Hi Leane,

John Donisi, from our group, will be there tonight representing the project. We will want to postpone so I wanted to give you the heads up.

Thank you

Subject: 12th & Navasota BOA Cases

Good morning Leane -

Thank you for all of your help with our variance request cases, we are very appreciative.

After hearing the discussions last night I wanted to give a quick clarification on our cases. At this time we are not officially withdrawing any of our variance requests. If the concurrent zoning cases for lots 1-3 of our request are approved, I will send a formal letter requesting the removal of the side and rear setback variances for lots 1-3 of the original request. We intend to continue our pursuit of the side and rear setbacks for lots 4 and 5 of the original request.

Sorry for all of the confusion. Again, thank you for all of your help. We will be in touch closer to the end of the month.

If you have any questions or need additional information, please let Jewels or I know.

Have a great day!
