

## RESTRICTIVE COVENANT TERMINATION REVIEW SHEET

**CASE:** C14-75-042(RCT1)  
East Parke Residential

**Z.A.P. DATE:** November 18, 2014

**ADDRESS:** 5601 Durango Pass

**AREA:** 13.97 acres

**OWNER:** Continental Homes of Texas, LP (Richard Maier)

**AGENT:** A. Glasco Consulting (Alice Glasco)

**ZONING:** SF-3, LO

### **SUMMARY STAFF RECOMMENDATION:**

Staff recommends the restrictive covenant termination.

### **ZONING AND PLATTING COMMISSION RECOMMENDATION:**

November 18, 2014: *TO GRANT THE RESTRICTIVE COVENANT TERMINATION. (5-0) [G. Rojas- 1<sup>st</sup>, P. Seeger- 2<sup>nd</sup>; S. Compton, R. McDaniel- Absent]*

### **ISSUES:**

The proposed restrictive covenant termination (RCT) would eliminate requirements tied to a 1975 zoning case (City File #C14-75-042). A proposed rezoning request, C14-2014-0158, has been filed with the City to supersede the 1975 case and restrictive covenant. Several other restrictive covenant terminations (RCAs) and restrictive covenant terminations (RCTs) are proposed to allow consolidation of the parcels for redevelopment with single family residences. These are being processed under the following City File numbers: C14-75-042(RCA1), C14-75-042(RCA2), C14-75-042(RCT), C14-84-346(RCA1) and C14-84-346(RCA2). Please refer to ***Exhibit A (Restrictive Covenant)***.

### **DEPARTMENT COMMENTS**

Unlike the other RCAs filed concurrent with this request, the original restrictive covenant only applied to property that is currently owned by the Applicant, so a RCT is possible. Please refer to ***Exhibit B (Zoning Map)***. The Applicant proposes removing the following requirements with the RCT: 1. A 25-foot building height. 2. A lot on a LO [office] property developed with apartments may not be more dense than MF-3 [multi-family] density level; 3. A lot on a LO [office] property adjacent to SF-3 [residential] property must have a landscape plan prior to building permit; 4. A lot on a LO [office] property adjacent to SF-3 [residential] property must have an implemented landscape plan prior to certificate of occupancy; 3. If the property is subdivided, individual lots must comply with requirements; and 4. If the Planning Department ceases to exist, the appropriate City department will enforce the covenant. Please see ***Exhibit C (Applicant Correspondence)***.

The subject property is located roughly 400-500 feet northeast of the intersection of US 183 and Loyola, but does not have access to either roadway. The property has access to Durango Pass and Coolbrook Drive, residential streets that are part of the residential neighborhood to the east. Properties in this neighborhood are mostly zoned SF-2, with a few SF-3 properties as well, and are developed with duplexes and single family residences. South of the property are parcels zoned P that are developed with park/open space features. To the west of the rezoning tract is undeveloped land. This area to the west is the remainder of the 1975 and 1984 zoning cases described in the previous section, and is comprised of parcels zoned GR, LO, MF-3, and SF-3. Immediately north of the rezoning tract is another residential area. Properties in this neighborhood are zoned SF-2 and SF-3, and are developed with duplexes and single family residences. LBJ High School is also located to the north, and is also SF-3.

**STAFF RECOMMENDATION:**

Staff recommends the restrictive covenant termination.

*1. The proposed zoning should promote consistent and orderly planning.*

The requirements that would be removed were not standard City requirements in 1975, but are now standard requirements. The existing restrictive covenants are a patchwork of outdated requirements that make cloud the property title and make regulatory application confusing. Since the Applicant owns the entire property covered by the original restrictive covenant, it is possible to recommend a restrictive covenant termination.

*2. The proposed rezoning does not grant an unequal benefit to the landowner.*

Removal and/or modification of the restrictive covenant will make the property subject to current City codes and regulations, which is more equal to other properties.

