Butler Trail at Lady Bird Lake Southeast Shore Draft Master Plan

2014

Presentation to Boards and Commissions

Prepared by McCann Adams Studio

mais mecani adams studio

Why master plan the Southeast Shore?

- The new Boardwalk will drop thousands of users into this stretch of the Trail and parkland that are both in poor shape.
- Thousands of new residents and Trail users are emerging along Lakeshore Blvd. and Riverside Dr.
- This is the final segment of the 10-mile Butler Trail loop that needs a plan.
- A Council-adopted Master Plan will set the stage for funding the improvements recommended in the Plan.

Master Plan Goals

Key goals for the park design as expressed by the community are:

- Conserve and enhance the Trail and park as a tranquil refuge.
- Better connect this part of the Trail and park to adjacent areas and parks.
- Create shaded trails that respond to different users - including bicyclists, joggers and walkers.
- Restore and protect the water's edge to increase wildlife habitat, reduce erosion, improve water quality and increase the urban forest.
- Calm adjacent streets Lakeshore and Pleasant Valley - so it's easier for bikes and peds to move along and across them.
- Create a park that all kinds of people of all ages may enjoy.

Overall Draft Master Plan

Survey: Butler Trail at Lady Bird Lake: Southeast Shore

The Trail Foundation greatly appreciates your help with this survey.

The Southeast Shore of Lady Bird Lake is the 1.5-mile segment of the Trail and adjacent parkland extending east from the Boardwalk landing to the Pleasant Valley Road bridge crossing at Longhorn Dam.

- 1. How were you invited to take this survey?
 - I subscribe to The Trail Foundation (TTF) newsletter.
 - Someone forwarded TTF newsletter to me.
 - Someone sent me the survey link.
 - I attended a public meeting.
 - I accessed it through the TTF website.
 - I accessed it through the City's Parks and Recreation Dept. website.

2. How long have you lived in the Austin area?

What was the process?

June 2013

 Project kick-off meeting and site tour with TTF, APF and PARD staff

July – August 2013

- Existing Conditions & Opportunities Analysis
- City of Austin Technical Advisory Group meeting
- Adjacent property owner focus group meeting
- Initial City-Wide Stakeholders Meeting

October 2013

Community Workshop #1 to understand issues and opportunities

January 2014

- Project briefing to Parks & Recreation Board's Land & Facilities Committee
- Launch of public and media outreach (Speak Up Austin, FB, interviews, media coverage, etc.)
- On-Trail outreach input received
- Community Workshop #2 to consider master plan concepts

February - March 2014

- Consultant develops master plan draft with recommended improvements
- City of Austin Technical Advisory Group meeting
- Adjacent property owner focus group meeting

Public Review Schedule

April 14th: Land & Facilities Committee of Parks & Recreation Board

- **April 16th: Environmental Board**
- April 28th: Design Commission
- May 12th: Waterfront Planning Board
- May 13th: Planning Commission
- May 27th: Parks & Recreation Board
- June 12th: City Council

- 1. Conduct a public hearing and discussion on the master plan.
- 2. Provide a recommendation to City Council on master plan elements.
