ORDINANCE NO.

AN ORDINANCE AMENDING SECTIONS 25-2-774 (*TWO-FAMILY RESIDENTIAL USE*), 25-2-1463 (*SECONDARY APARTMENT REGULATIONS*), AND CHAPTER 25-6 APPENDIX A (*TABLES OF OFF-STREET PARKING AND LOADING REQUIREMENTS*) OF THE CITY CODE RELATING TO ACCESSORY DWELLING UNITS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. City Code Section 25-2-774 (*Two-Family Residential Use*) is amended to read as follows:

§ 25-2-774 TWO-FAMILY RESIDENTIAL USE.

(A) For a two-family residential use, the base zoning district regulations are superseded by the requirements of this section.

(B) For a two-family residential use the minimum lot area is 7,000 square feet.

(C) The second dwelling unit:

(1) must be contained in a structure other than the principal structure;

(2) must be located:

(a) at least [15] 10 feet to the rear or side of the principal structure; or

(b) above a detached garage;

(3) may be connected to the principal structure by a covered walkway;

[(4) may not have an entrance within 10 feet of a lot line;]

[(5) unless the second dwelling unit has vehicular access from a rear alley, it must be served by a paved driveway, and the portion of the driveway that crosses the front yard must be at least 9 feet and not more than 12 feet wide;]

[(6)](4) may not exceed a height of 30 feet, and is limited to two stories; [and] [(7)](5) may not exceed a gross floor area of;

(a) 850 total square feet; or

(b) 550 square feet on the second story, if any;

(6) on a wall within 10 feet of a lot line that abuts a lot zoned SF-5 or more restrictive use, the second story may only have clerestory windows with a sill height of 66 inches above the second story finished floor.

(D) Impervious cover for the site may not exceed 45 percent.

(E) Building cover for the site may not exceed 40 percent.

[(F) Other than in a driveway, parking is prohibited in the front yard.]

PART 2. City Code Section 25-2-1463 (*Secondary Apartment Regulations*) is amended to read as follows:

§ 25-2-1463 SECONDARY APARTMENT REGULATIONS.

- (A) A secondary apartment is not permitted in combination with a cottage or urban home special use.
- (B) A secondary apartment must be located in a structure other than the principal structure. [The apartment may be connected to the principal structure by a covered walkway].
- (C) The secondary apartment:

(1) must be contained in a structure other than the principal structure;

(2) must be located:

(a) at least [15] 10 feet to the rear or side of the principal structure; or

(b) above a detached garage;

(3) may be connected to the principal structure by a covered walkway;

[(4) may not have an entrance within 10 feet of a lot line;]

Date: 11/14/2014 2:32 PM

PART 3. City Code Chapter 25-6 Appendix A (*Tables of Off-Street Parking and Loading Requirements*) is amended to read as follows:

CHAPTER 25-6 APPENDIX A.

PART 1 – MOTOR VEHICLES

| Use Classification <i>Residential Uses</i> | Minimum Off-Street Parking Requirement | Off-Street Loading Requirem ent |
|--|--|--|
| Cottage special use Mobile home residential [Secondary apartment special use] Single-family residential Small lot single-family residential Townhouse residential [Two-family residential] Urban home special use | 2 spaces for each dwelling unit | None |
| Secondary apartment special use Two family residential | Principal unit: 2 spaces Second unit: 0 spaces if 550 sq. ft. or less, 1 space if more than 550 sq. ft. | None |

PART 4. This ordinance takes effect on _____, 201_.

