**CITY OF AUSTIN
APPLICATION TO BOARD OF ADJUSTMENT
GENERAL VARIANCE/PARKING VARIANCE**

WARNING: Filing of this appeal stops all affected construction activity.

**PLEASE: APPLICATION MUST BE TYPED WITH ALL REQUESTED
INFORMATION COMPLETED.**

STREET ADDRESS: 2108 SL Davis avenue,
Austin, Texas 78702

LEGAL DESCRIPTION: Subdivision – _____

Lot(s) 4 Block 6 Outlot 58 Division B

I/We AGUSTINA GONZALEZ

_____ on behalf of myself/ourselves as authorized agent for

_____ affirm that on _____, _____,

hereby apply for a hearing before the Board of Adjustment for consideration to:

**(check appropriate items below and state what portion of the Land Development
Code you are seeking a variance from)**

___ ERECT ___ ATTACH ___ COMPLETE X REMODEL X MAINTAIN

FRONT PATIO ENCLOSED _____

in a SF-3-NP (Rosewood)
_____ district.
(zoning district)

**NOTE: The Board must determine the existence of, sufficiency of and weight of evidence
supporting the findings described below. Therefore, you must complete each of the applicable
Findings Statements as part of your application. Failure to do so may result in your application
being rejected as incomplete. Please attach any additional support documents.**

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

The front was already enclosed with one front open entrance from before and we just remodeled due to a

Wind storm around 2010. The wind storm damaged the patio and other area badly since this house was built in 1910.

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

When I asked for the permit, I asked to extend couple more feet in front setback was approved but I did not realized that I needed to leave the addition open on three sides.

- (b) The hardship is not general to the area in which the property is located because:

This property is one of the few undeveloped houses and was the only one that was badly damaged by the

Wind storm. It was remodeled by family members and even dough is not a good reason it would be very expensive for me to undo the patio buy the material again.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The variance will not interfere with my neighbors houses because it has a small three x three feet open

Sided patio to the right side portion of the addition. The neighbor on the left has a mobile home that is way to the back lot and it is not blocked by my patio at all. My neighbors do not oppose to may patio.

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:
-

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

N/A

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

N/A

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

N/A

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

Subject: RE: Could you confirm ok to withdraw case for 2108 SL Davis

She will need a BOA decision. I spoke to her yesterday they added an additional four feet into the front yard setback increasing the non-compliance which she is not allowed to do. I had understood that they had only enclosed a portion of the front porch

Respectfully,

Just need something for the file.

Also, were you ever able to speak with her, I can call her today and explain if you haven't gotten thru to her yet -

Thanks,

ARTICLE 8. NONCOMPLYING STRUCTURES.

§ 25-2-961 NONCOMPLYING DEFINED.

NONCOMPLYING means a building, structure, or area, including off-street parking or loading areas, that does not comply with currently applicable site development regulations for the district in which it is located, but did comply with applicable regulations at the time it was constructed.

Source: Section 13-2-331; Ord. 990225-70; Ord. 031211-11.

§ 25-2-962 STRUCTURES COMPLYING ON MARCH 1, 1984.

(A) A structure that complied with the site development regulations in effect on March 1, 1984, is a complying structure notwithstanding the requirements of this chapter.

(B) A structure that complies with the site development regulations does not become a noncomplying structure as the result of a change in the use, zoning, or development of adjacent property.

Source: Section 13-2-820; Ord. 990225-70; Ord. 031211-11.

§ 25-2-963 MODIFICATION AND MAINTENANCE OF NONCOMPLYING STRUCTURES.

(A) Except as provided in Subsections (B), (C), and (D) of this section, a person may modify or maintain a noncomplying structure.

(B) The following requirements must be met in order to modify, maintain, or alter a non-complying residential structure:

(1) Demolition or removal of walls must comply with the following requirements:

(a) No more than fifty percent of exterior walls and supporting structural elements of the existing structure may be demolished or removed, including load bearing masonry walls, and in wood construction, studs, sole plate, and top plate. For purposes of this subsection, exterior walls and supporting structural elements are measured in linear feet and do not include the roof of the structure or interior or exterior finishes.

