| I/We Bruce Aupperle, P.E. for Aupperle Company on  
behalf of myself/ourselves as authorized agent for

| FARAHANI MANOUCHehr affirm that on February 25,  
2014,

hereby apply for a hearing before the Board of Adjustment for consideration to:

(check appropriate items below)

ERECT ATTACH COMPLETE REMODEL MAINTAIN

| to erect a bulkhead on an existing cut-in boat slip, backfill and re-vegetate

| in a LA district.  
(zoning district)

**NOTE:** The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

**VARIANCE FINDINGS:** I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

**REASONABLE USE:**

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

The owner of the property will be deprived from the use of his property in a similar manner as other property owners along the lake have been authorized, and obtained a permit to do. Without a variance the owner can not enjoy the use of his property.

---

**HARDSHIP:**

2. (a) The hardship for which the variance is requested is unique to the property in that:

A recent amendment to the process has occurred which makes the variance necessary in order to construct a bulkhead, backfill and landscape this small area.

Without a variance a continued health and safety condition will continue to exist, and the owners will not be able to re-vegetate this small area.

---

- (b) The hardship is not general to the area in which the property is located because:

Many boatslips along the lake have been redeveloped under the previous ordinance.

---

**AREA CHARACTER:**

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The proposed redevelopment is to the rear of the property and the Lake Austin Ordinance severely restricts the improvements that may be made in the shoreline setback.

**PARKING:** (Additional criteria for parking variances only.)

N/A

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

**NOTE:** The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

## **GENERAL INFORMATION FOR SUBMITTAL OF A VARIANCE REQUEST TO THE BOARD OF ADJUSTMENT**

(The following is intended to provide assistance in explaining the variance process. These suggestions are not intended to be a complete or exhaustive guide in assisting you through this process.)

### **VARIANCE REQUIREMENTS:**

#### **General Requirements:**

- A. A variance may be granted if, because of special circumstances of a property, the strict application of the Land Development Code regulations deprives the property owner of privileges that are enjoyed by another person who owns property in the area that has the same zoning designation as the property for which the variance is requested.
- B. A variance to a regulation may not grant special privileges that are inconsistent with the limitations on other properties in the area or in the district in which the property is located.

#### **SUBMITTAL REQUIREMENTS:** (Failure to complete the application or to submit all the required materials will result in non-acceptance of the application.)

- (1) A completed application indicating all variances being requested. An application must include proposed findings that will support requested variances. The required findings must address each variance being sought.
- (2) A site plan to scale indicating present and proposed construction and location and use of structures on adjacent lots.
- | (3) Check made payable to the City of Austin for the Board of Adjustment application fee. (Residential zoning - \$360. All other zonings - \$660.)
- | (4) Other Information – Although the following is not a requirement of submittal you may wish to include additional information that may assist the Board in making an informed decision regarding your request such as: photos of the site or visual aids to support the request, letters from the neighborhood association(s) etc. Any additional information you wish to submit must be in our office one week prior to the meeting. The Board will receive a packet with all information that has been submitted on the Thursday prior to the meeting.
- | (5) Austin Energy approval

Variances approved by the Board are limited to and conditioned upon the plans and specifications presented by the applicants, except as modified by the Board.
