

ZONING CHANGE REVIEW SHEET

C8

CASE: C14-2013-0083
2416 E. 6th Street

P.C. DATE: January 14, 2014
December 10, 2013
October 22, 2013

ADDRESS: 2416 E. 6th Street

AREA: 4.061 acres

OWNER: 2416 East Sixth Street LP (Timothy Clark)

AGENT: Big Red Dog – Austin, LLC (Bob Brown)

FROM: LI-CO-NP

TO: CS-V-CO-NP

NEIGHBORHOOD PLAN AREA: Holly

TIA: Yes- See Transportation Section

WATERSHED: Lady Bird Lake

SCENIC ROADWAY: No

CAPITOL VIEW CORRIDOR: No

DESIRED DEVELOPMENT ZONE: Yes

SUMMARY STAFF RECOMMENDATION:

Staff supports the Applicant's request of general commercial service-vertical mixed use-conditional overlay-neighborhood plan (CS-V-CO-NP). The proposed zoning includes the following conditions:

1. The following land uses would be prohibited: Campground, Kennels, Convenience storage, Vehicle storage, Service station, Adult oriented businesses, Exterminating services, Pawn shop services, Alternative financial services, Bail bond services, and Commercial blood plasma center.
2. The following land use would be conditional: Automotive washing (of any type).
3. Development of the property will be subject to the terms and requirements of a Traffic Impact Analysis (TIA) which will be recorded in a public restrictive covenant.

ISSUES:

This rezoning case was originally filed to change the zoning classification from LI-CO-NP to MF-6-CO-NP. Based in large part on feedback from Staff and neighborhood representatives, the Applicant has revised the rezoning request to CS-V-CO-NP. This revised request triggered renotification with the updated information.

PLANNING COMMISSION RECOMMENDATION:

January 14, 2014:

December 10, 2013: *GRANTED POSTPONEMENT REQUEST TO JANUARY 14, 2014, BY APPLICANT, ON CONSENT, (5-0). [NORTEY- 1ST, OLIVER - 2ND; HATFIELD, HERNANDEZ, STEVENS, ROARK- ABSENT]*

October 22, 2013: *GRANTED POSTPONEMENT REQUEST TO DECEMBER 10, 2013, BY STAFF, ON CONSENT, (5-0). [HATFIELD- 1ST, STEVENS - 2ND; ANDERSON, HERNANDEZ, NORTEY, ROARK- ABSENT]*

DEPARTMENT COMMENTS: The subject property is located west of Pedernales Street between East 6th Street and Hidalgo Street. The property is bordered by railroad tracks on the west. The subject property is zoned LI-CO-NP, and is currently vacant. Across Hidalgo Street to the north are a mix of automotive repair, single family residential, and warehouse land uses. These properties back up to a commercial area along East 7th Street. These properties are zoned LI-CO-NP and CS-MU-CO-NP. Across Pedernales Street to the east is a residential area bounded by commercial land uses. Along Pedernales are several vacant parcels, as well as a bar, restaurant,

and warehouse land uses. These are zoned CS-1-MU-CO-NP, CS-MU-CO-NP, and LR-MU-NP. The interior of the residential area, further east, is zoned SF-3-NP. Across East 6th Street to the south are the Pedernales Lofts, a condominium development with ground floor commercial development along 6th Street. Across the railroad tracks to the west is the University of Texas Elementary School, zoned CS-MU-CO-NP. Please refer to Exhibits A and B (Zoning Map and Aerial View).

The Applicant originally filed a rezoning request from LI-CO-NP to MF-6-CO-NP. Based in large part on feedback from Staff and neighborhood representatives, the Applicant has revised the rezoning request to CS-V-CO-NP. Correspondence from neighbors and interested parties is attached (Exhibit C – Correspondence).

This area was zoned in 2001 as part of the Holly Neighborhood Plan process, with the associated zoning case, C14-01-0166. This property, however, was a contested tract, and was processed later, in 2003. That zoning case, C14-01-0166.002a, modified the Neighborhood Plan and addressed this lot and other contested tracts. The 2003 zoning ordinance established LI-CO-NP zoning for the subject property, with customized lists of conditional and prohibited land uses for this and the other contested properties. The approved zoning ordinance for these properties is attached (Exhibit D – Existing Zoning Ordinance).

Development of the property will be subject to the terms and requirements of a Traffic Impact Analysis (TIA) to be recorded in a public restrictive covenant. Please refer to Exhibit E (TIA Memorandum). AISD schools anticipate increased attendance at elementary, middle and high schools that serve this area, but at levels below desired target range. Please refer to Exhibit F (AISD Memorandum).

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	LI-CO-NP	Vacant (former recycling center)
<i>North</i>	LI-CO-NP, CS-CO-MU-NP	Automotive repair, single family residential, limited warehousing & distribution
<i>South</i>	CS-CO-MU-NP	Condominium residential, retail, restaurant
<i>East</i>	CS-1-CO-MU-NP, CS-CO-MU-NP, LR-MU-MP, SF-3-NP	Vacant, cocktail lounge, restaurant, warehouse, single family residential
<i>West</i>	CS-CO-MU-NP	Primary school

CASE HISTORIES:

NUMBER	REQUEST	COMMISSION	CITY COUNCIL
C14-01-0166 Holly Neighborhood Plan	CS to CS-CO-MU-NP, etc.	11/27/2001: Approved CS-CO-MU-NP (9-0)	12/13/2001: Approved

CITY COUNCIL DATE & ACTION: October 17, 2013: *APPROVE POSTPONEMENT TO DECEMBER 12, 2013, AS REQUESTED BY APPLICANT, ON CONSENT (6-0-1). [SPELMAN- 1ST, COLE- 2ND; MARTINEZ-OFF THE DIAS]*

December 12, 2013: *APPROVE POSTPONEMENT TO FEBRUARY 13, 2014, AS REQUESTED BY STAFF ON CONSENT (7-0). [SPELMAN- 1ST, COLE- 2ND]*

ORDINANCE READINGS: 1st 2nd 3rd

ORDINANCE NUMBER:**CASE MANAGER:** Heather Chaffine-mail: heather.chaffin@austintexas.gov**PHONE:** 974-2122

SUMMARY STAFF RECOMMENDATION:

Staff supports the Applicant's request of general commercial service-vertical mixed use-conditional overlay-neighborhood plan (CS-V-CO-NP). The proposed zoning includes the following conditions:

1. The following land uses would be prohibited: Campground, Kennels, Convenience storage, Vehicle storage, Service station, Adult oriented businesses, Exterminating services, Pawn shop services, Alternative financial services, Bail bond services, and Commercial blood plasma center.
2. The following land use would be conditional: Automotive washing (of any type).
3. Development of the property will be subject to the terms and requirements of a Traffic Impact Analysis (TIA) which will be recorded in a public restrictive covenant.

