APPLICATION TO BOARD OF ADJUSTMENT GENERAL VARIANCE/PARKING VARIANCE

(TCAD 0135380 23**4**)

WARNING: Filing of this appeal stops all affected construction activity.

PLEASE: APPLICATION MUST BE TYPED WITH ALL REQUESTED INFORMATION COMPLETED.

| LEGAL DESCRIPTION: Subdivision – River Place Section 16 |
| Lot(s) 51A Block M Outlot Division |
| I Jim Bennett as authorized agent for Bob Hard |
| affirm that on 12/10/14 hereby apply for a hearing before the Board of |
| Adjustment for consideration to: |
| ERECT - ATTACH - COMPLETE - REMODEL - MAINTAIN |
| A single family residence providing a total impervious cover of 35.2% on slopes with a gradient of 0-25%. |
| in a LA district. (zoning district) |

The Austin Electric Utility Department (Austin Energy) enforces electric easements and the setback requirements set forth in the Austin Utility Code, Electric Criteria Manual and National Electric Safety Code. The Board of Adjustment considers variance to the Land Development Code, and a variance granted by the Board of Adjustment does not waive the requirements enforced by Austin Energy. Please contact Christine Esparza with Austin Energy at 322-6112 before filing your application with the Board of Adjustment if your request is for a reduction in setbacks or height limits.

NOTE: The Board must determine the existence of, sufficiency of and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of

your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional support documents.

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because: the impervious for this lot is comparable to other homes in this area. Other homes in the area were allowed to construct under the limits prescribed on the subdivision plat.

HARDSHIP:

- 2. (a) The hardship for which the variance is requested is unique to the property in that:

 This property shares impervious cover thru the access easement. Many lots in this subdivision were approved and permitted to use the 35% impervious cover shown on the subdivision plat.
 - (b) The hardship is not general to the area in which the property is located because:

 The configuration of this lot and the application of the reduced impervious cover distinguishes this lot and is not general to the area.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

this proposed structure is compatible with the size and type of other homes in the area and is located to the rear of the lot and has intervening structures which limits visibility from the street.

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:
