

Land Use Issues

Gregory I. Guernsey, AICP, Director, Planning & Development Review Department

Chuck Lesniak, Environmental Officer, Watershed Protection Department

Brent Lloyd, Assistant City Attorney, Law Department

Betsy Spencer, Director, Neighborhood Housing & Community Development

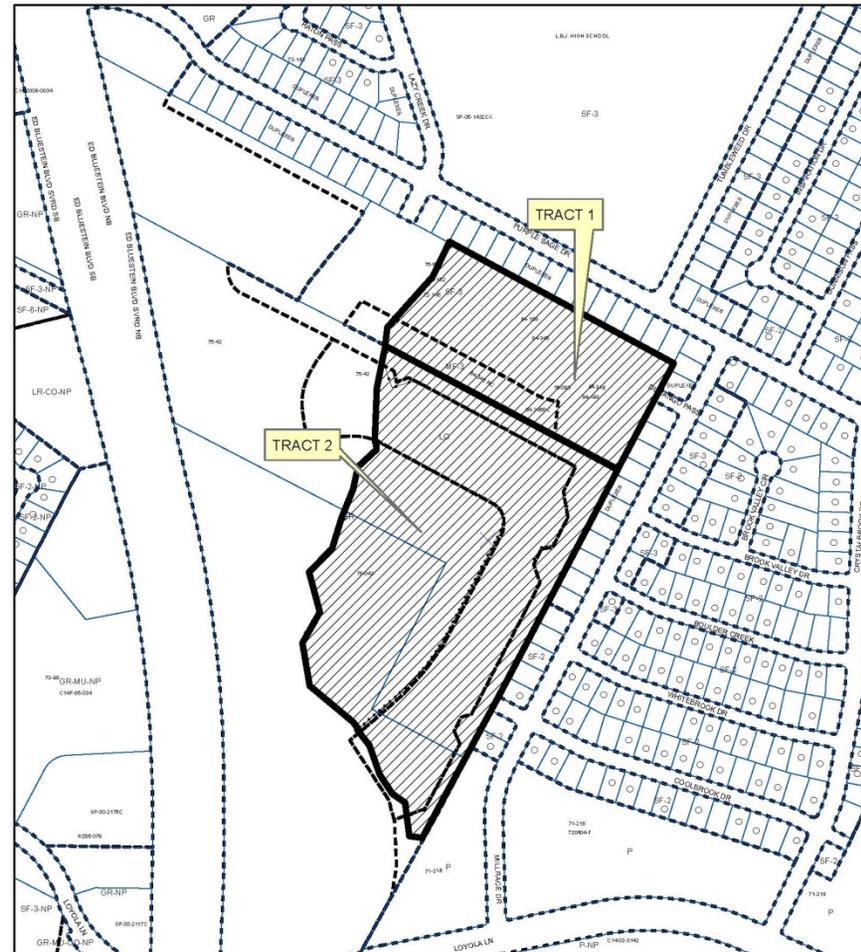

Rob Spillar, P.E., Director, Austin Transportation Department

Overview

- Land Development Process
- Development Policy Questions

Zoning

- Full and Limited purpose jurisdictions
- Divides land into separate districts
- Permitted Uses
- Site Development Standards

ZONING
ZONING CASE#: C14-2014-0158

Legend:
N
[Hatched Box] SUBJECT TRACT
[Dotted Box] PENDING CASE
[Dashed Box] ZONING BOUNDARY

1" = 400'