(b) Replacement or repair of structural elements, including framing, is permitted if required by the building official to meet minimum health and safety requirements.

(2) Replacement or alteration of an original foundation may not change the finished floor elevation by more than one foot vertically, in either direction.

(3) For any residential use other than a single-family use in an SF-3 or more restrictive zoning district, the following requirements must be met in order to add square footage or convert accessory space into conditioned or habitable space:

(a) If the lot is non-complying with current lot size or lot width requirements, the cost of improvements may not exceed 20 percent of the value of the structure before the improvements.

(b) Compliance with current parking and occupancy regulations is required.

(4) If a noncomplying portion of a structure is demolished, it loses its noncomplying status and may only be rebuilt in compliance with current code.

(C) Except as provided in Subsections (E) and (F), a person may not modify or maintain a noncomplying structure in a manner that increases the degree to which the structure violates a requirement that caused the structure to be noncomplying.

(D) The following requirements must be met in order to repair, reinforce, or maintain a non-complying dock, bulkhead, or shoreline access as defined in Section 25-2-1172 (*Definitions*), or to modify a noncomplying dock:

(1) Modification of a dock must comply with the following requirements:

(a) the dock must be an accessory to a single-family residence;

(b) the alteration must be confined within the existing footprint;

- (c) the total footprint of the dock must be reduced by 50%;
 - (d) the number of boat slips on the dock is reduced by 50%; and
 - (e) the alternation may not increase the degree to which the structure violates a requirement that caused the structure to be noncomplying.
 - (2) Repair, reinforcing, or maintaining a noncomplying dock, bulkhead, or shoreline access must comply with the following requirements:
 - (a) no more than 50 percent of existing piles, pilings, or sheet pile or no more than 50 percent of the length of the dock, bulkhead, or shoreline access may be removed or replaced; and
 - (b) the location, footprint, and degree of noncompliance of the structure is not altered;
 - (3) Demolition is subject to the limitation in Subsection (B)(4) of this Section.
 - (E) A person may increase the height of a building that is a noncomplying structure based on a height requirement of this title if:
 - (1) the increase is made to a portion of the building that:
 - (a) does not exceed the existing maximum height of the building; and
 - (b) complies with the yard setback requirements of this title;
 - (2) the increase does not exceed 15 percent of the existing maximum height of the building; and
 - (3) after modification, the height of the modified portion of the building does not exceed the existing maximum height of the building.
 - (F) A person may modify a building that is a noncomplying structure based on a yard setback requirement of this title if:
 - (1) the modified portion of the building:
 - (a) does not extend further into the required yard setback than the existing noncomplying portion of the building,** except for a vertical change in finished floor elevation allowed under Subsection (B)(2) of this section;
 - (b) unless located in a street side yard, is not greater in height than the existing noncomplying portion of the building, except for a vertical change in finished floor elevation allowed under Subsection (B)(2) of this section; and
 - (c) complies with the height requirements of this title; and
 - (2) the additional length of a modified portion of the building does not exceed the lesser of 50 percent of the length of the noncomplying portion of the building or 25 feet measured from the existing building and parallel to the lot line.
 - (G) Subsection (F) applies to each yard setback requirement with which the existing building does not comply.
 - (H) A person may modify a noncomplying building once under Subsection (E) and once under Subsection (F). This section does not prohibit a person from modifying a building along more than one yard setback as part of a single project.

§ 25-2-964 RESTORATION AND USE OF DAMAGED OR DESTROYED NONCOMPLYING STRUCTURES.

- (A) A person may restore a noncomplying structure that is damaged or destroyed by fire, explosion, flood, tornado, riot, act of the public enemy, or accident of any kind if the restoration begins not later than 12 months after the date the damage or destruction occurs.
- (B) Except as provided in Section 25-2-963 (*Modification And Maintenance Of Noncomplying Structures*):
