CASE # _____
PLAN REVIEW # _____

**APPLICATION TO THE RESIDENTIAL DESIGN
AND COMPATIBILITY COMMISSION (RDCC)**

GENERAL MODIFICATION WAIVER

APPLICANT: DANTAG ENTERPRISES (AMNON LUTFAK)

AUTHORIZED AGENT (if applicable): LAMME + MISI URBAN STUDIO

STREET ADDRESS: 2803 CREST

LEGAL DESCRIPTION: Subdivision - HOMewood HEIGHTS

Lot(s) 22 Block D Outlot 14 Division B

ZONING DISTRICT AND NEIGHBORHOOD PLAN: ROSEWOOD

LAND STATUS DETERMINATION CASE NUMBER (if applicable) _____

REQUEST: up to 25% increase in one or more of the following:

- ☒ Maximum Floor to area ratio .4 or gross floor area >2300 sq ft.
- ☐ Maximum Linear feet of Gables protruding from setback plane
- ☐ Maximum Linear feet of Dormers protruding from the setback plane

Waive or modify the side wall articulation requirement of Section 2.7.

- ☐ Side Wall Length Articulation

Please briefly and thoroughly

DUE TO THE TOPOGRAPHY OF THE SITE AND THE PRESENCE OF
TREES THE BUILDABLE AREA IS SEVERELY RESTRICTED. IN
ORDER TO AVOID ISSUES RELATED TO SOIL EROSION, THE DESIGN
CALLS FOR A SLIGHT INCREASE IN ALLOWABLE FAR TO ACCOMMODATE
MINIMUM PARKING REQUIREMENTS.

Note: Certificate of Appropriateness: H (Historic) or HD (Historic Designation) – case goes to RDCC first. National Register Historical District (NRHD) Overlay: without H or HD - case goes to Historic Landmark Commission first.

B1/2

**APPLICATION TO THE RESIDENTIAL DESIGN
AND COMPATIBILITY COMMISSION (RDCC)**

GENERAL MODIFICATION WAIVER

DESIGN GUIDELINE CONSIDERATIONS:

1. Are there any recommendations from the neighborhood plan team for this development?

There were no recommendations from the neighborhood
plan team

2. Does the development:

- a. Comply with the neighborhood design guidelines, if any

The project is consistent with design guidelines for
the Rosewood Neighborhood Plan.

- b. Provide consistency with the streetscape of the properties in the vicinity

In scale and design, this project draws on the
existing and developing qualities and character
of the neighboring residences.

- c. Provide consistency with the massing, scale and proximity of structures located on either side of or behind the development

The project is consistent with neighboring homes
in terms of massing and scale and would be
a little further removed from the street as the two
neighbors are actually closer than the 25' setback.

B1/3

d. Impact the privacy of adjacent rear yards

The project would not impact the privacy of the neighboring rear yards as the design proposal would keep any and all construction towards the street side and maintain the dense green space in the rear.

e. Impact the topography or lot shape

No impact to the lot shape and by maintaining the existing footprint at the front of the lot it would also limit impacts to the topography.

3. For a development of an entire block, will the development have a negative impact on the adjacent property?

Not applicable

Subchapter F - 'McMansion'

Gross Floor Area

This section is only required for projects located within the Residential Design and Compatibility Standards Ordinance Boundaries as defined and illustrated in Title 25-2 Subchapter F of the Land Development Code. The Gross Floor Area of each floor is measured as the area contained within the outside edge of the exterior walls.

	Existing	New	Exemption	Total
1 st Floor	0	1319		1319
2 nd Floor	0	1643		1643
3 rd Floor	0	0		0
Basement	0	0	0	0
Attic	0	626	626	0
Garage (attached)	0	0	0	0
(detached)	0	0	0	0
Carport (attached)	0	380	380	0
(detached)	0	0	0	0
Accessory building(s) (detached)	0	0		0

TOTAL GROSS FLOOR AREA 2962

(Total Gross Floor Area /lot size) x 100 = 39.56 Floor-To-Area Ratio (FAR)

- Is this project claiming a "parking area" exemption as described under Article 3? Y ☐ N ☒
- Is this project claiming a "ground floor porch" exemption as described under Article 3? Y ☐ N ☒
- Is this project claiming a "basement" exemption as described under Article 3? Y ☐ N ☒
- Is this project claiming a "habitable attic" exemption as described under Article 3? Y ☒ N ☐
- Is a sidewall articulation required for this project? Y ☒ N ☐
- Does any portion of the structure extend beyond a setback plane? Y ☐ N ☒

