

MEMORANDUM

TO: Randy Alexis, Principal Planner

Brian Long, Supervising Engineer

Austin Water Utility

FROM: Jennifer Torrez, Senior Utility Financial Analyst

Austin Water Utility

DATE: May 23, 2013

SUBJECT: Semi-Annual Impact Fee Report from October 1, 2012 to March 31, 2013

Attached for your information is the Semi-Annual Impact Fee Report of Collections as of March 31, 2013. The report is based on financial information reported in the City's accounting system. Fees collected during this period are improving from their lowest level over the past two years.

In summary, combined utility capital recovery fees collected plus interest during the six month period totaled \$3,974,428.87. Of this total, \$2,563,325.15 was for water and \$1,411,103.72 was for wastewater. Total capital recovery fees collected plus interest since the adoption of the current ordinance on June 20, 1990, through March 31, 2013, totaled \$106,125,465.18 for water and \$64,579,024.26 for wastewater, for a combined utility total of \$170,704,489.44.

As of March 31, 2013, the cash balances in the water and wastewater CRF funds were \$1,441,254.52 and \$1,119,098.39, respectively, for a combined total of \$2,560,352.91. The balances reflect the total transfer of \$4,800,000 from the CRF funds to the operating funds from there to the Debt Service Fund for the year. In December 2012, \$2,600,000 from Water and \$1,800,000 from Wastewater was transferred. Then in March of 2013 another \$400,000 from Water was transferred.

We revised some of the classifications of waived service units due to updated information.

Please let me know if you have any questions or need additional information.

Austin Water Utility Capital Recovery Fee Financial Summary

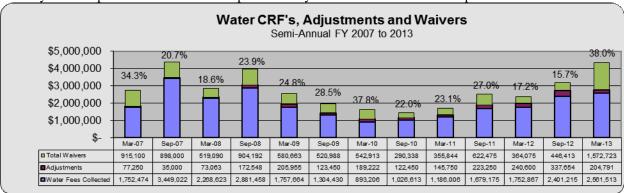

Semi-Annual Impact Fee Report

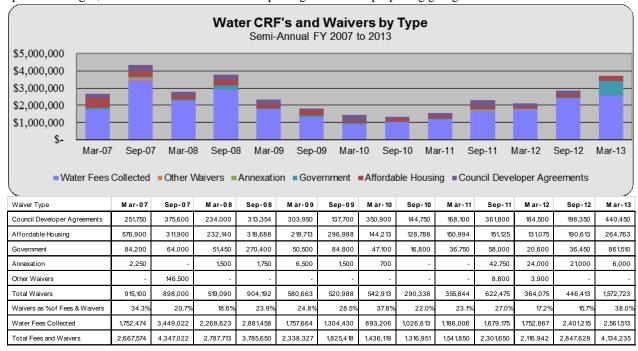

Period Ending March 31, 2013

Texas Local Government Code, Chapter 395, Section 395.058, requires that the Impact Fee Advisory Committee "file semiannual reports with respect to the progress of the capital improvements plan and report to the political subdivision any perceived inequities in implementing the plan or imposing the impact fee." This report supports the committee by providing financial information about the collection of capital recovery fees and the value of fee waivers.

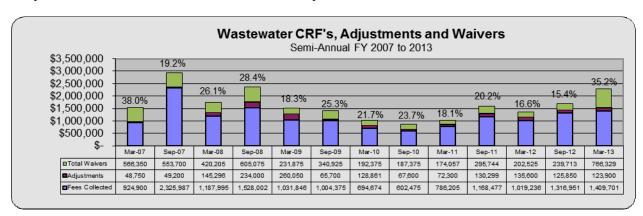

The chart below shows the breakdown between water fees and waivers, which are granted for policy reasons or negotiated by Council, and adjustments which recognize situations in which fees are not owed. In the period ended March 31, 2013, the utility collected \$2.56 million and exempted or waived \$1.57 million. The waived capital recovery fees comprise 38.0% of the total capital recovery fees before waivers or exemptions.

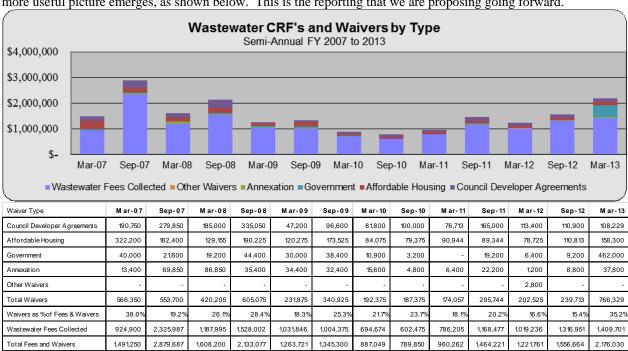

If adjustments are excluded and waivers are grouped into categories by policy area, a different and more useful picture emerges, as shown below. This is the reporting that we are proposing going forward.

The chart below shows the breakdown between wastewater fees and waivers, which are granted for policy reasons or negotiated by Council, and adjustments which recognize situations in which fees are not owed. In the period ended March 31, 2013, the utility collected \$1.41 million and exempted or waived \$0.77 million. The waived fees comprise 35.2% of the total fees before waivers or exemptions.

As with water, if adjustments are excluded and waivers are grouped into categories by policy area, a different and more useful picture emerges, as shown below. This is the reporting that we are proposing going forward.

The attachments included with this report provide detail on the following:

- 1. Current semi-annual period and inception to date Capital Recovery Fee Collections.
- 2. Six month Capital Recovery Fee Collections by Zone.
- 3. Fiscal year Capital Recovery Fee Collections by Quarter and Zone.
- 4. Capital Recovery Fee Report by Fund, Inception through March 31, 2013.
- 5. Capital Recovery Fee Report by Class, Inception through March 31, 2013.
- 6. Semi-Annual Capital Recovery Fee Units for Wholesale Customers for Period Ended March 31, 2013.
- 7. Summary of Capital Recovery Fee Exemptions and Waivers for the Period Ended March 31, 2013.

City of Austin, Texas Austin Water Utility

Notes to Summary of Capital Recovery Fee Exemptions and Waivers:

- (1) LDC = The City of Austin Land Development Code.
- (2) LUE Assignment = Developer has entered into an agreement with the City to receive LUE credits because of funds expended by the developer to provide water and wastewater services. An example of this is The Forest Section 1 & 2. In this case, each time the developer sells a lot to a builder, the builder is eligible to receive CRF credits.
- (3) Includes various council approvals for exemptions including smart growth and the Bradley agreement from 2000 that states the City will agree to waive all water and wastewater CRFs and impact fees for all single family residential development project on the Original Edwards' Easement land and all non retail commercial development buildings containing less than 50,000 square ft of gross floor area. Any other development on the land including the development of a hotel and/or the Golf Course will be subject to all fees. Includes a waiver for the six party agreement for the Northridge water supply corporation project.
- (4) Circle C Land Development Corp DBA Stratus Properties....\$15,000,000. 1000+ acres development in SW Austin but up to \$1.5 million per year can be used for both CRF and tap fees in DDZ.
- (5) Stratus properties that are exempt from tap fees and CRFs for Smart Housing

In July 2003 KB Homes used \$174,900 in Stratus Credits to adjust their Smart Housing goals rather than pay CRFs for previously exempted properties.
