RELATED CASE: C814-88-0001.10 – Canyons at Rob Roy Rezoning (also known as Davenport Ranch West P.U.D.)

DEPARTMENT COMMENTS:

The site is located at 800 North Capital of Texas Highway and is currently undeveloped. The property is part of the Davenport Ranch West Planned Unit Development (PUD) that was approved by ordinance number 890202-B on February 2, 1989. In addition to the PUD ordinance, there was a Public Restrictive Covenant associated with the zoning case that was filed for record at the Travis County Courthouse in Volume 10909, Pages 1601-1616. The Davenport Ranch West PUD consists of approximately 113.46 acres. This tract is known as Lot A-1, Tract D, Section 1 of the Davenport Ranch West PUD. The site is currently designed as "office" under the Davenport Ranch West PUD. The applicant proposes to amend the PUD to allow multifamily residential use of the Property in accordance with multifamily residence low density "MF-2" zoning district. The applicant's proposal will consist of a maximum of 245 dwelling units with structured parking on 16.29 acres. The project will comply with the height and impervious cover allowances for the Property as originally proposed and shown on the land use plan. The staff is recommending approval of the change in land use since the proposed "multifamily" use is a less intense use than an "office" use as well as an overall vehicle trip reduction with the proposed "multifamily" use. In order to change the PUD Land Use Plan, the applicant must also amend the Restrictive Covenant that accompanies the PUD amendment case. In particular, the Restrictive Covenant at the bottom of page 4 under Section 1.10, only references "single family uses". The applicant is requesting that the Restrictive Covenant be amended to include the sentence "Lot 1-A shall be developed as a multifamily use" in Section 1.10. Additionally on the last page, in Exhibit "B", "Block A, Lot 1" needs to be eliminated from "Limited Office Uses" and added to "Multifamily Uses".

WHEREAS, Davenport Limited, a Texas limited partnership ("Declarant"), is the owner of approximately 113.5 acres of land in Travis County, Texas, being more fully described in Exhibit A attached hereto and incorporated herein by reference (the "Property"); and

WHEREAS, Declarant, its successors or assigns, intends to develop the Property and has agreed to impose certain restrictions and covenants on such development in order to assure its compatibility with other existing and planned development for the area; and

WHEREAS, the City of Austin, Texas (the "City") and Declarant have agreed that the Property should be impressed with certain covenants and restrictions running with the land and desire to set forth such agreements in writing;

NOW, THEREFORE, Declarant, for and in consideration of One and No/100 Dollars (\$1.00) and other good and valuable consideration in hand paid by the City, the sufficiency and receipt of which are hereby acknowledged, does hereby agree with respect to the Property, such agreement to be deemed and considered as a covenant running with the land for the benefit of the City, and which shall be binding upon Declarant, its successors and assigns, to wit:

ARTICLE I.

Land Use and Site Development Standards

1.01 The Property is part of Davenport Ranch West Planned Unit Development described and included as part of City of Austin Case No. CB14-88-0001 (the "PUD"). The PUD is schematically represented as separate tracts ("Tracts") within the Property and

certain oil and land on the conceptual site plans (the "Concept Plans") submitted as part of the PUD, which Concept Plans (and all other materials in the above referenced City of Austin Case) are incorporated herein. The development contemplated on the Concept Plans will be phased over a number of years. Nothing herein shall be construed to limit or prevent the right of Declarant or Declarant's successors or assigns to amend the Concept Plans or any other provision of this Restriction, subject to the terms set forth herein and other applicable City requirements.

1.02 Nothing in this Restriction shall be construed to prohibit the exercise by the City Council of the City of its police powers and its authority under the City Charter and the laws of the State of Texas, or to limit or prevent the right of Declarant (or its successors in ownership of any portion of the land within the Property) from seeking variances under any or all of the ordinances applicable to such land. The approval of the Concept Plans for the PUD, and the zoning and land uses and the preliminary subdivision plats pertaining to the Property, shall not lapse or expire and may be modified in accordance with applicable provisions of the Code of the City of Austin and state law. Declarant shall submit a site plan for review and approval by the City, pursuant to applicable City ordinances, rules and regulations (including applicable provisions of this Restriction and ordinances approved by the City Council in connection with the PUD), prior to site development. The terms and provisions of this Restriction are intended to be consistent with the Concept Plans submitted as part of the PUD and approved by the City Council in connection with its zoning the Property as a Planned Unit Development zoning district in the above referenced City of Austin Case.

