## 9. FUTURE BUSINESS (7:50 – 7:55)

### A. First Annual Report

## 10. ANNOUNCEMENTS / UPDATES (7:55 – 8:00)

- [Urban Transportation Commission](#) meets on February 10, 6pm. The meeting is held in Board and Commissions at City Hall.
- [Bicycle Advisory Council](#) meets February 17, 6pm. Location to be determined.
- Proposed changes City Council Committees includes replacing the Comprehensive Planning and Transportation Committee with a Mobility Committee to include all transportation aspects, including pedestrianism. Council held a public hearing on January 22 and plans to take up this (among many proposed changes) proposed change at the first meeting, set for January 29, 2015.
- [A Resident's Guide for Creating Safer a Communities for Walking and Biking](#) includes information, ideas, and resources to help residents learn about issues that affect walking and biking conditions; find ways to address or prevent these problems; and promote pedestrian and bicyclist safety. The Guide provides examples from other communities working to improve pedestrian and bicyclist safety and also contains fact sheets, worksheets, and sample materials that can be distributed or adapted to meet the needs of a community. References to other resources and materials are also provided.
- **Update: national safety performance measures** — A directive in the 2015 federal Omnibus Appropriations Act passed in December [requires the US DOT to establish and define a separate set of measures for non-motorized safety](#). Separating non-motorized users from motorized is important in creating transportation networks that are safe for all—and especially important when overall fatalities are down, but those bicycling are increasingly killed and those walking aren't seeing improvements. Representative Larson (WA), Representative DeFazio (OR), and Delegate Holmes Norton (DC) have asked the Government Accountability Office to study the causes of non-motorized fatalities, including the influences of speeding and road design.