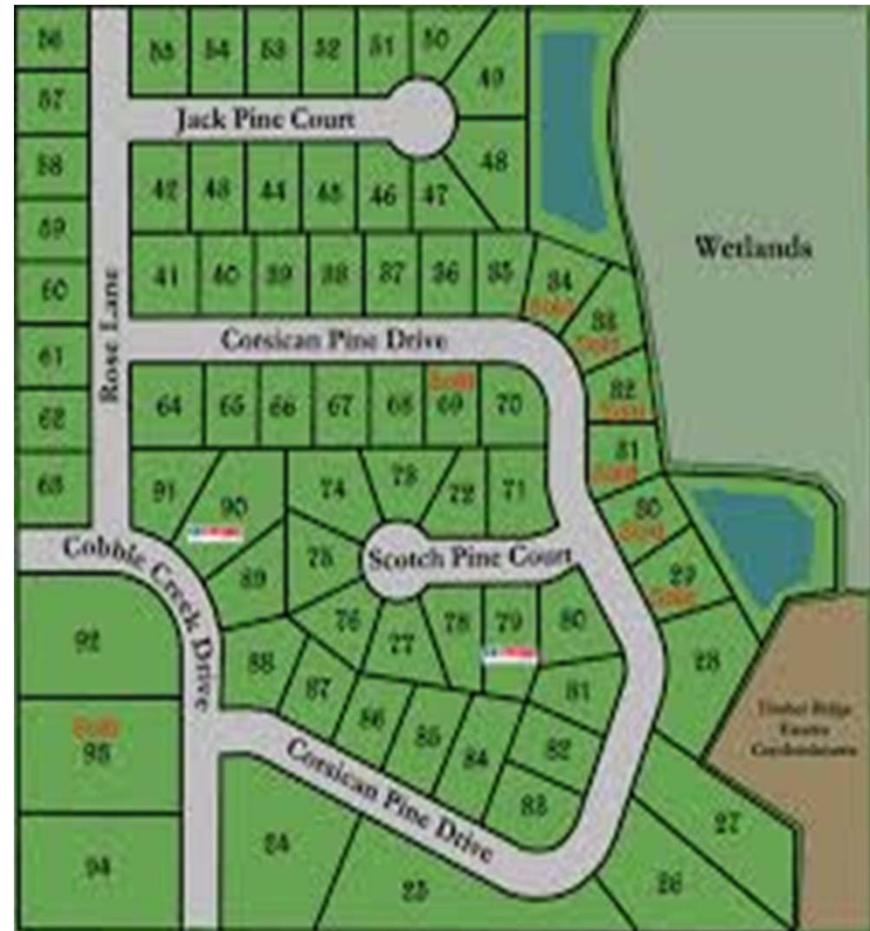

This product is for informational purposes and may not have been prepared for or be suitable for legal, engineering, or surveying purposes. It does not represent an on-the-ground survey and represents only the approximate relative location of property boundaries.

This product has been produced by CTM for the sole purpose of geographic reference. No warranty is made by the City of Austin regarding specific accuracy or completeness.

