; Perry Estate

For the Austin Planning Commission

I oppose the commercial zoning proposed for the Perry Estate in case number C14-2013-0040 and the associated neighborhood plan amendment (NPA-2013-0019.01). Hotel, restaurant, and indoor and outdoor entertainment are inappropriate uses for this property.

I oppose the commercial zoning proposed for the Perry Estate in case number C14-2013-0040 and the associated neighborhood plan amendment (NPA-2013-0019.01). Hotel, restaurant, and indoor and outdoor entertainment are inappropriate uses for this property.

The Hancock Neighborhood Association studied Mr. Clark Lyda's plan for the Perry Estate for over a year and a half, including many meetings and presentations by Mr. Lyda, the formation of a neighborhood "negotiating team," and a neighborhood opinion survey. At a public meeting, 97 neighborhood residents voted against the proposed commercial zoning; 22 voted for it. The neighborhood took the time to understand this issue and overwhelmingly rejected the idea of commercial zoning.

There are many reasons for the opposition to this plan. I would like to focus on one fact: Mr. Lyda's plans unnecessarily pit the idea of historic preservation against neighborhood values so long protected by this Planning Commission in alliance with the Hancock Neighborhood Association.

- 1) The developer has said that to maintain the Perry Estate, he has to build hotel, restaurant and entertainment venues. But he has never presented options for maintaining the estate other than to maximize development. Nor has he said how the restaurant and hotel would contribute to the maintenance and staffing of the Mansion and Estate— what is the link? The developer has also not provided, again, to the best of my knowledge, financials that show whether the user fees from renting the Mansion and Chapel and Estate grounds were too little to maintain the Perry Mansion and grounds. We do not know that the city's goal of preserving heritage and historical sites cannot be accomplished without his requested upzoning. The public needs this information, as do you as decision makers.
- 2) But even if the developer shows there's more money to be made by creating denser development, the preservation of a historic building should not trump the preservation of historic neighborhoods where thousands of families and individuals have chosen to live and invest their money and time. The preservation of the Mansion and Estate should not come at a cost to the quality of life of the surrounding neighborhood. Adding venues will add thousands of vehicle trips, congestion and safety concerns to a long-established neighborhood.
- 3) We all know that homes build neighborhoods. Under current zoning, the developer has an opportunity to build and to profit from the construction of homes. Yet, the developer's housing ideas have been quite fluid. He has presented ideas ranging from condos to be bought by people who want Austin as a vacation getaway, to high-end 3,000 square foot single-family homes, to small California bungalows. The lack of a firm housing plan leads one to question the developer's commitment to housing in any form.
- 4) In conclusion, the developer has a "vision" to create a "destination" site; the residents of the neighborhood have another vision: maintaining a wonderful neighborhood environment which is not

assaulted, degraded and spoiled by outsized commercial activities. Every corner of Austin should not be like South Congress.

Thank you for your consideration, please vote against changing the zoning to commercial.