COMMUNITY COMMENTS from October 20th

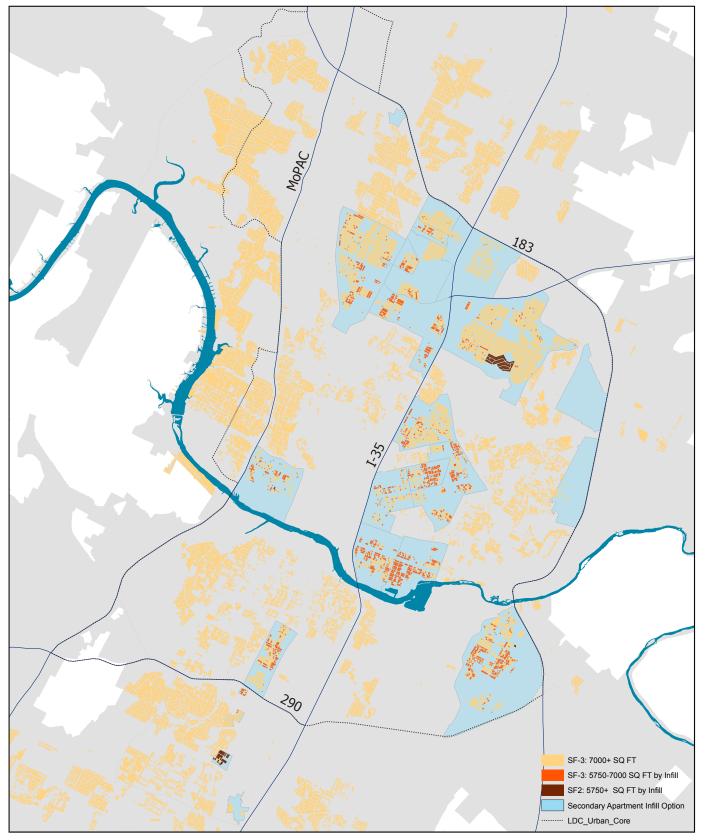

Like high window requirement; revised entrance requirement ok.

- Why? If this were one house, there would be no requirement.
- What about grandfathered structure w/ existing windows?
- This should be compatible as there are already flats within 10' that were not permitted in the Northfield neighborhood.
- Probably not necessary but seems fine.
- I don't think the window amendment is a good idea. There are other design solutions for privacy.
- Why 10'; why not 5'?
- Why can't this be connected?
- This is a good amendment ADUs up front are often better for character preservation of neighborhoods.
- Like the flexibility of siting while preserving neighborhood character. Yes, 10' is what fire code says anyway.
- Need more flexibility to accommodate all setbacks. Why is any separation required if it would help ADU placement within odd shaped lots. Not a safety issue (street access the same at existing houses).
- Would love to see attached or internal units available to rent out. 10' is an improvement, but internals add some flexibility.
- SF-3: no requirement for preserving trees under 19" caliper.
- Why not (allow Type 2 STR)?
- What about existing use as a short term rental?
- A property with no alley means traffic between houses any time of day or night - if short term rental, increased noise and person traffic.
- This is a positive step. How about removing parking for ADU of all sizes within 1/2 mile of TOD, core transit corridors or future CTC?
- Determine parking spaces by Walkscore; more walkable=less spaces. What about residential permit parking? Now we have 2 permits only per
- Parking capacity analysis should be done on urban streets.
- Square footage of an ADU is irrelevant. What matters is that occupant of ADU does not own a car, otherwise a space for the ADU occupant's car should be required.
- Parking reduction should be a neighborhood opt in option.
- Existing alleys in the avenues between Hyde Park and Northfield neighborhood have managed to park cars on the side of the alley with little difficulty. I support this amendment.
- The current driveway requirement disqualifies far too many lots, especially when trees are in the way.
- Step in the right direction.
- Yes, please! This is a good suggestion.
- How does this work with driveway cut limits?
- "Paved" driveway change to pervious pavement.

Planning and Development Review Department

LOTS WHERE ADUS ARE ALLOWED BY RIGHT

CURRENT REGULATION

PROPOSED AMENDMENT

Accessory dwelling units are permitted in SF-3 zoning districts on lots 7,000 square feet and larger.

The secondary apartment special infill tool allows a second dwelling on lots 5,750 square feet and larger in SF-1 through SF-3, SF-5, SF-6 and MF-1 through MF-6 zoning districts. The tool could be adopted neighborhood wide or in sub districts during the neighborhood planning process.

In the map at left, the areas in blue adopted the secondary apartment special use tool. No change in minimum lot size. Why any limits on location?

No change in zoning districts where ADUs are allowed.