1.03 All public facilities constructed within the Property, including without limitation streets, street lights, street signs, sidewalks, water supply systems, sewerage systems, waste treatment facilities, drainage systems, and park and recreation

equipment and improvements, shall be constructed in accordance with the City's design criteria and specifications for similar facilities as applicable within the City, except as and to the extent modified by or pursuant to this Restriction; provided, however, that the Alternate Urban Standards Ordinance as in effect on September 18, 1980, shall govern as to the construction of certain streets within the Property identified on the Concept Plans. All plans and specifications for such facilities shall be submitted to and approved by the City prior to their construction. The City shall have the right to inspect the construction of the facilities and to require that the facilities be constructed in accordance with the provisions set forth herein.

1.04 The Comprehensive Watersheds Ordinance (No. 860508V, as in effect May 7, 1987) shall apply to the Property; provided, however, that on any residential portions of the Property (as identified on the Concept Plans), single family detached residential development, limited to density of one unit per two acres based on the gross site area of the residential portion of the Property and with minimum one acre lots, shall be permitted; and provided further, that the variances set forth on the Concept Plans and on the preliminary subdivision plats pertaining to the Property in the above referenced City of Austin Case and approved by the City Council in connection with the PUD are hereby confirmed.

1.05 All provisions of the Hill Country Roadway Ordinance (No. 860116-J, as in effect May 7, 1987) shall apply to the Property; provided, however, that the variances set forth on the Concept Plans and on the preliminary subdivision plats pertaining to the Property in the above referenced City of Austin Case and approved by the City Council in connection with the PUD are hereby confirmed.

1.06 All lots within the Property fronting on Loop 360 shall be subject to the access restrictions of the Hill Country Roadway Ordinance (No. 860116-J, as in effect May 7, 1987), and

direct drive; access to Loop 360 shall be permitted only as and to the extent set forth on the Concept Plans.

1.07 Critical environmental feature setbacks as set forth in the Comprehensive Watersheds Ordinance (No. 860508-V, as in effect May 7, 1987) shall be required for the Property, and shall be depicted on the subdivision plats and site plans for the Property.

1.08 Ground water discharge areas (seeps and springs, according to criteria for critical environmental features as defined by the Comprehensive Watersheds Ordinance (No. 860508-V, as in effect May 7, 1987)) shall be depicted on all subdivision plats and site plans for the Property.

1.09 The City has annexed, for the limited purpose of "Planning and Zoning", all of the Property not previously within the City's zoning jurisdiction. If any or all of the Property is disannexed in the future, or otherwise not subject to the City's zoning jurisdiction, such property so disannexed shall be developed according to City standards as if it were within the limited purpose jurisdiction of the City, as and to the extent expressly set forth in this Restriction. Declarant agrees that the Property may remain in the status of being within the jurisdiction of the City for limited purposes for forty (40) years from the effective date of this Restriction, and expressly waives the right to request and require annexation for full purposes within three (3) years of the annexation for limited purposes. The City may from time to time annex all or a portion of the Property for full purposes at any time provided that such annexations shall be in accordance with this Restriction and all statutory requirements of the State of Texas regarding annexation of territory for full purposes.

1.10 Commercial use within the Property shall be limited to the commercial portions of the Property (as identified on the Concept Plans). The remainder of the Property shall be developed for single family residential uses. *lot A-1 shall be developed as a multi-family use. Block A, lot 1*

1.11 The uses of the Property shall not be more intensive than the uses set forth on Exhibit B attached hereto and made a part hereof for all purposes. As to portions of the Property within the city limits of the City, uses shall be in accordance with the permanent zoning classifications fixed in the above referenced City of Austin Zoning Case. Development intensities as set forth on the Concept Plans and on Exhibit B may be subject to reduction on a lot by lot basis upon submittal to and review by the City of final site development permit plans containing full vegetative and tree survey information and grading plans, based on such information and plans.

1.12 (a) The total developed area of the commercial portions of each Tract within the Property shall not exceed the floor-to-area ratio ("FAR") and the impervious cover ("Impervious Cover") as set forth on the Concept Plans.

(b) The FAR or Impervious Cover may be transferred among the lots within each Tract, and on any portion of a particular Tract may exceed the limit specified for such Tract, provided that the total FAR or Impervious Cover within each Tract does not exceed the total allowable FAR or Impervious cover limits specified for such Tract on the Concept Plans. Declarant shall have the right to effectuate any such allocation of FAR or Impervious Cover within a Tract by a notice of allocation filed by Declarant in the Real Property Records of Travis County, Texas. Declarant shall deliver written notice of such allocation to the Director of the City's Planning Department or any successor agency thereto ("Planning Director"). In such event, Declarant shall have the right to receive from the Planning Director certificates verifying such allocation of FAR and/or Impervious Cover and that the affected portion(s) of Tract(s) comply with the FAR and/or Impervious Cover requirements of this Restriction. Further, in the event of an allocation of FAR and/or Impervious Cover by Declarant under the terms hereof, the allocated FAR and/or Impervious Cover may only be utilized in connection with the

designated portion of the Tract to which such allocation has been made, unless Declarant makes a reallocation of FAR and/or Impervious Cover as set forth above.

