Additional Backup Information

The request to retain a six foot encroachment of a section of a retaining wall in a 451 square foot section of the right-of-way of Cesar Chavez and the extension of a section of decking improvements up to the retaining wall adjacent to that portion of Block 1 of the Green Water Treatment Plant Redevelopment Project, has been submitted by GW Apartments LLC, a Delaware limited liability company, at the request of the City Arborist in order to preserve the arboreal integrity of designated heritage trees.

The area being requested for encroachment is adjacent to and abutting the Green Water Treatment Plant Block 1 development project.

As previously noted, the encroachments have been requested by the City Arborist; therefore, a concurrent Request for Council Action (RCA) has been submitted to request the waiver of the requirement of an appraisal, the application fee, and the payment of appraised value for this encroachment application.
