17 indicators measure whether we are moving toward four community goals:

- We are safe, just & engaged
- Our basic needs are met
- We are healthy
- We achieve our full potential

What quality of life issues need our collective attention and action?

- 2014 Work Plan
 - ▣ CAN report on the State of the Safety Net
 - ▣ Cross-walk of Quality of Life initiatives, Imagine Austin and findings in the Safety Net report
 - ▣ CAN convened 4 Safety Net Forums with about 500 participants
 - ▣ CAN Community Council held forums on issues and barriers facing vulnerable populations

What we learned...

We need to reconsider how we do business and provide services with a “person-centered” approach.

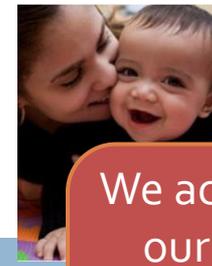

We are safe,
just &
engaged

Our basic
needs are
met

We are
healthy

We achieve
our full
potential

Help me get a good start.

Consider my whole family.

Provide services where I am.

Develop a system that works for me.

Empower me to improve my community.

Respect me and talk to me in a way I can understand.

Create neighborhoods where I can access opportunity.

2015 CAN Work Plan

What are the ways the City can work across departments and with other community partners to address these issues?

Initiatives

- Cultural Competence Training for systems leaders
- Language Access Survey and Forum March 24th from 1:30 – 4p.m. @ ATCIC
- Asset Based Community Development Training
- Food security forums in Del Valle and Manor in collaboration with CHA/CHIP
- Place-based planning meetings in Del Valle, Colony Park, Dove Springs and Rundberg
- Regional Policy Summit

Is America Dreaming?
