

Endorsement for an Austin Two-Generation Vision

The City of Austin Early Childhood Council endorses the following Two-Generation Vision for Austin:

*Policies and programs are designed, and their resources are aligned, to help parents improve basic educational skills and become economically stable, to strengthen parents' ability to be positive influences on their children's development, and to help children achieve their maximum potential by simultaneously addressing the needs of parents and children. Meeting the needs of both generations will produce larger and more enduring effects than can be achieved by serving parents and children separately.*

Our endorsement signifies that we support the two-generation vision and will consider taking future actions to assist with its implementation. While our endorsement does not commit the ECC to taking specific actions at this point, we are excited about the momentum behind the two-generation approach and the potential of our participation.
