Additional Backup Information

On January 17, 2013, City Council approved an ordinance revising Austin Water Utility Financial Policy #8 related to the review of growth-related capital improvement projects located within the Drinking Water Protection Zone (DWPZ). The financial policy requires reviews of DWPZ capital improvement projects by various boards and commissions as part of the budget development process.

The policy also requires a public hearing to be held during the City's annual budget review process to provide citizens an additional opportunity to comment on growth-related projects within the DWPZ.

This action requests Council to schedule the required public hearing under this policy.
