**L-1 C15-2013-0114 Emilio Surita
2920 Garwood Street**

The applicant has requested a variance from Section 25-2-899 (D) (*Fences as Accessory Uses*) to exceed the average height of six feet or a maximum height of seven feet for a solid fence

constructed along the property line in order to maintain an 8 foot tall stone wall with a 9 foot arch along the Garwood Street property line in an “SF-3-NP”, Family Residence, Neighborhood Plan zoning district. (Govalle)

**L-2 C15-2014-0062 William Hodge for George H Blume
2601 Canterbury Street**

The applicant has requested a variance from Section 25-2-492 (D) of the Site Development Regulations to decrease the lot width requirement from 50 feet to 49 feet (existing) in order to re-subdivide a property in an “SF-3-NP” Family Residence zoning district. (Holly)

**L-3 C15-2014-0065 Robert Turner
5201 Tortuga Trail**

The applicant has requested variances from Section 25-2-963 (B) and (C) of the Modification and Maintenance of Noncomplying Structures requirements in order to remodel an existing home, including removal of all exterior walls and raising the existing finished floor elevation by more than one foot in an “LA”, Lake Austin zoning district.

The Land Development Code states that (A) Except as provided in Subsections (B), (C), and (D) of this section, a person may modify or maintain a noncomplying structure.

(B) The following requirements must be met in order to modify, maintain, or alter a non-complying residential structure:

(1) Demolition or removal of walls must comply with the following requirements: (a) No more than fifty percent of exterior walls and supporting structural elements of the existing structure may be demolished or removed, including load bearing masonry walls, and in wood construction, studs, sole plate, and top plate. For purposes of this subsection, exterior walls and supporting structural elements are measured in linear feet and do not include the roof of the structure or interior or exterior finishes. (b) Replacement or repair of structural elements, including framing, is permitted if required by the building official to meet minimum health and safety requirements.

(2) Replacement or alteration of an original foundation may not change the finished floor elevation by more than one foot vertically, in either direction.

(4) If a noncomplying portion of a structure is demolished, it loses its noncomplying status and may only be rebuilt in compliance with current code.

(C) Except as provided in Subsections (E) and (F), a person may not modify or maintain a noncomplying structure in a manner that increases the degree to which the structure violates a requirement that caused the structure to be noncomplying.

The applicant has also requested a variance to Section 25-2, Subchapter F: Residential Design and Compatibility Standards, 2.2. Building Height of Article 2: Development Standards from 32 feet to 33.5 feet in order to remodel an existing home, including removal of all exterior walls and raising the existing finished floor elevation by more than one foot in an “LA”, Lake Austin zoning district.

The Land Development Code states that except where these regulations are superseded, the maximum height for development subject to this Subchapter is 32 feet. Section 25-2-531 (Height Limit Exceptions) does not apply to development subject to this Subchapter, except for a

chimney, vent, antenna, or energy conservation or production equipment or feature not designed for occupancy. Building height shall be measured under the requirements defined in Section 3.4.