(c) The right to allocate and reallocate FAR and/or Impervious Cover hereunder is assignable in whole or in part by Declarant, but such assignment must be expressly made in writing and filed of record in the Real Property Records of Travis County, Texas, and the mere conveyance of any portion of the Property without the express transfer of the right to allocate FAR and/or Impervious Cover hereunder shall not be considered to transfer or assign any allocation rights hereunder. Further, written notice of any assignment of allocation rights hereunder must be delivered to the Planning Director before such notice of assignment shall be binding upon the City for purposes hereof.

(d) In the event FAR and/or Impervious Cover are allocated to a particular portion of any Tract under the terms hereof, the owner(s) of such portion shall have the right to allocate available FAR and/or Impervious Cover within such portion by written agreements filed with the Planning Director and in the Real Property Records of Travis County, Texas. In the event that FAR and/or Impervious Cover are allocated to a particular portion of any Tract under the terms hereof and it is subsequently determined that the actual FAR and/or Impervious Cover required for the full development of such portion is less than the FAR and/or Impervious Cover so allocated to such portion, then, subject to the limitations set forth on the Concept Plans, the unused FAR and/or Impervious Cover shall be deemed available for use by other portions of such Tract and the right to allocate or reallocate such excess FAR and/or Impervious Cover shall automatically be deemed to have reverted to Declarant or to the entity to whom Declarant has assigned the right to allocate such excess available FAR and/or Impervious Cover.

(e) Once available FAR and/or Impervious Cover has been allocated to a particular portion of any Tract under the

terms hereof, such FAR and/or Impervious Cover allocation shall be deemed to be a right running with the land which shall automatically be conveyed by the deed(s) transferring the pertinent portion unless previously reallocated as provided herein or specifically reserved in whole or in part by the owner(s) of such portion in the deed(s) conveying such portion.

1.13 The maximum height of each building within the commercial portions of each Tract within the Property shall not exceed the height set forth on the Concept Plans. This restriction shall not limit the number of stories within each building so long as the height limitation set forth on the Concept Plans is not exceeded.

1.14 Upon the approval and release of a site plan in accordance with applicable ordinances of the City of Austin as to any portion of the Property, the development proposed for such portion of the Property with respect to which such site plan has been issued shall be deemed to have complied with all terms and provisions of this Restriction.

ARTICLE II.

Water and Wastewater Services

2.01 The PUD shall receive water and wastewater services as provided and subject to the conditions set forth on the preliminary subdivision plats pertaining to the Property in the above referenced City of Austin Case.

ARTICLE III.

Miscellaneous Provisions

3.01 If any person, corporation or entity of any other character shall violate or attempt to violate the foregoing agreements and covenants, it shall be lawful for the City or Declarant, or their respective successors and assigns, to prosecute proceedings at law or in equity against said person or entity violating or attempting to violate such agreements or covenants and to prevent said person or entity from violating or attempting to violate such agreements or covenants.

3.02 The failure at any time to enforce any agreement or covenant herein by the City, Declarant, or their respective successors and assigns, whether any violation hereof is known or not, shall not constitute a waiver or estoppel of the right to do so.

3.03 Except as provided otherwise herein, this Restriction may be modified, amended or terminated only by joint action of both (a) a majority of the members of the City Council of the City of Austin, or such other governing body as may succeed the City Council of the City of Austin, and (b) by the owner(s) who is/are the owner(s) at the time of such modification, amendment or termination, of the portion(s) of the Property which is/are directly affected by the proposed modification, amendment or termination. Notice of any proposed modification shall be provided in the same manner as required by applicable City ordinances for an application for a zoning change.

Re: Canyons @ Rob Roy (C814-88-0001.10 and C814-88-0001(RCA));
Postponement Request

Dear Mr. Guernsey:

I am writing to you on behalf of our client, Rob Roy Homeowner's Association ("Client"), to formally request a postponement of the above-referenced case to the January 23, 2014 City Council hearing. A large number of my Clients (residents of Rob Roy) are abroad and are not able to attend the public hearing scheduled for December 12, 2013. This is our Client's first request for a postponement.

Thank you for your immediate attention to this matter. Please feel free to contact me if you have any questions.

Sincerely,

John M. Joseph
