- Propose an appointment process for utility hearings officers

Recommendation Process

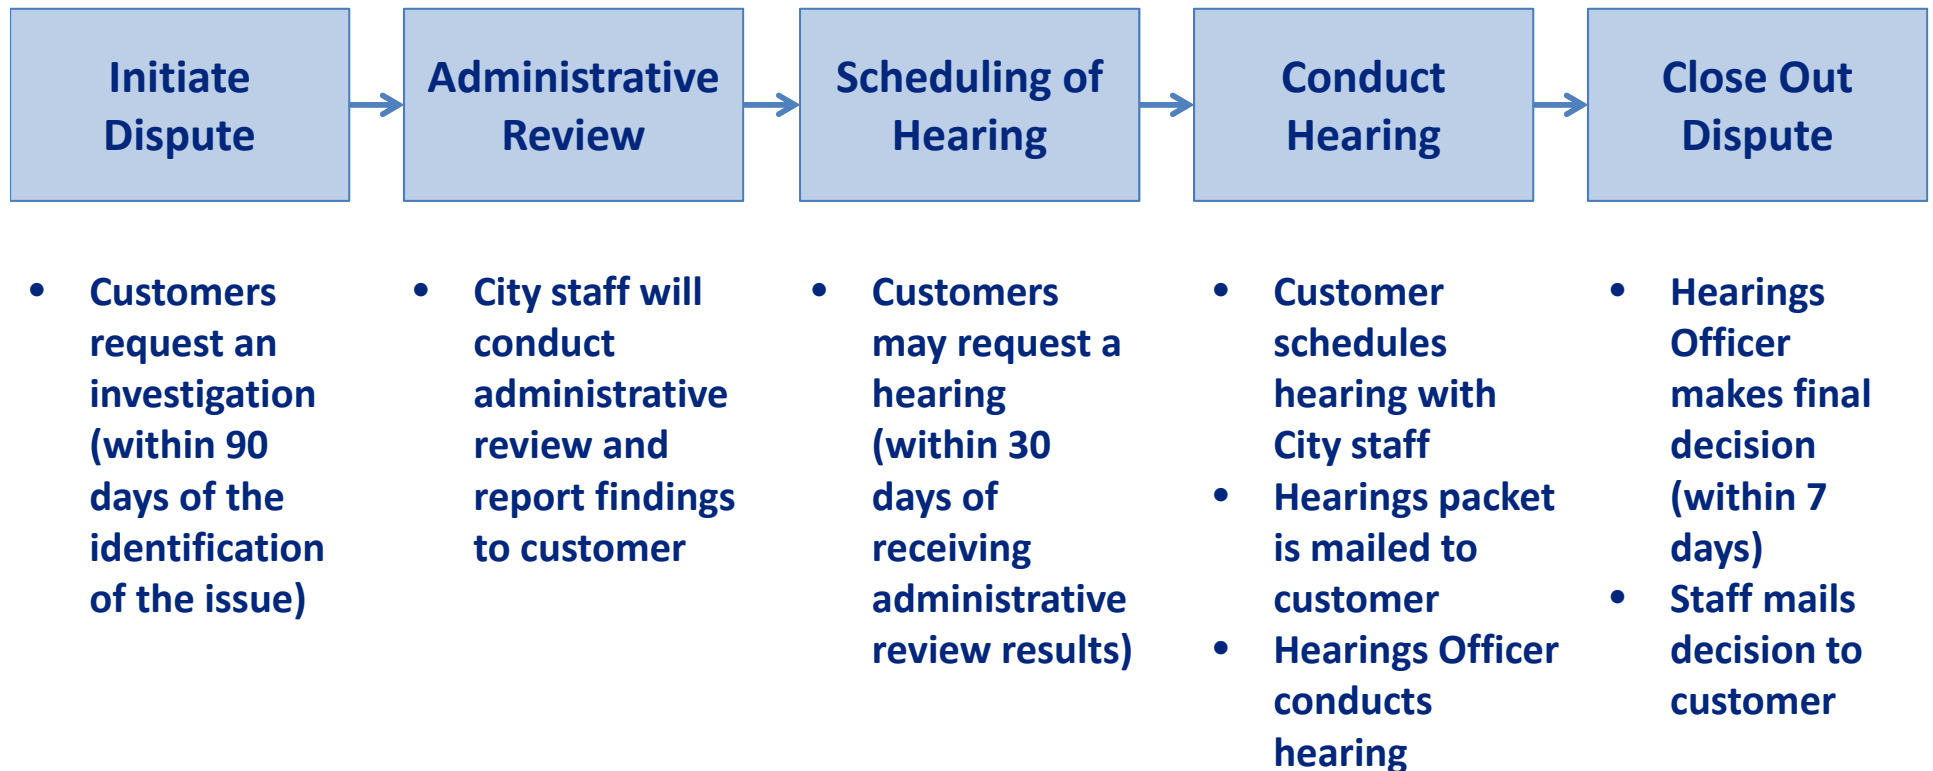

Community advocates met with City staff on May 28, 2014.
The following items were discussed:

- Current administrative review and hearings process
- Issues with current process
 - Initial administrative review is too informal
 - Availability of hearing's packets prior to the hearing
 - Hearing Officer's do not appear to be independent from Austin Energy
- Possible process improvements

A set of recommendations were identified for consideration.

Current Dispute and Hearings Process

There are currently two (2) Hearings Officers contracted by Austin Energy to support this process. The Officers conduct hearings for electric bill disputes, water bill disputes, water conservation fines, red light fines, viscous dog fines, code compliance, and APD alarm fees disputes.