ENT COMMUNITY COMMENTS from October 20th

Can we open up ADU development on all areas? where ADUs Important for addressing housing issues in the city.

> Don't see how this helps with lots < 7,000 sq. ft. The non blue areas are some where > housing density is needed most.

I would prefer to simplify and remove lot size requirement entirely. Let setbacks and impervious cover, etc. rule.

I have a 6600 sq. ft. Deep Eddy lot for which I seek accessory dwelling use. My neighborhood plan did not adopt small unit infill on lots < 7,000 sq. ft. The ADU ordinance does nothing for my situation.

Disappointed more lots won't qualify where we need options most (e.g. Zilker). If ADUs meet all other criteria (setbacks, impervious cover) why is lot size even relevant?

September 18, 2014 Meeting

| Facilitator | how would adding more ADUs throughout Austi as individuals? | n benefit us? as a community | what would adding more ADUs through as individuals? | out Austin cost us? as a community? |
|-------------|--|--|--|---|
| racintator | | as a community | | as a community: |
| Robert A | Able to live close to family/work in Central Austin | ADUs are one of the best ways for builders to build affordable housing stock | | If parking is not required, neighborhoods will experience more street parking |
| | I want ADUs that are built by builders instead of builders building large, unaffordable houses | ADUs bring more people which brings more retail, which makes Austin more walkable and green; | | Parking - Barton Hills Drive, parking is already on the street |
| | ADUs are more aesthetically pleasing than | Affordable options for young families to | | |
| | attached duplexes | buy starter homes | | |
| | Allow for care to be provided to relative in close proximity. | Small houses built to current standards = low energy use per person, so they are better for the environment and affordability | | |
| | Ability to age in place | Increased housing supply = lower housing cost | | |
| | Being close to grandchildren | Smaller unit sizes allow for racial/ethnic/economic diversity within neighborhoods - Austin is VERY SEGREGATED | | |
| | Able to send kids to great schools | Smaller home sizes = less materials used = more sustainability | | |
| | | Condo ADUs allow for income diversity in Central Austin. I want builders to continue building them. | | |
| | | Increasing density while preserving architectural scale/context/character | | |
| | | Benefitting local business by taking pressure off commercial corridors to redevelop to mixed use (and thus price small business out) | | |
| | | Create housing in central areas closer to offices and commercial establishments, and thus reduce traffic and incentivize biking and walking | | |

| | how do we address these? | Other Comments |
|----|---|---|
| ds | Parking Issue - Allow a garage on an ADU without counting it toward the FAR total. | Stopping ADUs won't stop stealth dorms which can be done with attached duplexes or single family large homes |
| | Consider incentives for owner + renter ADU developments but do not require them (this was in response to the owner-occupancy requirement) | Builders will build large unaffordable houses if ADUs are stopped |
| | Consider three bands of regulations: | |
| | 0-500 sf: least 500-850: more 850-up: most restrictive but allowed | ADUs are preferable to large attached duplexes. If builders can't build ADUs they will build more attached. |
| | Consider various other surfaces for parking, i.e., porous pavement, pervious pavers, gravel, etc. | If only homeowners can build ADUs and rent them out, then property tax increases will NOT be halted, and increases will be passed to renters. The intention would be negated |
| | Affordable Housing Incentive Task Force Ordinance allows 55% impervious cover on lots with affordable ADU. Can this be improved or made more effective? | To only allow ADUs to be built by homeowners is an unfair preference towards owners, and due to cost, rich owners |
| | | Consider keeping parking requirement on site, but allowing parking to be separate from ADUs. |
| | | Es imposible que comprar una casa en la zona central si no eves rico, ADUs se ampliand numero de posibilidades a comprar, a precios bajos |
| | | ADUs allow for singles, young couples, and small families to afford central Austin. At this point, unless you brought 20+ years ago, you can't afford central Austin unless you're welathy |
| | | Make clear what changes may come about to the entitlements to large garage apartments in NPs or on SF3 lots>7000 sf |
| | | There are some large lots with duplexes already on site - could an ADU be added to create triplex (missing middle)? |

Apply owner-occupancy requirements only near UT, or , say, only in McMansion area, etc.