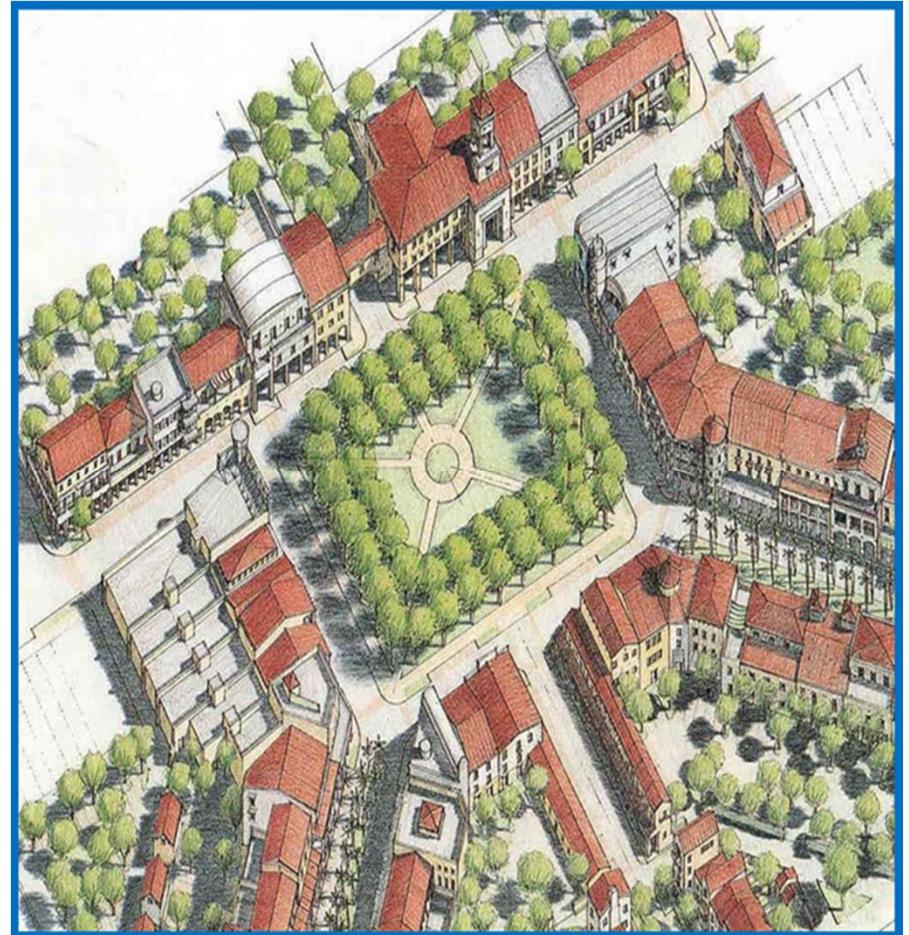

Subdivision

- Creates lots
- Legal Description
- Land transactions
- Utility and emergency vehicle access

Site Plan

- Required for Multifamily, Commercial, Civic and Industrial Uses
- Building use and location
- Grading, drainage and water quality controls
- Parking, landscaping and trees

Building Plan

- Building Construction
- Plumbing, Electric, Mechanical and Solar Trades
- Fire and Health Codes
- Inspections

