Master Plan Purpose

- The Transportation Department completed a preliminary Pressler Street extension design across parkland and provided to PARD mitigation funds which will be utilized to fund the master plan.
- Community desire to plan park comprehensively to address issues including parking, environmental protection, public benefits and Pressler Street traffic impacts.
- Provides an avenue for existing stakeholders and public to provide input on the vision of the park.
- City Council Resolution 20140612-060 directs the City Manager to expedite the master planning process for Lamar Beach.

Master Plan Scope

- Site Analysis and Data Collection
 - Previous Reports
 - Site Reconnaissance
 - Comparable Park Review
- Public Outreach
 - Stakeholder Meetings
 - Minimum of 3 Public Meetings
- Plan Development
 - Opportunities and Constraints
 - Preliminary Design Concept Options
 - Draft and Final Master Plan
- Committees, Commissions, Boards and Council Review and Action

Consultant Selection Process

- February 16, 2015— Requests for Proposals issued
- March 26, 2015— Four proposals received
- Proposals evaluated and scored by 5-member team based on:
 - Solution Proposed
 - Applicable Experience
 - Personnel Qualifications
 - Cost Proposal
 - Local Business Presence
- April 13, 2015—Evaluation team scores proposals and identifies recommended firm

CCC Action Requested & Next Steps

- PARD has completed a thorough evaluation and has identified a qualified consultant who has demonstrated the capacity to deliver the requirements outlined in the scope.
- Make a recommendation to the Parks and Recreation Board to recommend to City Council the award, negotiation, and execution of a contract with the selected offeror to RFP No. TVN0051 to complete the Lamar Beach at Town Lake Metro Park Master Planning, for a total contract amount not to exceed \$200,000.
- Upon approval of City Council to authorize the award, negotiation and execution of a contract, PARD will seek to negotiate a contract within the project budget of \$200,000.