Staff supports the rezoning request because it reduces industrial-zoned properties in the area, and is a similar zoning classification to most surrounding parcels. Most of the prohibited land uses addressed by the existing conditional overlay are included in the proposed conditional overlay, as well as additional prohibited land uses. The implementation of Vertical mixed use zoning (V) will allow development similar to other nearby mixed use condominiums. According to Imagine Austin, the proposed rezoning is located in an Activity Corridor, and is nearby a future High Capacity Transit Corridor, which are areas appropriate for V zoning.

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

V zoning is intended for areas that have or are anticipated to have a sufficient population density, mix of uses, and transit facilities to encourage and support transit use. V zoning:

- Encourages density on commercial corridors with higher levels of transit service
- Focused on the creation of a high quality pedestrian and transit-supportive environment
- Consistent with Envision Central Texas (ECT) Preferred Scenario
- Provides a more sustainable development pattern

2. *Zoning should promote compatibility with adjacent and nearby uses and should not result in detrimental impacts to the neighborhood character.*

The proposed CS-V-CO-NP is a similar zoning classification to most surrounding parcels, and will therefore promote similar land use development. Additionally, it is a down-zoning from a more intensive industrial zoning classification, which also reduces detrimental impacts.

Site Plan:

SP 1. Any redevelopment of the property will be subject to the requirements of Chapter 25-2, Subchapter E, Article 4.3 (Vertical Mixed Use Buildings), summarized as follows:

- Mix of Uses. At least one of the floors shall contain residential dwelling units.
- Pedestrian-Oriented Commercial Spaces. Along at least 75 percent of the building frontage along the principal street, the building must be designed for commercial uses in ground-floor spaces.
- Compatibility Standards. All VMU buildings are subject to the compatibility standards of Chapter 25-2, Article 10. In case of conflict between the compatibility standards and this Subchapter, the compatibility standards shall control.
- VMU Dimensional and Parking Requirements. VMU has reduced building setbacks and floor to area ratios (FAR), building coverage, and parking requirements. Also, these requirements can be exempted based on certain affordability and development bonus criteria.

SP2. The site is subject to compatibility standards. Along the north property line (adjacent to residential land uses), the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of 2 stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of 3 stories or 40 feet in height may be constructed within 100 feet of the property line.
- No parking or driveways are allowed within 25 feet of the property line.

- In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

Transportation:

TR1. See the attached Traffic Impact Analysis (TIA) memorandum. Development of the property will be subject to the terms and requirements of a Traffic Impact Analysis (TIA) which will be recorded in a public restrictive covenant.

TR2. Existing Street Characteristics:

Name	ROW	Pavement	Classification	Daily Traffic
E 6 th Street	60'	47'	Collector	NA
Pedernales Street	60'	40'	Collector	NA
Hidalgo Street	60'	27'	Local	NA

TR3. There are existing sidewalks along Pedernales Street. There are no sidewalks along the northern side of E 6th Street (along the site). There are no sidewalks along Hidalgo Street.

TR4. According to the Austin 2009 Bicycle Plan Update approved by Austin City Council in June, 2009, there are no existing or recommended bicycle facilities along the roadways.

TR5. Capital Metro bus service (route nos. 4 and 122) is available along at the intersection of E 7th Street and Pedernales Street a block north of the site.

Environmental:

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Ladybird Lake Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

2. Impervious cover is not limited in this watershed class; therefore the zoning district impervious cover limits will apply.

3. This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm. At this time, no information has been provided as to whether this property has any pre-existing approvals which would preempt current water quality or Code requirements.