**EXISTING ZONING AND LAND USES:**

	<b>ZONING</b>	<b>LAND USES</b>
<i>Site</i>	SF-3, LO	Undeveloped
<i>North</i>	SF-2, SF-3	Duplex, Single family, LBJ High School
<i>South</i>	P	Parkland/ open space
<i>East</i>	SF-2, SF-3	Duplex, Single family
<i>West</i>	GR, LO, MF-3, SF-3	Undeveloped

THE STATE OF TEXAS       S

KNOW ALL MEN BY THESE PRESENTS:

COUNTY OF TRAVIS       S

~~RECORDED~~   534   \*   1000

THAT WHEREAS 62.101 Ltd., a Texas limited partnership (of which Douglas Duwe is the, and the only, general partner), is the owner of that certain tract of land of 13.97 acres more or less (said 13.97 acre tract being hereinafter called the Subject Property) out of the J. C. Tannehill League, in the City of Austin, Travis County, Texas, said tract of 13.97 acres more or less (the Subject Property) being more particularly described on Exhibit X attached hereto and made a part hereof; and,

WHEREAS, the Subject Property, along a portion of its boundary, adjoins a portion of the boundary of that certain tract of land of 5.06 acres more or less (said 5.06 acre tract being hereinafter called the A Strip) out of the J. C. Tannehill League, in the City of Austin, Travis County, Texas, said tract of 5.06 acres more or less (the A Strip) being more particularly described on Exhibit Y attached hereto and made a part hereof and said A Strip being owned by said 62.101 Ltd.; and,

WHEREAS, as a condition to the rezoning of the Subject Property "O" Office, First Height and Area, under the zoning ordinance of the City of Austin, Texas, and for the better development of the Subject Property, the City Council of the City of Austin, desires that 62.101 Ltd. make, execute and deliver for the benefit of the City of Austin, a municipal corporation, the following restrictive covenant;

NOW, THEREFORE, 62.101 Ltd., owner of the Subject Property, does hereby place upon and charge the Subject Property (the 13.97 acre tract described on Exhibit X hereto) with the following restrictive covenant which, subject to the following provisions hereof, shall be deemed a covenant running with the land for the benefit of the City of Austin and binding upon 62.101 Ltd., its successors and assigns, to wit:

1-16-8959

1. No building higher than 25 feet shall be erected on the Subject Property (height of a building for these purposes shall be computed as provided in Section 45-1, "Height of Building", of the Code of the City of Austin as same exists May 1, 1975; provided that parapet walls, chimneys, cooling towers, water towers, scenery lofts, elevator bulkheads, fire towers, gas tanks, air-conditioning or heating equipment, ornamental towers, monuments, cupolas, domes and spires and necessary mechanical appurtenances on a roof shall be excluded in determining height).

2. If any lot carved out of the Subject Property, or the Subject Property itself if not divided into two or more lots, be developed with apartments, the permitted density thereof shall not be greater than allowed by "BB" Residence, First Height and Area, zoning as defined in the zoning ordinance of the City of Austin as same exists May 1, 1975; provided, however, that in determining density for purposes of such restriction hereby imposed, the area in the part of the said A Strip (the 5.06 acre tract described on Exhibit Y hereto) adjoining any lot carved out of the Subject Property (or the area in the entire said A Strip, in case the Subject Property not be divided into two or more lots) shall be included and counted as a part of the area of such lot which it adjoins (or of the Subject Property in case the Subject Property not be divided into two or more lots).

3. Prior to the issuance by the City of Austin of a building permit (for any building which could not be built if it were on property in the City of Austin, which was zoned "A" Residence under the zoning ordinance of the City of Austin as the same exists May 1, 1975) in respect to any lot (carved out of the Subject Property) which adjoins the said A Strip, the Director of Planning of the City of Austin shall have approved an appropriate landscape plan for the said A Strip (such plan to call for natural condition substantially as at present and to be generally as outlined in the schematic drawing of the applicant which is on file at the Planning

Department of the City of Austin in its zoning case file No. C14-75-042; the A Strip may have utilities); and such approval by the Director of Planning shall not be unreasonably withheld; such approval shall be conclusively deemed given if the Director of Planning states in writing that he has approved such plan; the owner of the lot in question may appeal any denial or refusal of such approval to the Planning Commission of the City of Austin.

4. On any given lot which may be carved out of the Subject Property, if such lot adjoins any of the said A Strip no occupancy permit (for any building which could not be built if it were on property in the City of Austin which was zoned "A" Residence under the zoning ordinance of the City of Austin as same exists May 1, 1975) shall be issued by the City of Austin for such lot unless the landscape plan referenced in numbered paragraph 1 hereof above has first been implemented on the particular segment (of the said A Strip) which adjoins the said given lot in question; such implementation shall be conclusively presumed to have occurred if the Director of Planning of the City of Austin signifies in writing that he finds such implementation to have occurred on such segment of said A Strip, and said Director of Planning will not unreasonably withhold his said signification that such implementation has occurred; the owner of the lot in question may appeal any denial or refusal of signification that such implementation has occurred to the Planning Commission of the City of Austin.

5. If the Subject Property is hereafter divided into separate lots, this restrictive covenant will be applied on an individual lot basis, to each respective individual lot severally. If the Subject Property is not hereafter divided into separate lots, this restrictive covenant will apply to it as if it were all one lot (until it is divided into separate lots, at which time the application will be on an individual lot basis, severally as to each respective individual lot).

6. If the office of Director of Planning of the City of Austin should be abolished or vacant at any time, then the official

1-16-8961

of the City of Austin then performing the majority of the functions now assigned to the said Director of Planning shall act for purposes of these restrictions in lieu of the Director of Planning, and the written certification or opinion of the City Attorney of the City of Austin (or an Assistant City Attorney) as to the identity of such substitute official for purposes of these restrictions may be relied upon for purposes of compliance with these restrictions by the Owner of the lot in question (or of the Subject Property), his heirs, assigns, mortgagees, tenants or contractors, and/or by any City of Austin official who issues a building permit or occupancy permit.

7. This restrictive covenant can be enforced by, and only by, the City of Austin.

8. If any person or persons shall violate or attempt to violate the foregoing restriction and covenant, it shall be lawful for the City of Austin, a municipal corporation, its successors and assigns, to prosecute proceedings at law, or in equity, against the person or persons violating or attempting to violate such restriction or covenant, and either to prevent him or them from so doing or to collect damages for such violation.

9. The restrictive covenant can be amended by joint action of the City of Austin (acting pursuant to majority vote of a quorum of the City Council of the City of Austin, or of such other governing body of said city as may succeed its City Council) and the then owner of the particular lot in question out of the Subject Property.

10. Any suit brought to interpret or enforce this restrictive covenant, or to determine the validity, as reasonable or otherwise, of any failure or refusal to approve the landscape plan or to find same has been implemented as above provided, shall be brought in a District Court in Travis County, Texas.

EXECUTED this 17 day of July, 1975.

# ALICE GLASCO CONSULTING

September 11, 2014

Greg Guernsey, Director  
Planning and Development Review Department  
505 Barton Spring Road, Suite 500  
Austin, Texas 78704

RE: Restrictive Covenant Termination - C14-75-042 (B)

RCT 1

Dear Greg:

I am representing Continental Homes of Texas, LP (D.R.Horton) as it relates to the termination of this 1975 restrictive covenant. My client, Continental Homes of Texas, LP (D.R.Horton) has the subject property under contract with the intent of developing 124 single family homes.

## **Background:**

The land area covered under zoning case number C14-75-042 (ordinance no. 750724 -B) comprised of approximately 62 acres. However, my client intends to purchase **ONLY 26.98 acres out of the original 62 - acre parcel**. A total of three restrictive covenants were recorded under this 1975 zoning case – Part “A” pertains to the GR -zoned tract, which consisted of 42.07 acres; part “B” consisted of 19.03 acres and is zoned LO-SF-3; while part “C” covered 24.34 acres ( a portion of the 42- acre tract).

The conditions listed in the part “B” restrictive covenant are as follows:

1. No building higher than 25 feet shall be erected on the subject property as provided for in section 45-1 of the Code of the City of Austin as it existed in 1975.
2. If any lot carved out of the LO tract is developed with apartments, the permitted density thereof shall not be greater than that allowed by (MF-3) zoning.
3. A non-residential (LO) lot that adjoins the SF-3- zoned strip must have an approved and appropriate landscape plan prior to issuance of a building permit.
4. Any lot carved out of the LO tract and adjoins the SF-3- zoned strip must have an implemented landscape plan prior to issuance of a certificate of occupancy.

Greg Guernsey  
Restrictive Covenant Termination - C14-75-042 (B)

5. If the LO tract is divided into separate lots, the restrictive covenant will be applied on an individual lot basis.
6. If the office of the Director of Planning of the City of Austin should be abolished or vacant at any time, then the official of the City of Austin then performing the majority of the functions now assigned to the said Director of Planning shall act for purposes of these restrictions in lieu of the Director of Planning.

**Justification Restrictive Covenant Termination**

- The proposed single family development will comply with SF-3 zoning site development regulations.
- The proposed development will comply with the city's current landscaping requirements.

Please let me know if you have any questions or need additional information.

Sincerely,

Alice Glasco, President  
AG Consulting
