**Additional Backup Information**

The interlocal is between the City of Austin, Travis County, Travis County Emergency Services District No. 2, Travis County Emergency Services District No. 3, Travis County Emergency Services District No. 6, Travis County Emergency Services District No. 9, and Travis County Emergency Services District No. 12 ("ESDs"). The City annexes areas for the limited purpose of applying the City's land development, environmental, health, and safety ordinances in the area. The parties recognize that an interlocal agreement will assist in determination of responsibilities for regulatory matters relating to City Code modifications or alternate methods of compliance; identification of properties with the potential to affect fire code compliance or emergency response; performance of fire inspections and fire code compliance; and investigation of fire incidents. The agreement will otherwise promote the orderly administration of the enforcement of the City Code in the City's limited purpose annexation area and the ESDs' enforcement of their duties, ordinances, and codes.