4. According to flood plain maps, there is no flood plain within the project area.

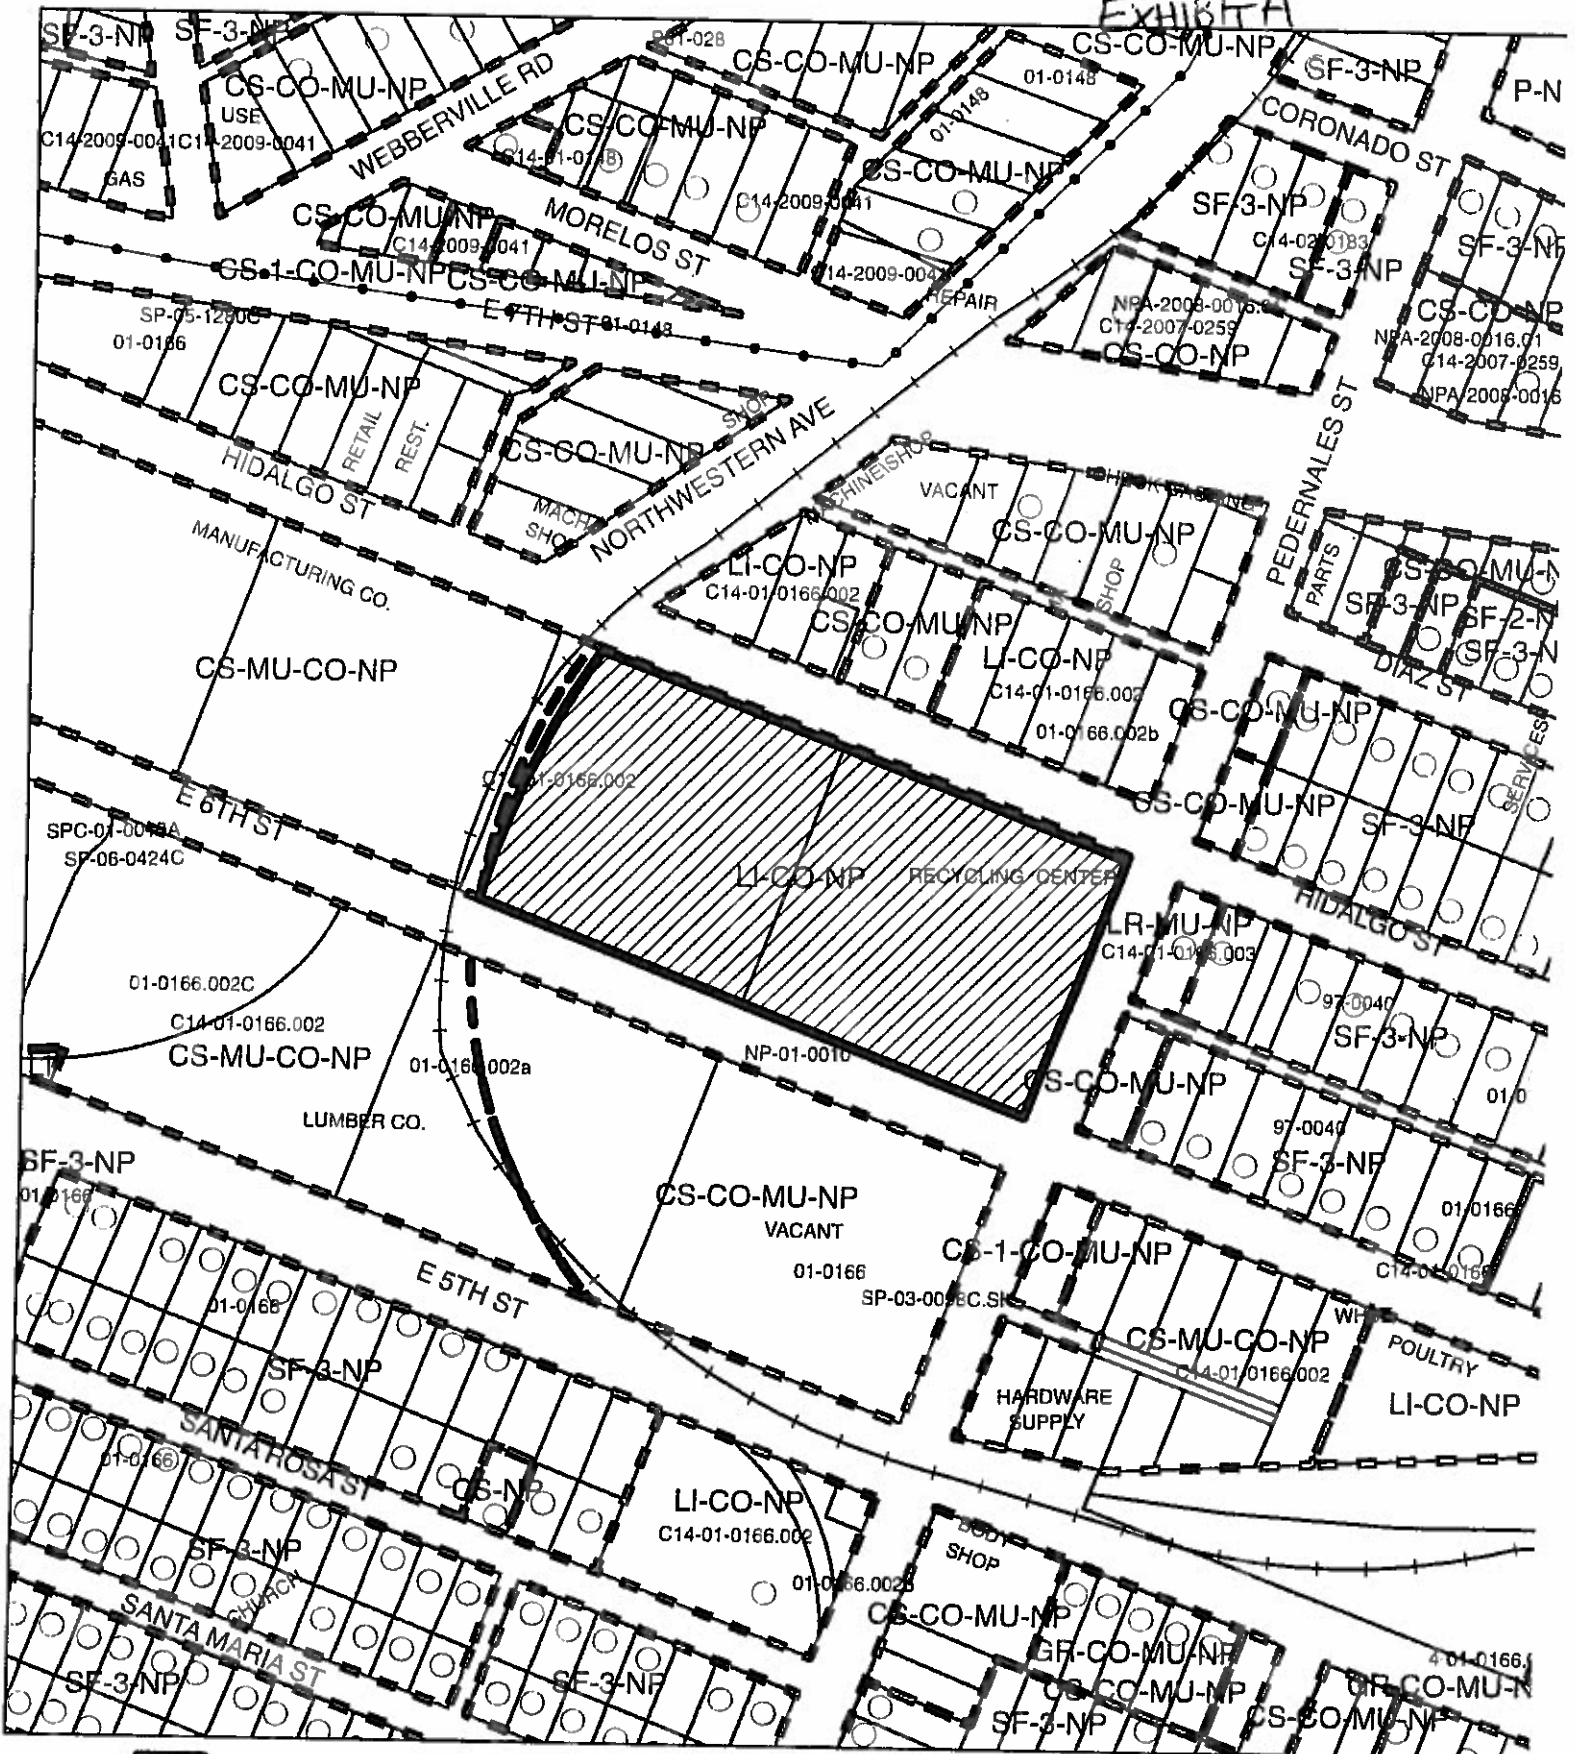

5. No trees are located on this property. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

6. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Water/Wastewater:

FYI: The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the proposed land use. Depending on the development plans submitted, water and or wastewater service extension requests may be required. Water and wastewater utility plans must be reviewed and approved by the Austin Water Utility for compliance with City criteria. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Hi Heather,

I'd like to express my opposition to MF-6 zoning for 2416 E 6th Street. I live and own property across the street at 2401 E 6th Street.

I would be happy to support CS-MU instead, with ground-floor commercial space. It's important for our community to grow in a way that improves the quality of life and vibrancy of the neighborhood (through commercial and restaurant space), rather than maximizing the density of residential units.

Please feel free to email me or call me anytime at 512-809-5239 if you'd like to discuss, and thank you very much for your consideration!

To Whom It May Concern,

As an owner in the Pedernales lofts, I oppose the rezoning request for 2416 East 6th St, Austin, TX. I believe that the specifics would not contribute in a positive manner to the growth and development of the community. I would support the request if the project were zoned CS-MU and if the 6th street frontage were comprised of ground floor commercial uses instead of ground floor residences.

Thank You,

Matthew Jewell

Subject: Zoning Case #: C14-2013-0083

I have owned and occupied my office space located @ 2401 E. 6th St. for over 9 years. I also grew up in this town and have witnessed the severe and often unfortunate growth of this town.

I received the Notice of Filing of Application for a Neighborhood Amendment for the location @ 2416 E. 6th St.