| | how would adding more ADUs throughout Austin benefit us? | | what would adding more ADUs throughout Austin cost us? | |
|-------------|--|--|--|-----------------|
| Facilitator | as individuals? | as a community | as individuals? | as a community? |
| | | ADUs increase the number of families in | | |
| | | school zones in central Austin, allowing | | |
| | | good schools to stay open and keeping | | |
| | | more outlying schools from being as | | |
| | | overcroweded | | |
| | | | | |
| | | | | |
| | | Aesthetics of ADUs are superior to Duplex | | |
| | | More people on bikes/walking is less traffic | | |
| | | on major roads | | |
| | | | | |

| how do we address these? | Other Comments |
|--------------------------|---|
| | Educate persons about how increases in entitlements affects property values - and how doing an entitlement city-wide will be different from allowing in certain neighborhoods. |
| | I want the city to incentivize builders to build ADUs over large houses or unaattractive attached duplexes, not make them illegal |
| | Why maximum of 850 sf? We would like to go to at least 1000 sf. |
| | Educate persons concerned about parking on street regarding neighborhood parking management (like painging hockey sticks in street) There should be a special review process to expedite |
| | the approval |

| | how would adding more ADUs throughout Austin benefit us? | | what would adding more ADUs throughout Austin cost us? | |
|-------------|--|----------------|--|-----------------|
| Facilitator | as individuals? | as a community | as individuals? | as a community? |

| Renee | Less likely to tear down main house - ability to improve and add an appropriate unit, ie alternative is demolish and build duplex on 7,000+ | Most sensitive to neighborhood character - behind house and limited affect on streetscape | Nnegative effects on homestead exemption | Owner occupancy requirement is barrier to adding ADUs to housing stock |
|--------|--|---|--|---|
| | Subsidizes mortgage | Less massing/more compatible with existing homes than duplexes but allows same denity - ADUs are invisible density | 911 access? | Possible parking problems with high occupancy/ student tenants |
| | Accommodate relatively affordable rental options | Owner occupancy good for neighborhood and community | Parking? | Don't allow short term rentals |
| | ADU can be sold separately from main house - more affordable path to ownership, works best where lot configuration allows good access to | | | |
| | ADU (corner lot, alley lot, double lot) | | Trees? | Opt out option for neighbors |
| | No common walls are more desirable at all price points | 2 | Is it affordable? | Young professionals/low income ingnored |
| Emily | Incentives could make property more affordable - if owners get a reduction in permit costs then owner would charge lower rent or \$ from affordable housing incentive | By design, ADUs are an affordable housing option that compliments existing housing stock and neighborhood character | | Existing code should remain until the community finishes codenext |
| | | | | Parking requirements should not be reduced |
| | | | | Do not reduce impervious cover requirements |
| | | | | ADU development needs to be controlled by neighborhood plans |
| | | | | Wait for 10-1 Council to be in place |
| Daniel | ADUs have a yard which is a big plus in affordable housing | Don't limit ADUs to owner occupied. More ADUs benefit the whole community. | | |
| | ADUs give senior citizens more choices and possibilities to stay in their neighborhood. | Increased density makes mass transit more viable. | | |
| | | | | |
| | | | | |

| how do we address these? | Other Comments |
|--------------------------|---|
| | STRs = loss of housing stock, occupants are transient, do not allow ADUs unless owner occupies house |
| er | Neighborhood planning process already allows ADUs |
| | Owner occupant not as likely to rent to section 8/low income tenants |
| | Hard to regulate owner occupancy - compare to duplex on same 7000 sf lot which would have no such requirement |
| | Would drive development/density toward duplexes on lots that allow them |
| | |

