PROPOSED DEVELOPMENT: The applicant is requesting a 3-year extension to a previously approved site plan. The proposed project consists of installing shoreline stabilization improvements to help prevent embankment erosion and restore the shoreline to a more natural state.

SUMMARY STAFF RECOMMENDATION: Recommended by staff. The applicant is requesting a three-year extension to a previously extended site plan (from November 5, 2014 to November 5, 2017).

The applicant has included a letter explaining the need for an extension; this is included in this backup.

25-5-63(C) Extension of released site plan by the Land Use Commission: "the Land Use Commission may extend the expiration date of a released site plan beyond the date established by this chapter if the Land Use Commission determines that the request complies with the requirements for extension by the director under 25-5-62 (*Extension of Released Site Plan by Director*)."

25-5-62(C)(1)

(C) The director may extend the expiration date of a released administrative site plan one time for a period of one year if the director determines that there is good cause for the requested extension; and

“ (1) the director determines that:

(a) the site plan substantially complies with the requirements that apply to a new application for site plan approval;

01/12

- (b) the applicant filed the original application for site plan approval with the good faith expectation that the site plan would be constructed;
- (c) the applicant constructed at least one structure shown on the original site plan that is suitable for permanent occupancy; or
- (d) the applicant has constructed a significant portion of the infrastructure required for development of the original site plan; and”

RE: Site Plan Extension Request Letter for Permit SP-2010-0321D, 6D Ranch LTD, Shoreline Improvements

To whom it may concern:

On behalf of DFI Resources, LLC, Texas Engineering Solutions would like to request an XT2 extension to the site plan expiration date for 6D Ranch LTD Shoreline Improvements. A Commission approved, one time, three year, extension is requested for this project.

The property owner has been unable to complete the permitted improvements at this time, as there has not been a drawdown of Lake Austin since it was lowered January 3rd through February 13th of 2011. An administrative, one time, one year extension was released November 5, 2013 to November 5, 2014; however mobilization and completion of work were not possible. In addition, since the lake was not lowered in this time period, it is expected that completion of the project is not feasible until the lake is drawn down again.

Therefore we request that the site plan expiration date be extended to November 5, 2017. Please contact me if you have any questions regarding this request.

Thanks for your time and consideration.

Sincerely,

Justin Lange, P.E.