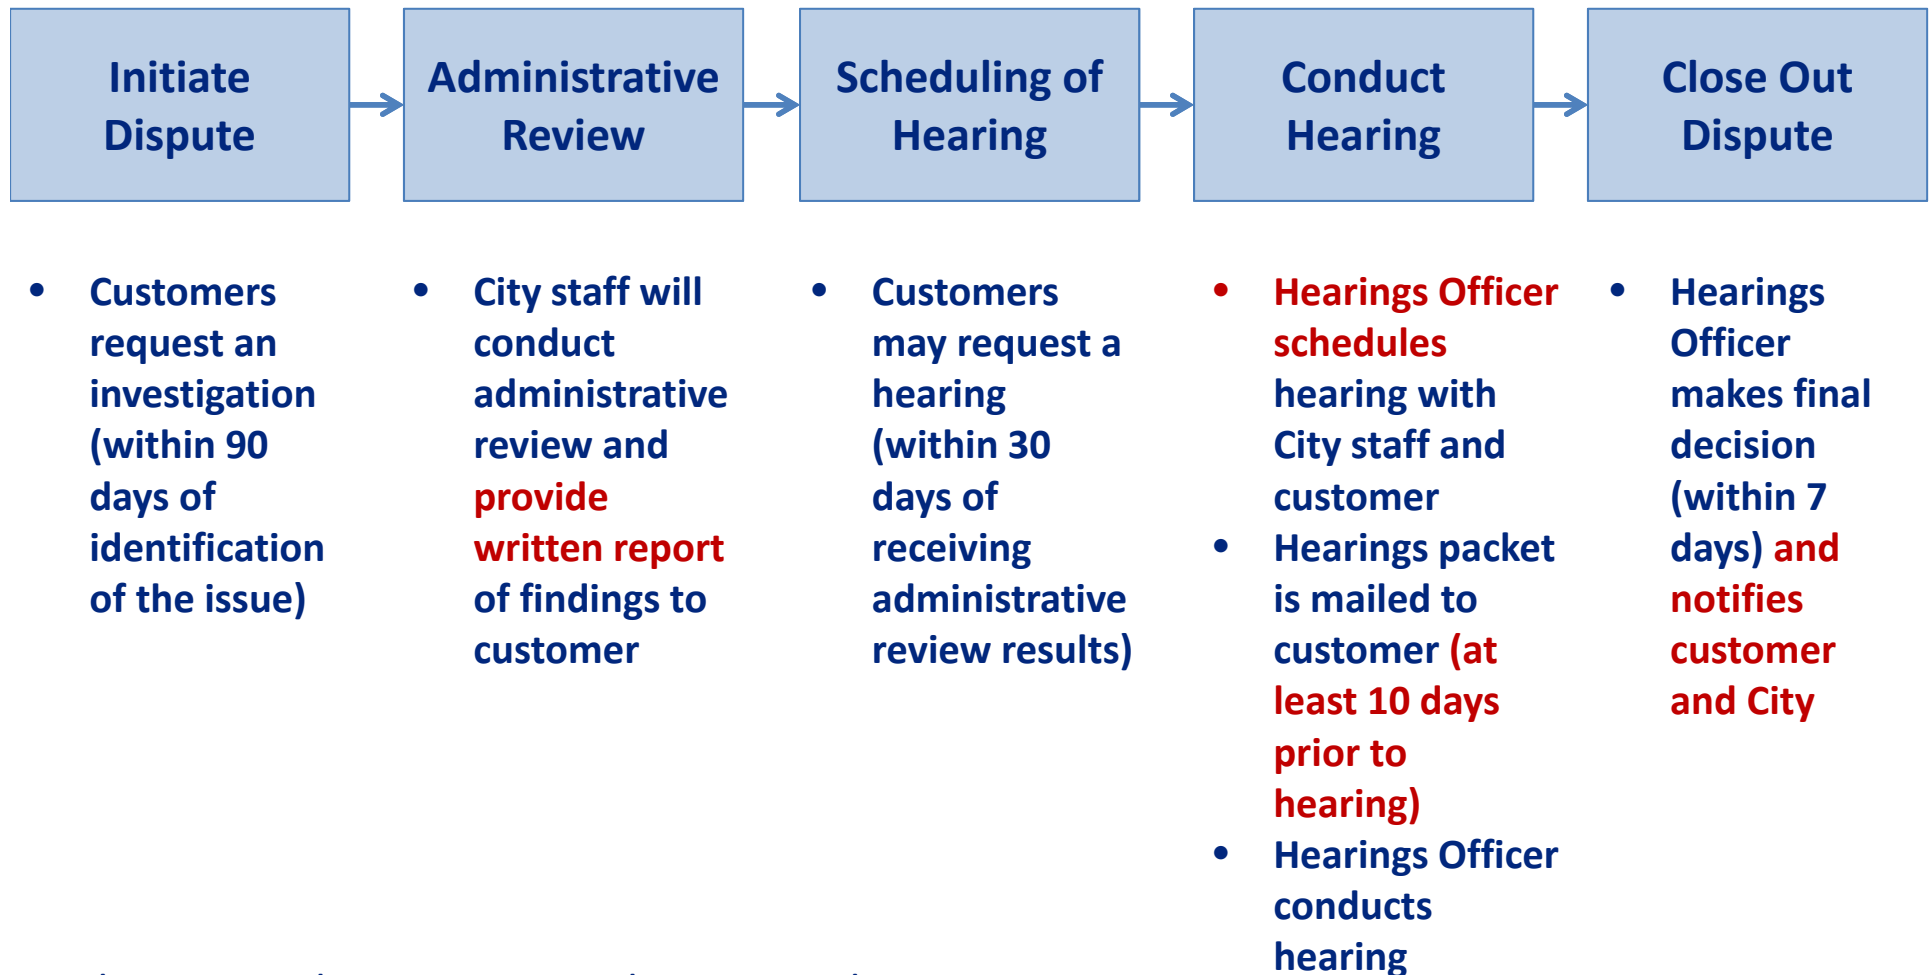

Committee Recommendations

- 4. Create an ombudsman role to provide support to customers and assist customer through the hearings process**
- 5. Provide general information about the dispute and hearings process in the annual Bill-of-Rights notification to customers**