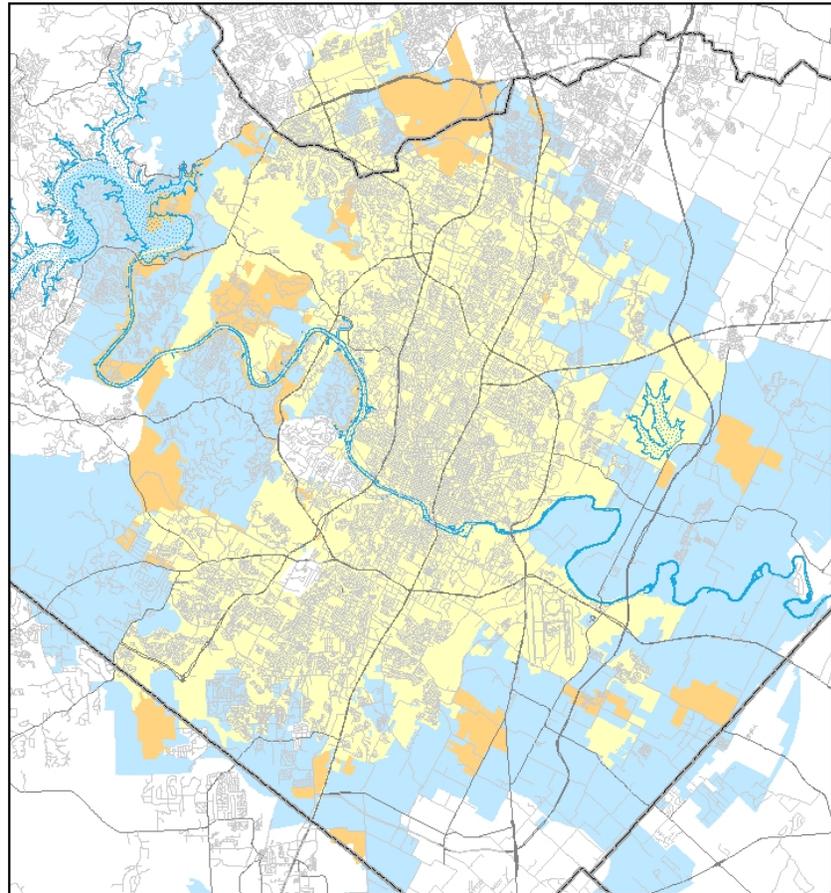

Legal Framework for Land Use Regulation

- Zoning: Use, Density and Scale
- Environmental: Water Quality & Tree Protection
- Council's Role:
 - Amendments: Code vs. Map Changes
 - Appeals
- Limitations: Constitution, State Law, Comprehensive Plan & City Code

Q1: What is Council's land development authority within the City limits and its extraterritorial jurisdiction?

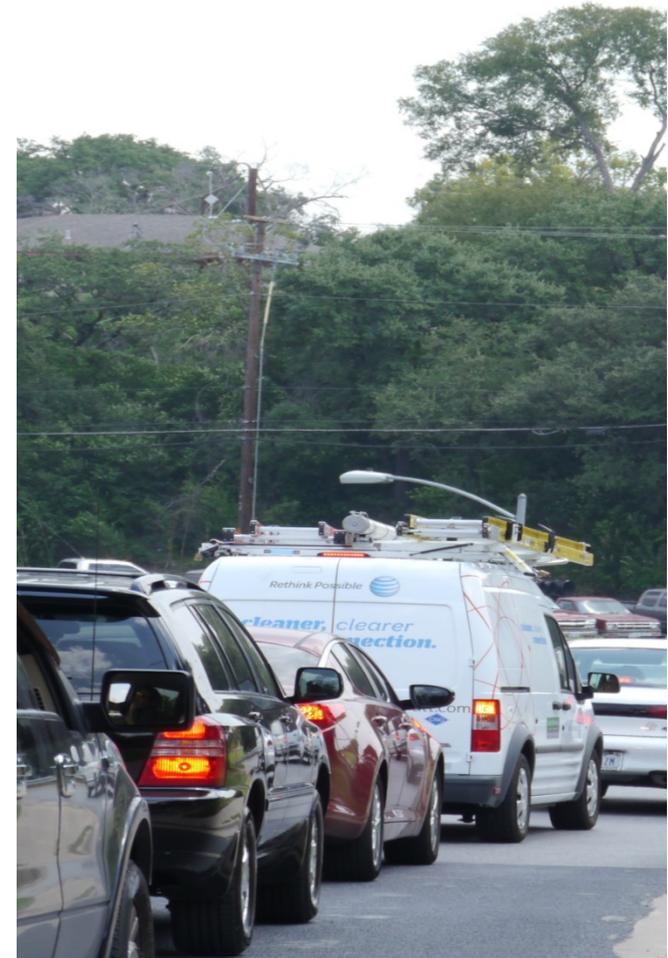

- Zoning
- Subdivision
- Water Quality
- Building Construction

Q2: What tools do we have to address transportation issues?

Congestion caused by a number of factors:

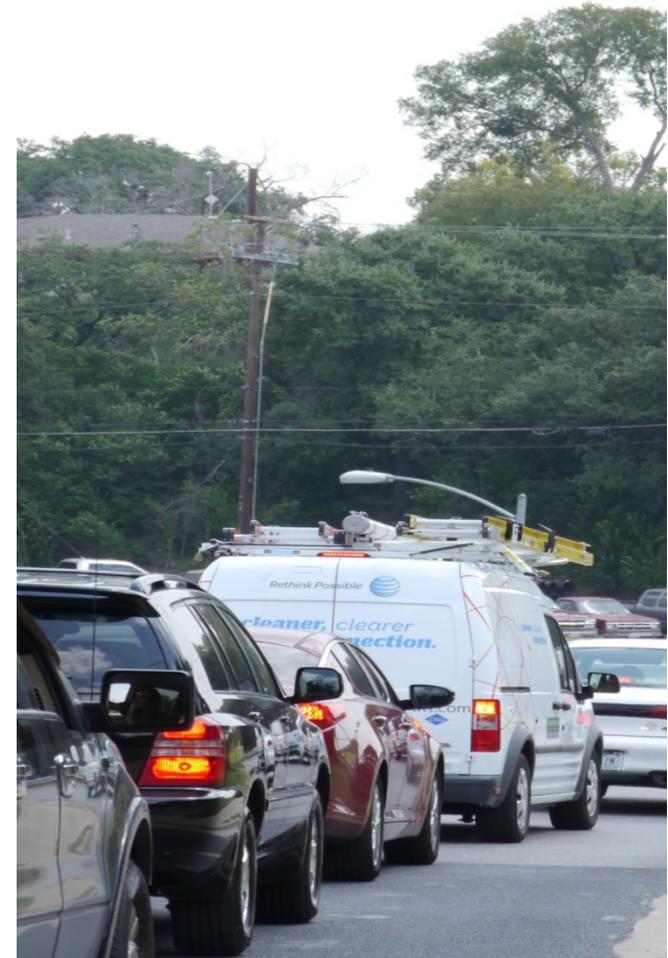

- Too much demand for travel
- Crashes and construction
- Too few direct or alternative routes
- Lack of travel alternatives
- Necessary traffic controls (signals, speed limits, etc.)

Q3: How do development regulations play a role?

Municipal role in transportation:

- Development regulation
 - Special zones such as Priority Transit Corridors and Designated Activity Centers
 - Transportation impact analysis (TIA)
 - Rough proportionality
- Planning
- Funding and constructing Infrastructure
- Traffic/Parking Regulations

Q4: How is environmental protection addressed in our development process and what is the Council's role?

