

ENVIRONMENTAL BOARD RECOMMENDATION 20140820 005B

Date: August 20, 2014

Subject: Watershed Protection Department Youth Outreach Program

Motion By: Dr. Mary Gay Maxwell

Second by: Mary Ann Neely

Rationale:

Whereas the Youth Outreach Program has provided information, education and hands on experiences regarding various watersheds, the Barton Springs Edwards Aquifer, the endangered species, such as the Barton Springs Salamander, and a variety of other environmental topics for the fiscal year 2013 –2014,

And whereas the number of students and community members reached by the Youth Outreach Program has Increased greatly over the past year, reaching approximately 20,000 people,

Therefore, the Environmental Board commends the staff of the Watershed Protection Department's Youth Outreach program for the excellent work they have done, especially for the year 2013-2014.
