MBE / WBE:	This contract will be awarded in compliance with City Code Chapter 2-9C Minority Owned and Women Owned Business Enterprise Procurement Program. No subcontracting opportunities were identified; therefore, no goals were established for this solicitation.			

Additional Backup Information

The contract will provide tire repair and replacement services for City vehicles and equipment to supplement Fleet Service's tire service operations and to increase responsiveness to various City departments. The Contractor will maintain a small inventory of City-owned tires for use on City vehicles and equipment in order to provide service, 24 hours per day, seven days per week.

The current contract expires October 23, 2015. Without a contract, City vehicles needing tire repair or replacement will be out of service for extended amounts of time as Fleet Service's tire center cannot solely accommodate the service needs of the full City's fleet.