Parking Area exemption: Up to 450 square feet of a parking area may be deducted if it is a detached rear parking area that is separated from the principal structure by not less than 10 feet; or attached by a covered breezeway that is completely open on all sides, with a walkway not exceeding 6 feet in width and a roof not exceeding 8 feet in width; or a parking area that is open on two or more sides, if it does not have habitable space above it; and the open sides are clear and unobstructed for at least 80% of the area measured below the top of the wall plate to the finished floor of the carport. Up to 200 square feet may be deducted if it is an attached parking area used to meet the minimum parking requirement; or a garage that is less than 10 feet from the rear of the principal structure, provided that the garage is either detached from the principal structure; or attached by a covered breezeway that is completely open on all sides, with a walkway not exceeding 6 feet in width and a roof not exceeding 8 feet in width. An applicant may receive only one 450-square foot exemption per site under Article 3. An applicant who receives a 450-square foot exemption may receive an additional 200-foot exemption for the same site under Article 3, but only for an attached parking area used to meet minimum parking requirements.

Ground Floor Porch exemption: A ground floor porch, including a screened porch, may be exempted, provided that the porch is not accessible by automobile and is not connected to a driveway; and the exemption may not exceed 200 square feet if a porch has habitable space or a balcony above it.

Basement exemption: A habitable portion of a building that is below grade may be exempted if the habitable portion does not extend beyond the first-story footprint and is below natural or finished grade, whichever is lower; and it is surrounded by natural grade for at least 50% of its perimeter wall area and the finished floor of the first story is not more than three feet above the average elevation at the intersections of the minimum front yard setback line and the side property lines.

Habitable Attic exemption: A habitable portion of an attic may be exempted if: 1. The roof above it is not a flat or mansard roof and has a slope of 3 to 12 or greater; 2. It is fully contained within the roof structure; 3. It has only one floor; 4. It does not extend beyond the footprint of the floors below; 5. It is the highest habitable portion of the building, or a section of the building, and adds no additional mass to the structure; and 6. Fifty percent or more of the area has a ceiling height of seven feet or less.

City of Austin Residential Permit Application Master Comment Report

Original Submittal Date: March 17, 2014

Application Expiration: September 13, 2014

Comment-report Sent Date: April 5, 2014

Comment-report #: 1

Property: 2803 CREST AVE

Case #: 2014-026059 PR

Case Manager: Paul Yadro

Manager Contact: Paul.Yadro@austintexas.gov

This report includes all staff comments received to date concerning your most recent residential permit application submittal. The comments may include requirements, recommendations, or information.

The application will be approved when all comments from each review discipline have been addressed. However, until this happens, your application is considered disapproved. Additional comments may be generated as a result of information or design changes provided in your update.

If you have any questions, problems, concerns, or if you require additional information about this report, please do not hesitate to contact your case manager or the appropriate reviewer(s).

Requirements:

- Write a separate letter or use this report to explain how each comment is being addressed and to note any questions you may have addressed with the reviewer.
- Submit updated drawings in 3 separated, assembled and stapled sets – correctly sized, and to-scale according to original intake requirements.
- Label any additional reviewer-specific paperwork accordingly.
- If information on the application is required or needs to be revised, you must provide these new sheets.
- If revisions of the site plan are required, the small format set must be re-stamped by Austin Energy and Austin Water Utility – as necessary.

Update Fees and Submittal:

You are advised to submit all requested information to clear these comments one (1) time. If there are comments remaining to be addressed on this comment report, it will be REJECTED and you will incur a review update fee (\$342.00 plus 4% development surcharge) on all subsequent update submittals. Invoices will use the billing information obtained during Intake. The fee must be paid at the Cashier on the first (1st) floor of the One Texas Center (OTC) before the update will be accepted. Your update must be formally submitted to the Residential Intake desk on the second (2nd) floor of the OTC during Intake hours (MWF 8a – 11p, W 1p – 3p).

Update Deadline (LDC 25-1) and extensions:

It is the responsibility of the applicant or his/her agent to update this application. The final update to clear all comments must be submitted by the application expiration date. Otherwise, the application will automatically expire. If this date falls on a weekend or City of Austin holiday, the next City of Austin workday will be the deadline.

Contact your case manager to request an extension. Note that an extension may be granted only one (1) time and must be requested prior to expiration.

Online Reference:

Your project information is available online:

Technical Building Code Review - Beth Culver - 512-974-3111

B1
25

1. VISITABILITY: Show compliance with R320 Visitability (See Ordinance No. 20140130-021 effective 2-10-14. *Exterior Visitable Route Section R320.7 is effective 7-1-2015*) including
 - a. Visitable bathrooms
 - b. Visitable light switches, receptacles, and environmental controls
 - c. Visitability bathroom route
 - d. Visitable dwelling entrance (no-step entry)
 - e. Ensure that structural foundation plan accommodates the no-step entrance requirement.
2. Submit 1 small and 2 large sets of foundation plan and details, sheets S1 & S2 respectively. Noted on Cover Sheet Drawing Index but not included with submittal.
3. If you have questions about the above comments that cannot be addressed via email or telephone and you would like to set up an appointment, please email me at beth.culver@austintexas.gov. ***I do not take walk-in appointments for projects under review; you must set an appointment or you will be turned away at the Intake window.***

Beth Culver, AIA
Plans Examiner

(512)-974-3111 office

Tree Ordinance Review - Jim Gobel - 512-974-2639

A tree permit review is required for this proposal, or the current tree permit does not match or address what is proposed. Please contact the City Arborist to initiate the tree review.