If it ain't broke, don't fix it

| how do we address these? | Other Comments |
|--------------------------|---|
| | Allow 2 ADUs if total square feet of space is within 850 limit. Maybe allow if one off-street parking space |
| | provided on site. |
| | |
| | Allow larger, separate structures - 1000-1200 sf - and especially if front house is small/historic |
| | ADU should allow for basement aea exemptions like |
| | housies in Sub Chapter F |
| | Increase ADU max. from 850 to 1000 sq. ft. |
| | Important things to consider: relax impervious cover to allow larger ADU, allow ADUs up to 1000 sq. ft., relax building coverage and FAR, allow separate |
| | ownership of ADUs, larger ADU will allow master bedroom downstairs, relax parking to 1 space for <850 sq. ft. ADU |
| | Consider reducing off-street parking requirements for all ADUs |
| | Like the idea of loans to build affordable units |
| | Consider less side yard setback for corner lots |
| | Consider more height for pier and beam designs Support smaller lot sizes to add ADUs |
| | Support smaller for sizes to add ADOS |
| | Consider allowing ADUs (larger than 550 on second story) by right within 1/4 or 1/2 mile of rail or bus |
| | For small, historic houses on narrow, deep lots, consider allowing existing house to be ADU and larger house to be built at rear of lot - maintains historic structures and neighborhood character and avoids tearing down existing house |
| | Opppose occupancy requirement - will reduce # of ADUs built |
| | Oppose allowing rental properties on virtually every backyard |
| | Prohibit Commercial Type 2 STR, retain exisitng gross floor area limit, no assurance changes would help property owners, NP must continue to be decider for any reductions in ADU regualtions |
| | Do not reduce minimum lot size or building separation requirement, do not increase height limit |
| | Owner occupancy would recuce # of ADUs built |
| | Support allowing properties < 7,000 sf to build a |
| | granny flat, support making it easier for homeowners |
| | to build small, detached structures Reduction in ADU requirement should be optional |
| | tool. Prohibit Type 2 STR. Retain impervious cover |
| | limit. Retain parking requirement for safety, |
| | visitability, access. Affordability claims are far from clear. |
| | |

| | Support changes to make more ADUs available and |
| | incentivized for other Austinintes |
| | Hope to see more smaller units and density in close-in |
| | areas |
| | Do not support ADUs on smaller lots; concerned about |
| | where ADU dwellers will park |
| | |
| | Support reducing barriers to building ADUs - support |
| | lowering minimum lots size, increasing impervious |
| | cover limit, dropping parking requirement |
| | Consider allowing stairs in side yard setback to |
| | encourage ADUs |
| | Support keeping current code |
| | Oppose doubling/tripling population with ADUs |
| | 1. Do not override local deed restrictions or apply to SF-2 2. Waiving parking requirements for these new units should only ccur where there is ample on-street space for additional cars 3. How does the City expect to ensure that residents in these units do not possess cars? 4. There is no suggestion that there would be a prohibition on renting such units as STRs; why add more units when you are already removing units from the market? 5.Increasing maximum gross floor area for second story units undoes regulations hard fought by residents to keep these units compatible with single family housing. Any increase in McMansion FAR should not occur because it undoes another set of regulations that protect single family areas 6. Non complying structures should not have second stories allowed in required setbacks. |

RESOLUTION NO. 20140612-062

WHEREAS, the Imagine Austin Comprehensive Plan prioritizes the need for a mix of housing types across the city, including both rental and homeownership opportunities for singles, families with and without children, seniors, persons with disabilities, and multi-generational families; and

WHEREAS, accessory dwelling units ("ADUs") can provide new housing units without changing the feeling or texture of established neighborhoods and allow more efficient use of existing housing stock and infrastructure; and

WHEREAS, ADUs can help homeowners make ends meet while providing affordable, central-city rental opportunities for single young people, seniors, and multi-generational families by providing a mix of housing that responds to changing family needs and smaller households; and

WHEREAS, 34% of Austinites live in single person households; and

WHEREAS, currently ADUs of up to 850 square feet are allowed on lots of at least 7,000 square feet by right, or on lots that are 5,750 square feet if that neighborhood has opted in to the Secondary Apartment Special Use Infill Option through their neighborhood plan; and

WHEREAS, currently, if an ADU is SMART Housing certified in a neighborhood planning area that has adopted the affordable housing option, it may be allowed increased impervious cover and increased gross floor area; and WHEREAS, a 500 square foot ADU is likely to be relatively affordable; and

WHEREAS, Portland and other cities have reduced obstacles to ADUs by means such as waiving development fees and parking requirements in an effort to encourage the development of ADUs; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

