RE: Waller Creek District: Tunnel Side Inlet Modifications and Waterloo Park Interim Design Phase Plan

Dear Tom:

Enclosed herewith you will find the full Tunnel Side Inlet Modifications and Waterloo Park Interim Design Phase Plan. Please refer to the enclosed Exhibit F for a Project Budget including identification of funding sources. This Phase Plan for the Waller Creek District provides for design, documentation and coordination with the City of Austin Waller Creek Tunnel Project Team. The scope of work includes addressing changes at the side inlets to the tunnel at 4th and 8th streets and their immediate surrounds and opposite banks as well as developing more advanced design for an interim plan for Waterloo Park.

The Joint Development Agreement, Section 3, identifies the documentation required for each proposed phase plan. The attached matrix identifies all of the submission requirements and those applicable to this applicable scope of work and where they can be found in this document.

If you have questions or concerns, please let me know and we will address them quickly.

Sincerely,

Gretchen Flatau
Executive Director
Waller Creek Conservancy

The Phase Plan described in this document has been reviewed and approved specific to the scope described herein.

Mr. Tom Meredith
Vice President, LGC Representative
