Additional Backup Information

This contract will provide for the processing and marketing services for single-stream recyclable material collected by City crews at approximately 160 City facilities. On a daily basis, the vendor will receive, sort, process, store, market, and sell the recyclable material. Items intended for recycling include newsprint, old corrugated containers, mixed paper, plastics, used aluminum beverage cans, tin cans, glass, and scrap metal. For the current fiscal year, the City estimates collecting over 450 tons of single-stream recyclable material from City facilities. Approximately 70% of this tonnage is paper, 23% of this tonnage is containers (plastic, steel cans, aluminum, and glass) and the remaining 7% is residuals. The list of materials may change during the life of the contract, as requested by the Austin Resource Recovery Department.
