Motion Sheet for Item #77

CM Tovo

City Council Meeting

September 25, 2014

DATA REPORTING

I move to amend Part (3) Section (B) (16) (a) of the proposed ordinance to add the following:

- (16) TNC must maintain accurate records of all drivers providing service, and discontinued from providing service, through the platform and must be available for audit by a private, agreed-upon third party at any time, no more than four times per year.
- (a) TNC shall provide monthly [~~quarterly~~] reports to the city providing information on the effectiveness of the platform to address gaps in Austin's transportation network. To develop this, the TNC must evaluate and report on information including rider pick-up and drop-off patterns (i.e. peak ridership times and popular pick-up and drop-off locations), cost of trip (including a measure of the amount of time in dynamic pricing), length of trip, and ADA service comparison, as well as any other information requested by the City, to help the city evaluate the role of TNCs to address transportation issues, such as drunk driving and underserved community needs.