I **STRONGLY** oppose this proposed rezoning request for several reasons:

1. MF-6 zoning does not allow for any commercial use. This development **MUST** have a commercial component associated with it in order to revitalize this part of town the right way. We need businesses to generate foot traffic and income. I would consider supporting CS-MU if planned the appropriate way.
2. Parking has become a real problem. Developers have found loop holes around providing adequate parking for tenants and residents and The City has chosen not to enforce required parking in the downtown areas in hopes of creating a walkable/cycle heavy city. Bottom line: A sufficient and adequate parking structure needs to be considered as well.
3. I do not support a high rise development over 3 stories and furthermore, do not want to see another high rise luxury condo development go up, especially in our neighborhood. This is an area that for generations, was neglected by The City of Austin. It has always had lower income families. We need to be sensitive to mixed incomes and I would hope that anything proposed for this location would consider mixed incomes. It is bad enough what is happening to this town.

Thank you,

Dear Mayor and Council,

I'm a huge believer in the vitality Of cities and mixed uses are great ways to support it. I started my own business here because Austin is so livable.

I am a resident living in East Austin. The property near my home, formerly Balcones Recycling, will be coming before you for a zoning change. The developers are seeking a zoning change that flies in the face of good urban infill development. Specifically, the developers are asking for MF6 zoning which does not allow a mixed-use development with ground-level commercial uses. Further, the developers do not want to follow the City of Austin's Great Streets Ordinance, as was done across the street at Pedernales Lofts. The proper zoning for this site would be CS-MU with an additional requirement of the Great Streets Ordinance. Please support those of us who moved here with the vision of building a strong, walkable, mixed-use, urban neighborhood by requiring the developers of the Balcones Recycling tract to follow the Great Streets Ordinance and to build a mixed-use development with commercial uses on the ground floor, utilizing CS-MU zoning. Thank you for your consideration.

Subject: 2416 E 6th St.

Maureen and Heather,

I live in the Pedernales Lofts across the street from 2416 E. 6th St., and am writing you both to:

- 1) express my **support** for Case NPA-2013-0010-01 to change the FLUM for the property to Mixed Use and
- 2) express my **opposition** to Case C14-2013-0083 seeking to rezone the property as MF-6-CO-NP.

I am in agreement with the condo board of the Pedernales Lofts that the appropriate zoning designation for the property is Mixed Use to allow ground level retail. As a result, I support the FLUM change but oppose the zoning proposal.

Please feel free to contact me or my husband, Phil Waldorf (cc'd) with any questions.

Best,
Dylan Siegler

Hi Heather.

I am a resident at 2124 E 6th St and hear the old Balcones Recycling tract is up for rezoning. I would support the project if it considered CS-MU zoning that followed the Great Streets Ordinance and if the 6th St frontage was comprised of ground floor commercial uses rather than ground floor residential. Just wanted to add my two cents.

Thanks.
Lizzy

Subject: Case number C14-2013-0083

Dear Ms. Chaffin,

As a resident of the building at 2401 E. 6th Street, I am writing to inform you of my opposition to the rezoning request made for a project to be built in the former Balcones recycling plant. I am particularly interested in the street and neighborhood continuing to develop density but also a diversity of uses that will contribute to neighborhood vitality.

I would support the project if it considers CS-MU zoning in lieu of MF6 and if the 6th Street units are designed primarily of ground-floor commercial uses. It will only enhance the neighborhood and increase its urban character if residents have more opportunities to work and shop in close proximity to where they live. I can imagine also the future residents of this new development would also find living there even more appealing with the kinds of small businesses that are part of the Pedernales development. When I decided to move to the Pedernales, it was important to know that I could walk and bike to local businesses and services without owning a car.

Thanks in advance for taking my views into consideration in relation to this rezoning request.

Regards,

Todd Savage

Subject: Comment on C14-2013-0083

Ms. Chaffin,

I write today to express my opinion on the proposed rezoning contained in C14-2013-0083. I live on 2124 E. 6th Street, one block west of the proposed apartment site. I attended the community meeting on Wednesday at the local public library.

Let me say that I think everyone wants to have that section rezoned to something other than "industrial." However, in listening to the comments at the meeting, it is clear that there are several concerns with the proposal to rezone that area to "MF6", which appears to be multi-family only.

First, there was some concern that the developer would not follow the Great Streets Ordinance which would allow for a great deal of walkability in the neighborhood. As a student of public health and a resident of the neighborhood, I can say that it is vital that the developer be required to build walkways exactly as they were built for all the new properties in the area (i.e., The Pedernales across the street). The developer indicated at the meeting that they would in build sidewalks in compliance with the Great Streets Ordinance and I would like to confirm that they must, in fact, do so.

Second, many residents are concerned about the effect of 361 apartments being built on a street that already has a traffic issue. Frankly, that does sound like a great deal of auto traffic to add to a two lane street with a school just down the same block.

Third, and this seems to be the area of most contention, the proposed rezoning to MF6 does not allow for any commercial/mixed use in that property. The developer stated that it would be difficult to receive funding for such a development at this time due to a lack of consumer demand. I believe that if the developer believes there is demand for 361 units in that area, naturally, a demand for retail and restaurants follows. There was discussion about rezoning to "VMU" which, as I understand it, would require that the ground floor units be built to commercial standards but that they could be used as either commercial or residential.

I believe that the area should be rezoned, but to either VMU or CS-MU, with the latter being preferable.

Thank you for the opportunity to comment.

Sincerely,

Charles Greenberg

Subject: Re: Refer to case number C14-2013-0083

Dear Maureen and Heather,

In reference to the above rezoning. I bought in the Pederanles Lofts before it was even completed. I moved in with great hopes of seeing East Austin maintain the vision of new residents and old making a great area better.

The new zoning I believe will not allow first floor commerical business, which I would like being a resident here. Following suit to what is mostly happening in the zoning from the 2124 loft projects, ESTE and Pedernales Lofts I hope it can be zoned the same way.

I oppose the proposed rezoning request but would support the project if it considered CS-MU zoning in lieu of MF6 and if the 6th street frontage was comprised of ground floor commercial uses rather than ground floor residential.

In addition, our developers, Perry Lorenz and Larry Warshaw, at Pedernales Lofts also did two other condo projects/mixed use a block away from us. The ESTE and 2124, which are mixed use following the vision of this end of 6th st. I would think those owners would want the same vision, we probably need to bring those HOA's on board to discuss as it will affect them.

Another thing is the traffic on 6th already. If you have driven down here especially on the weekends, it is a hazard with all the pedestrians, cyclist at night and the narrow streets and not adequate parking.

An huge apartment complex will only compound all these problems.

Best
Melissa

Subject: Case #14-2013-0083 - Zoning Variance

Hi, Heather –

I would like to voice my concern over the proposed re-zoning request for the old Balcones recycling site on E. 6th Street. I own a condominium across the street at 2401 E. 6th Street and have had this condo since before the neighborhood began adding the exciting developments that are now occurring throughout the neighborhood. I am concerned that the proposed building will not be a mixed use, low-rise structure in keeping with the nature of the redevelopment of our East Austin neighborhood.

I have no problem with a building that adheres to the current zoning – CS-MU, rather than the requested variance to MF-6 , and if the ground floor facing 6th street of this development will accommodate commercial uses rather than residential.

I will not be able to attend tonight's meeting, but I sincerely hope my concerns will be noted.

