ANALYSIS / ADDITIONAL INFORMATION: This authorization is to enable City departments to purchase various computer, telephone, and network hardware products and maintenance including but not limited to desktop PCs, laptop computers, servers, data storage systems, and storage area networks through contracts solicited by the Department of Information Resources (DIR). This authorization will also include networking and telephone products, maintenance services for the City's Local and Wide Area Networks, telephone systems, and networking devices such as switches, routers, and other equipment used to interconnect desktop computers, servers, and printers throughout the City and to transmit and receive information via the internet.

Some of the significant planned purchases for 2014-2015 through this cooperative include:

- Citywide Contractual Hardware Maintenance
- AE Capital Outlay Hardware (IT, network and communications infrastructure)
- AE Automated Distribution Management System Phase 2
- Citywide Computer Replacement (not on PC Refresh Lease)
- AE Implementation of Enterprise Architecture
- Object-Based Storage Refresh for high-end SAN infrastructure (Digital Vehicular Video)
- Aviation VM Ware, Security Hardware, Wireless & Storage
- Voice Over Internet Protocol (VOIP) Upgrade Phase 5
- Austin Water Utility Hardware: Storage, Servers, PCs, Laptops
- Storage Refresh and Expansion for CTECC and Public Safety Departments
- New Central Library Computer Hardware
- CTECC Core Network Infrastructure Refresh

DIR has continued to provide additional products and services through its cooperative purchasing program at competitively bid prices. The purchasing power of the State of Texas is used to leverage purchasing effectiveness. This spending authority request includes specifically identified technology needs as well as anticipated technology purchases which are as yet unspecified, all of which are included in the departments approved FY2014-2015 budget.
