Additional Backup Information

On November 8, 2012, the City annexed the area around the Circuit of the Americas race track and related facilities. This area was in the Emergency Service District No. 11's (ESD 11) service area. State law (Texas Health and Safety Code Section 775.022) contains a process for the ESD to submit a claim to request that the municipality buy personal or real property owned by the ESD. ESD 11 submitted a claim requesting the City purchase three emergency vehicles. The City determined the vehicles are not compatible with the current city fleet. Moreover, the City was likely to incur substantial costs if it purchased the vehicles and sold them at auction. The payment being authorized today for \$87,067 reflects what the City determined it would spend if it auctioned these vehicles. This payment will settle all claims from ESD 11 relating to this annexation.