Debbie Goldgar, owner
2401 E. Sixth Street, Unit 5079

Subject: Opposition to Proposed rezoning in case #C14-2013-0083

Hi Heather,

I believe there is a meeting tonight regarding the zoning of the Balcones Recycling property directly across the street from my business at 2401 E. 6th St. It is case number **C14-2013-0083**.

I am not able to attend this evening's meeting, but wanted to speak up about the project as it directly affects our neighborhood and my business. As I understand it, MF-6 zoning does not allow for commercial ground floor uses, which are vital to the success and vibrancy of our street. CS-MU zoning would be much better (and is the zoning the Pedernales lofts are built under). The original residents and businesses of the Pedernales, of which I am one, have waited patiently for 8 years as this part of East Austin has turned into an exciting, revitalized part of town. The businesses and residents here want new businesses to add to this growing urban area.

This development is trying to avoid any variances. I understand that the developers would like to build it quickly, but those of us who are going to have to live with the result would like to see something that offers more than just residences--new live work/commercial office or restaurant uses.

Additionally, it is important to note that the project can be built to 60' tall or 5 stories. The Pedernales end is limited to 3 stories or 40' due to neighborhood compatibility.

We would like a superior (and smarter) development as our neighbor on E. 6th, not something just thrown up quickly without consideration of what is best for the neighborhood. **I oppose the proposed rezoning request but would support the project if it considered CS-MU zoning in lieu of MF6 and if the 6th street frontage was comprised of ground floor commercial uses rather than ground floor residential.**

Thank you for this opportunity to voice my opinion.

Sincerely,

Jennifer Seay

Subject: Case #C14-2013-0083

Heather -

I am a resident & owner in the TwentyOne24 development (at 2124 E 6th St). I recently received in the mail a notice of filing for an application of rezoning, case number C14-2013-0083.

I don't claim to be an expert in zoning regulations, nor am I a building developer or any other sort of relevant expert, but I do follow Austin's development. I love this city. I love that the area I live in is quickly developing into what is the true desire of many people in my age group -- a walk-able area with access to everything I need. I appreciate the need to enhance the residential density of new development, but in order to keep up with the feel of the neighborhood and many other initiatives in Austin (including the "Great Streets" initiative), I would not like to see Case C14-2013-0083 go through as proposed.

My understanding of the rezoning as stated here is that it would not allow for first floor commercial businesses. However, I would wager that these commercial developments are exactly the draw of living in East Austin. In my building and buildings nearby we have everything from Hair Salons, to restaurants & cafes, to local businesses. All of these bring more jobs, more interest, and more mixed-use to our area. I'd like to see the same continue. If this development considered the same zoning regulations that my building and others are categorized as - **CS-MU** zoning, I would support this project.

Help us continue to bring local businesses, culture, and growth to East Austin. Thank you for your consideration.

Ryan Wagner

Subject: Zoning request Case number C14-2013-0083

Hello Ms. Chaffin,

I am writing to voice my opposition to the proposed rezoning request for the property near my condo - the former Balcones Recycling property in East Austin. The developers are seeking a rezoning change to MF6, which would not allow a mixed-use development with ground level commercial use. They also do not want to follow the City of Austin's Great Streets Ordinance. I would support the project if it was CS-MU zoned with ground floor commercial space and followed the Great Streets Ordinance.

Ground floor commercial use is vital to creating pedestrian-friendly, vibrant streets and is the smarter choice for urban infill development.

Warm regards,

Emily

Dear Mayor and Council,

I am a resident living in East Austin. The property near my home, formerly Balcones Recycling, will be coming before you for a zoning change. The developers are seeking a zoning change that flies in the face of good urban infill development. Specifically, the developers are asking for MF6 zoning which does not allow a mixed-use development with ground-level commercial uses. Further, the developers do not want to follow the City of Austin's Great Streets Ordinance, as was done across the street at Pedernales Lofts. The proper zoning for this site would be CS-MU with an additional requirement of the Great Streets Ordinance. Please support those of us who moved here with the vision of building a strong, walkable, mixed-use, urban neighborhood by requiring the developers of the Balcones Recycling tract to follow the Great Streets Ordinance and to build a mixed-use development with commercial uses on the ground floor, utilizing CS-MU zoning. Thank you for your consideration.

Dear Heather,

I am an owner of The Pedernales Work and Play Lofts directly across the street from the property located at 2416 East 6th Street (old Balcones recycling). I received a community meeting notice in the mail of the proposed amendment and zoning change application NPA-2013-0010.01.

I will be at the meeting and am also writing as I **oppose the proposed rezoning request**. However, I would support the project if it considered CS-MU zoning in lieu of MF6 and if the 6th street frontage was compromised of ground floor commercial uses rather than ground floor residential.

MF-6 zoning does not allow for commercial ground floor areas. I believe this is vital to the success and vibrancy of our street. CS-MU zoning would be much better (and is the zoning The Pedernales lofts are built under).

This development is trying to avoid any variances, which is smart if you really want to build fast. Sadly, this would be at the cost of our neighborhood maturing with the addition of new live work/commercial office or restaurant uses.

Additionally, it is important to note that the project can be built to 60' tall of 5 stories. The Pedernales end is limited to 3 stories or 40' due to neighborhood compatibility.

I would hope we have the opportunity to demand a superior (and smarter) development.

Thank You,

Subject: Case number C14-2013-0083, Balconies Recycling lot, 6th and Pedernales

Dear Heather Chaffin,

I own one of the Pedernales Lofts condos right across the street from the former Balcones Recycling plant at 6th and Pedernales. My unit overlooks that site, and so anything that is built there will impact me directly.

I understand the developers have asked for MF6 zoning, are not intending to build ground floor commercial spaces, and also plan to build five stories high - much higher than anything else in that neighborhood. I do not support that rezoning. If I'm going to have to look straight across the street into somebody else's windows when I sit on my balcony now, at least give me some street level businesses that would improve the amenities in that neighborhood. Mixed use zoning would be much better than residential only. I personally would also prefer that the building stays the height it is now so I don't have to look in my neighbor's windows, but failing that, five stories is a behemoth that will significantly uglyfy the street and my life.

The Pedernales Lofts are three stories and that would be a more sympathetic height limit.

I understand there is a zoning meeting on August 7. I'm out of town on August 7th and so won't be at the meeting, but please consider this as the input I would give if I were there.

Thank you,
Julie Unruh

Heather,

I am a property owner at Pedernales Condominiums.

This email is in regards to case number C14-2013-0083.

Zoning the old Balcones recycling site as MF-6 is not in the best interest for the area. CS-MU is much more appropriate.

Major concerns are not permitting commercial use on ground floors and the maximum building height of 5 stories/60 feet, which is NOT compatible with the neighborhood. Pedernales was limited to 3 stories/40 feet.

Please make note of my strong disagreement with the MF-6 zoning for the above case number.

