## Additional Backup Information

Since 2008, the City of Sunset Valley has contracted with the Austin Fire Department for fire protection services. The contract amount has been based on the City of Sunset Valley TCAD appraised valuations and has resulted in a payment to the City of Austin for approximately \$400,000 annually (due each September). Both parties are content with the financial methodology and do not anticipate a drastic change with the new agreement. Financial compensation received by the City of Austin pays in full for the services provided to the City of Sunset Valley and the contracted services do not negatively impact City of Austin taxpayers.
