Additional Backup Information

The proposed Colony Park Sustainable Community Initiative Planned Unit Development (PUD) is a 208 acre property generally located northwest of the intersection of Loyola Lane and Decker Lane. The project is a Smart Housing development proposed by the Austin Housing Finance Corporation.

The PUD proposes a mixed use development comprised of residential, parkland, commercial and other land uses. The Development Assessment process requires City staff to present the PUD to City Council at an early stage of the staff review process for Council's consideration and input. City staff will continue their review, and the PUD will be presented to City Council for final approval at a later date.