- The City Council initiates amendments to Title 25 of the City Code and directs the City Manager to develop an ordinance that reduces regulatory barriers to the development of ADUs that are less than 500 square feet in size and located on a lot containing at least one owner occupied structure, whether principal or accessory. The ordinance could be applied citywide or as an infill option.
- 2. The ordinance should include, but need not be limited to, eliminating parking and driveway requirements.
- 3. The City Manager is further directed to convene a stakeholder process to develop additional recommendations for ADUs of any size, including but not limited to code amendments that:
 - a. reduce minimum lot size;
 - b. reduce building separation requirements;
 - c. increase maximum gross floor area for 2nd story ADUs;
 - d. create design standards for ADUs; and
 - e. allow a legally non-complying structure to add an ADU, if located on a lot with sufficient area.

Construction of this ordinance should take into account the effect of similar ordinances in peer cities on the supply of housing, particularly affordable housing, and on the character of single-family neighborhoods.

4. The City Manager is directed to present the proposed ordinance to the City Council within 120 days.

ADOPTED: _______, 2014 ATTEST: /

mte Jannette S. Goodal

City Clerk

AFFORDABILITY IMPACT STATEMENT

NEIGHBORHOOD HOUSING AND COMMUNITY DEVELOPMENT CITY COUNCIL AGENDA: RESOLUTION NO: 20140612-062

| PROPOSED CODE Amendment: | PROPOSED AMENDMENTS TO THE LAND DEVELOPMENT CODE AMENDING SECTIONS 25- 2-774 (TWO-FAMILY RESIDENTIAL USE), 25-2-1463 (SECONDARY APARTMENT REGULATIONS), AND CHAPTER 25-6 APPENDIX A (TABLES OF OFF-STREET PARKING AND LOADING REQUIREMENTS) OF THE CITY CODE RELATING TO ACCESSORY DWELLING UNITS. |
|---|--|
| IMPACT ON REGULATORY BARRIERS TO | |
| AFFORDABLE HOUSING DEVELOPMENT | THE PROPOSED CODE AMENDMENT SUPLOK IS THE GOALS OF IMAGINE AUSTIN HOUSING AND NEIGHBORHOOD POLICY 1: DEFRIBUTE A VARIETY OF HOUSING TYPES THROUGHOUT THE CITY TO COMP THE CHOICES AVAILABLE TO MEET THE FINANCIAL AND LIFESTYLE NEEDS OF DESTING THE POPULATION. |
| LAND USE / ZONING OPPORTUNITIES FOR AFFORDABLE HOUSING DEVELOPMENT | |
| IMPACT ON COST OF DEVELOPMENT | |
| | CLEVIATING SOME REGULATIONS AFFECTING THE DEVELOPMENT OF ACCESSORY DWELLING UNITS CAN HAVE REDUCE THE COST OF HOUSING DEVELOPMENT. THIS INCLUDES: |
| | - REDUCTION IN THE MINIMUM DISTANCE FROM THE PRINCIPLE STRUCTURE |
| | - REMOVING THE REQUIREMENT THAN AN ACCESSORY DWELLING UNIT BE SERVED BY AN ALLEY OR PAVED DRIVEWAY |

| | - REDUCTION IN THE PARKING REQUIREMENT FOR ACCESSORY DWELLING UNITS |
|---|--|
| IMPACT ON PRODUCTION OF AFFORDABLE HOUSING | POSITIVE NEGATIVE NEUTRAL THE PROPOSED AMENDMENTS COULD HAVE A POSITIVE IMPACT ON THE DEVELOPMENT |
| | OF ACCESSORY DWELLING UNITS. ACCESSORY DWELLING UNITS ARE AS A HOUSING TYPE PROVIDE OPPORTUNITIES FOR HOUSING THAT IS MORE AFFORDABLE TO MORE PEOPLE AS WELL AS PROVIDE PROPERTY OWNERS WITH AN OPPORTUNITY TO CREATE AN ADDITIONAL REVENUE STREAM THEREBY INCREASING NO SCHOLD INCOME. |