Residential Zoning Review - Paul Yadro - 512-974-3553

I have reviewed the above noted application and have the following comments that must be addressed before a permit will be released:

1. A total demolition permit for the existing structure at this site will be required prior to approval of this Plan Review. You need to contact or visit Michael Watson (2nd Floor/walk-in hours M,W, or F from 8a to 11a) to submit for a total demolition permit.
2. Add the Benchmark's spot elevation on the plot plan. You have labeled a "BM" but have not provided the spot elevation value.
3. As submitted, you have two attached garages because both parking areas only have one open side. In order to get a 450sf exemption for a carport per Sub-Chapter F – the carport must be open on at least two sides and the open sides are clear and unobstructed for at least 80% of the area measured below the wall plate to the finished floor to the carport. As submitted, at least one of the garages

will have to meet these criteria. Revise plans accordingly because as submitted, you only have a valid 200sf exemption available and are exceeding the .40 maximum FAR.

4. On the floor plans submitted (RCPs), you have not given all of the ceiling heights for all of the rooms/areas included on the attic floor plan and the second floor. Any area on any floor that has a ceiling height greater than 15 feet counts twice per Sub-Chapter F. Based on the sections provided and the building elevations – it appears that you have multiple areas where the ceiling heights will exceed 15 feet. Plans must be revised or these areas must be counted twice and accounted for on Page 3 of the PR application.
5. For submittal of next update: submit 3 complete plan sets (2 full-size sets and 1 small-size) drawn to scale and Sealed by your Design Professional and 2 copies of Master Comment Report for this Plan Review.
6. When submitting next Update, make for certain to submit revisions that will address all comments. Do not piecemeal (submitting multiple updates to address rejection comments) your Updates because as of October 1, 2013 new Residential Review Fees have gone into effect for Plan Reviews and Plan Review Updates. As of October 1, 2013, the combined plan review fee covers the initial review and one (1) update. Note: After a Plan Review receives two rejections; a Plan Review Update Fee (\$342 + 4% Development Services Surcharge Fee) is automatically generated and must be paid before submitting future Updates. If you have unpaid fees on a Plan Review Application and attempt to submit Updates, our Intake Staff will not accept your Update and revised plans until any unpaid fees are paid.
7. Staff will hold the plans and application as submitted in our office. If you have questions regarding the comments or would like to make an appointment with the Zoning Reviewer, please contact Paul Yadro at Paul.Yadro@austintexas.gov or via phone at 512-974-3553.

NOTES

- BUILDING LINES AND EASEMENTS MAY AFFECT THIS LOT THAT ARE NOT SHOWN HEREON.
- BUILDING SETBACK LINES MAY ALSO BE AFFECTED BY LOCAL ZONING ORDINANCE REQUIREMENTS.

RESTRICTIVE COVENANTS AND EASEMENTS

1. Restrictive covenants and easements as recorded in Book 4, Page 230, of the Plat Records of Hays County, Texas DO AFFECT the subject lot.

NOTE: Visible utilities within existing easements are not shown hereon.

The property described hereon is contained within Flood Zone "X" as identified on F.I.R.M. Map Number No. 4845300465H, dated September 26, 2008 as published by the Federal Emergency Management Agency, the purpose of which is for flood insurance only.

A title commitment was not available at the time of this survey. All easements of which I have knowledge are shown or depicted hereon. Other than visible easements, no unrecorded or unwritten easements which may exist are shown hereon. No additional research of easements was performed by Landmark Surveying, LP for this survey.

I HEREBY CERTIFY that a survey was made on the ground of the property shown hereon; that there are no visible discrepancies, conflicts, shortages in area, boundary line conflicts, encroachments, overlapping of improvements, easements or right-of-way, except as shown; that said property has access to and from a public roadway; and that this plat is an accurate representation of the property to the best of my knowledge.

Comments: Extremely limited space for parking on street,
resulting in concern for pedestrian/children safety.
Recent construction of multi-family housing on Crest St
is a major concern and then with additional
building of same type of construction for that will
increase safety risk and parking will be even
more limited.

Comments:

The existing regulations only
encourage urban sprawl and
prevent families from living together.

Comments:

You didn't ask for permission
to build anything else, why
you asking now?

makes no sense