Subject: Case # C14-2013-0083 / NPA-2013-0010.01

Ms. Chaffin:

I have a question, and several concerns, about the above case numbers. As the area of East Sixth continues to grow the traffic, congestion, speeding cars, drunk business customers, noise, transient residents, and crime soars. I am concerned about the vacant business across the street from my home becoming a massive congestion and noise nightmare. This property is directly across the street from where I live, sleep, and study. I am concerned about the firm requesting these changes as they have a history of building the most densely packed residential and commercial spaces I've encountered.

I do not want this property to become another drain on resources and quiet in the area. The business that formerly existed on this property opened early, had almost no outside customer visits, closed early daily, wasn't open on weekends, and was closed on holidays. Having a densely packed residential and commercial property developed on that land will mean many months, if not a year, of construction dust, noise, traffic, and disruptions - ALL before any occupants move in.

I opposed the zoning change. Please let me know what steps follow next.

Thank you,
B. Wilson

I made a mistake! I misread the case number in the email you sent so some of the information I sent does not apply. However, most of it does apply. I

First, the case has NOT been scheduled for Planning Commission or City Council at all yet. We will send notices out when those meetings are scheduled. The project was filed very recently, and staff has just begun the review process. Maureen will coordinate the NPA meeting in your area, and I will handle the zoning case management.

I've highlighted the portions of the previous email (below) that are still relevant, and marked through the irrelevant sections. I apologize for the confusion!

Re: C14-2013-0083

I do not support the attached rezoning application for the old Balcones recycling site. I would support the project if it considered CS-MU zoning in lieu of MF6 and if the 6th street frontage was comprised of ground floor commercial uses rather than ground floor residential.

Thanks,
Amy Wilson

Subject: Refer to case number C14-2013-0083

Dear Heather,

In reference to the above rezoning. I bought in the Pederanles Lofts before it was even completed. I moved in with great hopes of seeing East Austin maintain the vision of new residents and old making a great area better.

The new zoning I believe will not allow first floor commerical business, which I would like being a resident here. Following suit to what is mostly happening in the zoning from the 2124 loft projects, ESTE and Pedernales Lofts I hope it can be zoned the same way.

I oppose the proposed rezoning request but would support the project if it considered CS-MU zoning in lieu of MF6 and if the 6th street frontage was comprised of ground floor commercial uses rather than ground floor residential.

Subject: Re: Case Number C14-2013-0083

Greetings,

I am writing to express my opposition to the chosen MF-6 zoning of the new development being constructed at the old Balcones recycling site. I believe that MF-6 zoning of this building will not be conducive to the success and vibrance of this area of 6th St and I strongly oppose it.

As a resident and neighbor, I will support the project under the CS-MU zoning designation enjoyed by several of the adjacent communities. CS-MU zoning allows for ground floor commercial use rather than ground floor residential only. Ground floor commercial use is a significant part of what generates foot traffic and keeps this part of 6th street vibrant. I ask that you please consider CS-MU zoning in lieu of MF-6.

Thank you,

--Jason

Subject: Case C14-2013-0083 - Rezoning Balcones recycling center

Howdy --

I own a Pedernales condominium unit (#3044) directly across the street from the Balcones recycling center. I'm thrilled to see more high-density development in the area, but simultaneously concerned to hear that the proposed zoning does not allow commercial use on the ground floor.

Mixed-use development has worked well for the Pedernales -- it increases the amount of business which can be done without any travel needed for either customers or employees -- and having additional mixed-use development in walking distance amplifies that effect.

Doing the new development under the same rules as the Pedernales -- CS-MU -- is the right thing for the neighborhood long-term. Please register my opposition to MF-6 zoning for this new development, and my support for CS-MU with ground-floor commercial use along 6th street.

Thank you for your time and consideration,

-- Charles Duffy

Hi Heather,

I'd like to express my opposition to MF-6 zoning for 2416 E 6th Street. I live and own property across the street at 2401 E 6th Street.

I would be happy to support CS-MU instead, with ground-floor commercial space. It's important for our community to grow in a way that improves the quality of life and vibrancy of the neighborhood (through commercial and restaurant space), rather than maximizing the density of residential units.

Please feel free to email me or call me anytime at 512-809-5239 if you'd like to discuss, and thank you very much for your consideration!

Hello Ms. Chaffin,

I am writing to object to the rezoning request for 2416 E. 6th St. to MF-6 zoning. That lot should instead be zoned CS-MU and the 6th St. frontage used for ground floor commercial uses, similar to the Pedernales Lofts property across the street where my husband and I own our home. This is imperative to build the economic success and walkability of this urban neighborhood.

Thank you for your consideration,

Subject: Opposing rezone of 2416 E 6th st.

Hello Heather,

My name is Brad Pauly, I am a local real estate Broker and east side property owner. I've owned and operated my business for 9 years on E 6th st. directly across from the subject property. In my opinion, rezoning the the property to MF-6 at 2416 E 6th st. is the wrong direction for the street, the neighborhood, and the city.

I feel that the property owners are looking for a MF-6 rezone as apposed to a CS-MU-NP because it is more cost affective for their investors. They don't live and work on the east side and don't care how it affects the neighborhood, only their bottom line.

If the city is truly trying to create urban density in the urban core, businesses are just as important in the neighborhood design. Thank you for taking my opinion into account when the council meets.

regards,

-Brad

Sent: Friday, August 02, 2013 9:23 AM
To: Chaffin, Heather
Subject: Zoning Case #: C14-2013-0083

I have owned and occupied my office space located @ 2401 E. 6th St. for over 9 years. I also grew up in this town and have witnessed the severe and often unfortunate growth of this town.

I received the Notice of Filing of Application for a Neighborhood Amendment for the location @ 2416 E. 6th St.

I **STRONGLY** oppose this proposed rezoning request for several reasons:

1. MF-6 zoning does not allow for any commercial use. This development MUST have a commercial component associated with it in order to revitalize this part of town the right way. We need businesses to generate foot traffic and income. I would consider supporting CS-MU if planned the appropriate way.
2. Parking has become a real problem. Developers have found loop holes around providing adequate parking for tenants and residents and The City has chosen not to enforce required parking in the downtown areas in hopes of creating a walkable/cycle heavy city. Bottom line: A sufficient and adequate parking structure needs to be considered as well.
3. I do not support a high rise development over 3 stories and furthermore, do not want to see another high rise luxury condo development go up, especially in our neighborhood. This is an area that for generations, was neglected by The City of Austin. It has always had lower income families. We need to be sensitive to mixed incomes and I would hope that anything proposed for this location would consider mixed incomes. It is bad enough what is happening to this town.

Sent: Friday, August 02, 2013 2:27 PM
To: Chaffin, Heather
Cc: Meredith, Maureen
Subject: in reference to case number C-14-2013-0083

Dear Heather,

I am an owner of The Pedernales Work and Play Lofts directly across the street from the property located at 2416 East 6th Street (old Balcones recycling). I received a community meeting notice in the mail of the proposed amendment and zoning change application NPA-2013-0010.01.

I will be at the meeting and am also writing as I **oppose** the **proposed rezoning request**. However, I would support the project if it considered CS-MU zoning in lieu of MF6 and if the 6th street frontage was compromised of ground floor commercial uses rather than ground floor residential.