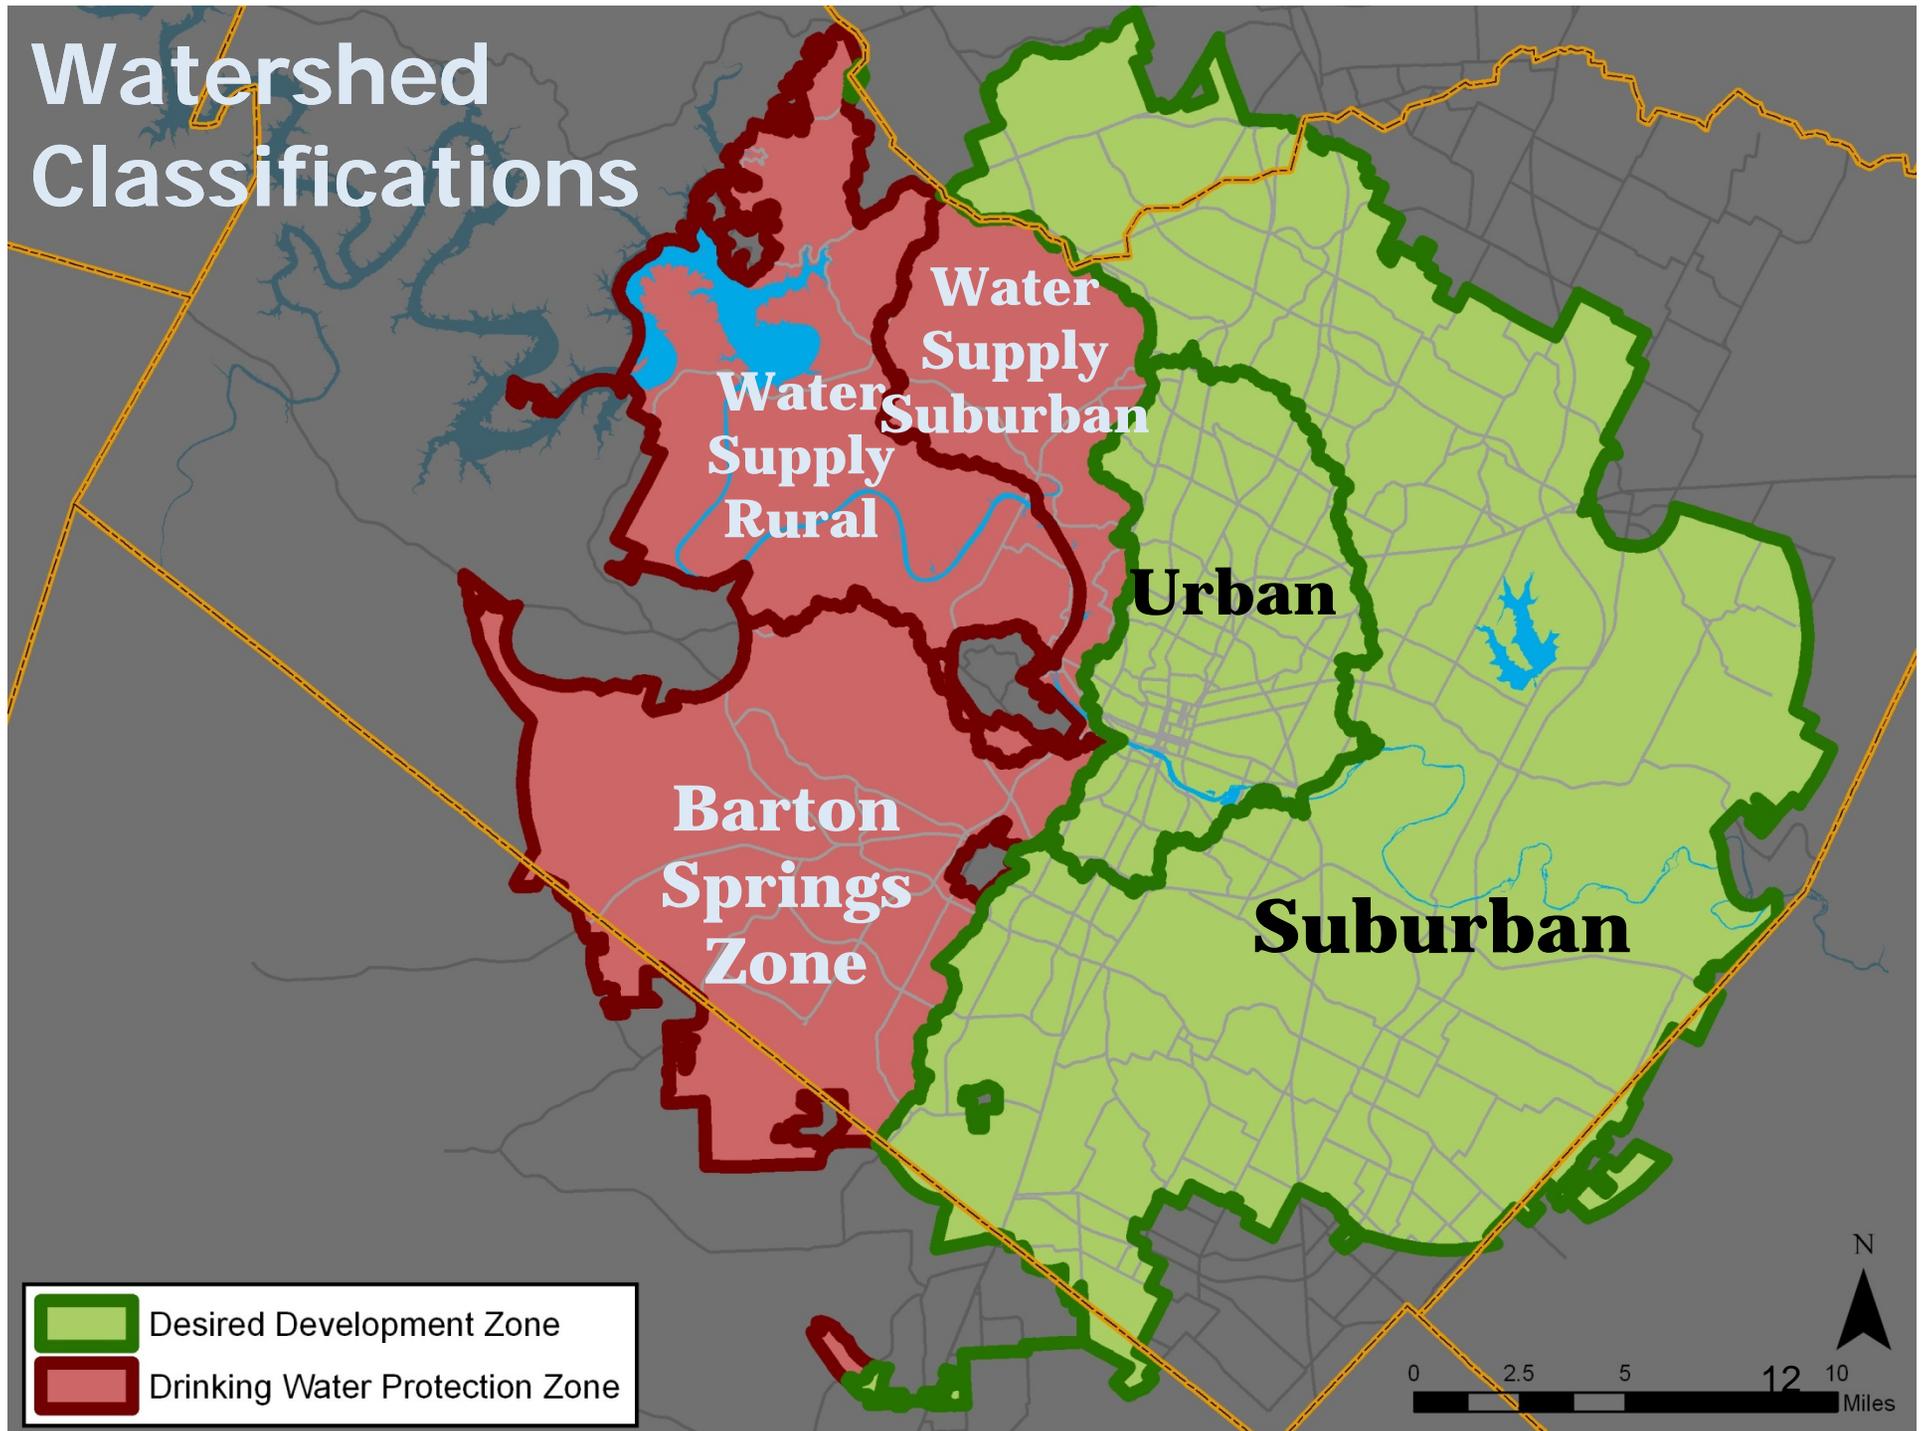

Council Role

- Long range planning
- Setting policies for areas of the City, e.g. incentives, utility service
- Approving and amending codes and ordinances
 - Area specific ordinances
 - Site specific ordinances
- Development agreements

Environmental Regulations

- Impervious cover
- Water quality treatment
- Buffers for creeks and critical environmental feature
- Tree protection
- Cut/fill
- Steep slopes

Watershed Classifications

Q5: What is the Council's role in preserving, maintaining and expanding affordable housing opportunities?

- Developer incentives (expedited review, additional entitlements, incentives)
- Regulations that promote diverse housing stock
- Reduced development costs for residential development
- Simplify land development review process

Q6: What flexibility does Council have for a project they prefer that does not meet current Code?

- Zoning
 - Planned Unit Developments
 - Planned Development Areas
- Incentives
- Public Private Partnerships
- Development Agreements
- Variances