MF-6 zoning does not allow for commercial ground floor areas. I believe this is vital to the success and vibrancy of our street. CS-MU zoning would be much better (and is the zoning The Pedernales lofts are built under).

This development is trying to avoid any variances, which is smart if you really want to build fast. Sadly, this would be at the cost of our neighborhood maturing with the addition of new live work/commercial office or restaurant uses.

Additionally, it is important to note that the project can be built to 60' tall of 5 stories. The Pedernales end is limited to 3 stories or 40' due to neighborhood compatibility.

I would hope we have the opportunity to demand a superior (and smarter) development.

Thank You,

Debra B. Hagen

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

www.austintexas.gov

Comments: Object to residential only; strongly encourage mixed-use. Extremely strongly object to increasing height limits - way out of line with existing structures.
Note: mixed-use will increase the vitality of the neighborhood. Giant residential only will kill it. Numerous city-planning studies support mixed-use to improve livability.

EXHIBIT D

ORDINANCE NO. 030612-Z-13

AN ORDINANCE AMENDING ORDINANCE NO. 011213-44, AND REZONING AND CHANGING THE ZONING MAP TO ADD A NEIGHBORHOOD PLAN COMBINING DISTRICT TO THE BASE ZONING DISTRICT ON FIFTEEN TRACTS OF LAND IN THE HOLLY NEIGHBORHOOD PLAN AREA AND TO CHANGE THE BASE ZONING DISTRICTS ON THESE TRACTS OF LAND.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. Ordinance No. 011213-44 is amended to include the property identified in this Part in the Holly neighborhood plan combining district. The zoning map established by Section 25-2-191 of the City Code is amended to add a neighborhood plan (NP) combining district to each base zoning district and to change the base districts on fifteen tracts of land described in File C14-01-0166.002a, as follows:

From commercial-liquor sales (CS-1) district to general commercial services-mixed use-conditional overlay-neighborhood plan (CS-MU-CO-NP) combining district.

613 Chicon St. (Tract 0)

From limited industrial services (LI) district to general commercial services-mixed use-conditional overlay-neighborhood plan (CS-MU-CO-NP) combining district.

1902 East 6th St. (Tract 1)

1914 East 6th St. (Tract 2)

2000 East 6th St. (Tract 3)

2010 East 6th St. (Tract 4)

2100 East 6th St. (Tract 5)

2118 East 6th St. (Tract 6)

2201 Hidalgo St. (Tract 7)

2200 East 6th St. (Tract 11)

0 East 6th St.; 0.236 ac Blk 1, Olt 9, Blk 2, Olt 10, Div A, City of Austin (Tract 12)

505 Robert Martinez, Jr. St. (Tract 15)

0 East 5th St.; 2.244 ac Blk 3, Olt 10, Blk 4, Olt 9 H&TC Addition (Tract 17)

501 Pedernales St. (Tract 19); and

From limited industrial services (LI) district to limited industrial services-conditional overlay-neighborhood plan (LI-CO-NP) combining district.

2416 East 6th St. (Tract 13)
2615 East 6th St. (Tract 20);
(the "Property")

generally known as the Holly neighborhood plan (NP) combining district, locally known as the property bounded by 7th Street on the north, Pleasant Valley Road on the east, Chicon Street on the west and Town Lake on the south, in the City of Austin, Travis County, Texas, and generally identified in Exhibit "A".

PART 2. The Property is subject to Ordinance No. 011213-44 that established the Holly neighborhood plan combining district.

PART 3. Tracts 0, 1, 2, 3, 4, 5, 6, 7, 11, 12, 15, 17, and 19 may be developed as a neighborhood mixed use building special use as set forth in Sections 25-2-1502 through 25-2-1504 of the City Code.

PART 4. The Property within the boundaries of the conditional overlay combining district established by this ordinance is subject to the following conditions.

1. The following uses are prohibited uses of Tract 13:

Campground	Convenience storage
Exterminating services	Hotel-motel
Kennels	Liquor sales
Pawn shop services	Resource extraction
Scrap and salvage	Service station
Telecommunication tower	Vehicle storage

2. The following uses are conditional uses of Tract 13:

Automotive washing (of any type)	Commercial off-street parking
Indoor entertainment	Indoor sports and recreation

3. The following uses are prohibited uses of Tract 20:

Basic industry
Residential treatment
General warehousing and distribution
Resource extraction

Liquor sales
Scrap and salvage
Recycling center

4. The following uses are prohibited uses of Tracts 0, 1, 2, 3, 4, 5, 6, 7, 11, 12, 15, 17, and 19:

Adult oriented businesses
Convenience storage
Kennels

Campground
Exterminating services
Pawn shop services

5. The following uses are conditional uses of Tracts 0, 1, 2, 3, 4, 5, 6, 7, 11, 12, 15, 17, and 19:

Automotive washing (of any type)

Commercial off-street parking

Except as specifically restricted under this ordinance, the Property may be developed and used in accordance with the regulations established for the respective base districts and other applicable requirements of the City Code.

PART 5. The Council waives the requirements of Section 2-2-3 and 2-2-7 of the City Code for this ordinance.

PART 6. This ordinance takes effect on June 23, 2003.

Sent: Friday, November 22, 2013 3:40 PM
To: Chaffin, Heather
Cc: Whellan, Michael
Subject: Balcones Recycling Site- 2416 E. 6th St.

Yes, thanks for postponing.

Per our discussion, on behalf of the applicant 2416 East Sixth Street LP, this email will serve as a request to have the property rezoned to the staff recommended land use of general commercial service-vertical mixed use-conditional overlay-neighborhood plan (CS-V-CO-NP). As set forth with specificity below, the applicant would proposed the following conditional overlay --

Prohibit the following land uses:

- Campground
- Kennels
- Convenience storage
- Vehicle storage
- Service station
- Adult oriented businesses
- Exterminating services
- Pawn shop services
- Alternative financial services
- Bail bond services
- Commercial blood plasma center

Allow the following conditional land uses:

- Automotive washing (of any type)

Finally, the applicant agrees that development of the property will be subject to the terms and requirements of a Traffic Impact Analysis (TIA) which will be recorded in a public restrictive covenant.

Please let me know if you need anything further as we proceed.

Thank you.

Michael Whellan.

Subject: please confirm

As we discussed, the zoning case for 2416 E. 6th Street will be postponed from December 10, 2013, Planning Commission to January 14, 2014. This will allow time for your Applicant to revise the request from MF-6-NP to CS-V-CO-NP.

Subject: Balcones Recycling Site - Postponement Request

I just left you a voice mail as well.

The Applicant requests a postponement until October 22, 2013 (Planning Commission), and postponement at City Council to November 21, 2013.

I am copying on this email representatives from various organizations that we have met with, so they can circulate this email to their constituents. We will be following-up with all the organizations in the next few weeks.

Thanks.

MJW.

Date: January 8th, 2014
To: Heather Chaffin, Case Manager
CC: Leslie D. Pollack, P.E., HDR
Reference: TIA Final Memo C14-2013-0083 (East 6th Balcones)

The proposed East 6th Balcones redevelopment of 4.061 acres is bounded by Hidalgo Street on the north, Pedernales Street on the east, E. 6th Street on the south, and the Capital Metro Red Line on the west. The site is currently zoned LI-CO-NP, and the applicant is requesting to rezone the property to CS-V-MU. The proposed development will consist of apartments, retail, and a restaurant and will be accessed by a driveway on Hidalgo Street and a driveway on E. 6th Street. The proposed development is anticipated to be completed in 2016.

The Transportation Review Section has reviewed the Traffic Impact Analysis for the East 6th Balcones project dated October 23rd, 2013 prepared by Leslie D. Pollack, P.E. of HDR and offer following comments:

TRIP GENERATION

Based on the standard trip generation rates established by the Institute of Transportation Engineers (ITE), the development will generate approximately 5,230 unadjusted average daily trips (ADT) and 4,367 adjusted ADT upon build out. The table below shows the adjusted trip generation by land uses for the proposed development.

SUMMARY OF ADJUSTED DAILY AND PEAK HOUR TRIPS						
Proposed Land Use	Size (SF)	24-Hour Volume	AM Peak Hour		PM Peak Hour	
			Enter	Exit	Enter	Exit
Apartment	365 DU	2,218	35	139	135	72
Shopping Center	20,000 SF	1,807	34	21	55	60
High-Turnover (Sit-Down) Restaurant	4,000 SF	342	21	16	12	8
Project Total		4,367	90	176	202	140

ASSUMPTIONS

1. A transit reduction of five percent was assumed for all site-generated trips, during each peak period.

2. A 43 % PM pass-by trip reduction was assumed for the restaurant and 34% PM pass-by trip reduction for the shopping center.
3. A 10% internal trip reduction was assumed for both the restaurant and shopping center.
4. A 3% annual growth rate was assumed for this project.

EXISTING AND PLANNED ROADWAYS

E. 5th Street: E. 5th Street is currently a 2-lane undivided collector which provides east-west movements in the south of the project. There are no planned improvements for 5th Street. City of Austin 2010 traffic counts on 5th Street, west of Pedernales Street, recorded approximately 1,500 vehicles per day (vpd). E. 5th Street is identified in the 2009 Bicycle Plan Update as serving route 154 with an existing Shared Lane and recommended Bike Boulevard.

E. 6th Street: E. 6th Street is currently classified as a 2-lane undivided collector which provides east-west movements south of the project. There are no planned improvements for 6th Street. City of Austin 2010 traffic counts on 6th Street, west of Robert Martinez Jr. Street, recorded approximately 6,500 vpd.

E. 7th Street: E. 7th Street is currently classified as a 4-lane major divided arterial (MAD 4) providing east-west movements north of the project. E. 7th Street is also considered a Core Transit Corridor. City of Austin 2010 traffic counts on 7th Street, east of Pedernales Street, recorded approximately 14,900 vpd. E. 7th Street is identified in the 2009 Bicycle Plan Update as serving route 52 with an existing Shared Lane and recommended Bike Lane.

Hidalgo Street: Hidalgo Street is currently a 2-lane undivided local street which provides east-west movements in the north of the project. There are no planned improvements for Hidalgo Street. Based on a review of peak period traffic counts obtained by HDR on Hidalgo Street, east of Pedernales Street, the estimated average daily traffic (ADT) along West Avenue is 200 vpd.

Robert Martinez Jr. Street: Robert Martinez Jr. Street is currently classified as a 2-lane undivided collector which provides north-south movements west of the project. There are no planned improvements for Robert Martinez Jr. Street. City of Austin 2010 traffic counts on Robert Martinez Jr. Street, north of E. 6th Street, recorded approximately 4,400 vpd. Robert Martinez Jr. Street is identified in the 2009 Bicycle Plan Update as serving route 355 with an existing Wide Curb and recommended Bike Lane.

Pedernales Street: Pedernales Street is currently classified as a 2-lane undivided collector which provides north-south movements east of the project. There are no planned improvements for Pedernales Street. City of Austin 2010 traffic counts on Pedernales Street, south of E. 7th Street, recorded approximately 4,900 vpd. Pedernales Street is identified in the 2009 Bicycle Plan Update as serving routes 959 and 159 with an existing cycle tracks.

INTERSECTION LEVEL OF SERVICE (LOS)

The TIA analyzed the five (5) existing intersections and two (2) Proposed Site Driveways (Driveway B being the fourth approach to an existing intersection at 7th Street and West Avenue). The results are summarized in the table below:

INTERSECTION LEVEL OF SERVICE						
Intersection	2013 Existing LOS		2016 Forecasted LOS		2016 Site+ Forecasted LOS	
	AM	PM	AM	PM	AM	PM
Pedernales Street and E. 7 th Street	C	C	C	C	C	C
Robert Martinez Jr. Street and E. 6 th Street	A	B	B	B	B	B
Pedernales Street and E. 6 th Street	A	A	A	B	A	B
Pedernales Street and Hidalgo Street	A	B	A	B	B	B
Pedernales Street and E. 5 th Street	B	B	B	B	B	B
Driveway A and Hidalgo Street					A	A
Driveway B and E. 6 th Street					B	B

RECOMMENDATIONS

The intersection operates at an acceptable level of service upon build-out, therefore no improvements are recommended at this time.

1. City of Austin Transportation Department has approved the TIA.
2. Development of this property should be limited to uses and intensities which will not exceed or vary from the projected traffic conditions assumed in the TIA, including peak hour trip generations, traffic distribution, roadway conditions, and other traffic related characteristics.

If you have any questions or require additional information, please contact me at 974-6420.

Caleb Gutshall
Senior Planner
LUR Division, Planning and Development Review Dept.

EDUCATIONAL IMPACT STATEMENT

Prepared for the City of Austin

Austin Independent
School District

IMPACT ON SCHOOLS

At a rate of 0.2 students per unit, the proposed 363 unit multifamily project is projected to add approximately 73 students over all grade levels to the current projected student population. It is estimated that of the 73 students, 36 will be assigned to Zavala Elementary School, 16 to Martin Middle School, and 21 to Eastside Memorial High School.

Zavala and Eastside Memorial will have enough permanent capacity to accommodate the additional student population.

The permanent capacity at Martin Middle School would not be able to accommodate the additional student population; however, approximately 45% of Martin's student population is enrolled at another AISD school through transfers or choice options. The estimated 16 students at Martin would increase the percent of functional capacity (by enrollment) to 59%, still well below the desired target range.

TRANSPORTATION IMPACT

Two of the schools, Zavala ES and Martin MS are within 2 miles of the proposed development; therefore students would not qualify for transportation unless a hazardous route condition was identified. Students attending Eastside Memorial High School would qualify for bus transportation, however, the small number of students projected at the high school level for the proposed development should not impact the number of bus routes.

SAFETY IMPACT

There are no safety concerns identified at this time.
