CITY OF AUSTIN
Board of Adjustment/Sign Review Board
Decision Sheet

DATE: Monday, June 8, 2015

CASE NUMBER: C15-2015-0070

☐ Y ☐ Jeff Jack – Chair **2nd the Motion**
☐ Y ☐ Michael Von Ohlen
☐ Y ☐ Melissa Whaley Hawthorne - Vice Chair
☐ Y ☐ Sallie Burchett
☐ Y ☐ Ricardo De Camps
☐ Y ☐ Brian King
☐ Y ☐ Vincent Harding **Motion to PP to Aug 10, 2015**
☐ - ☐ Will Schnier - Alternate
☐ - ☐ Stuart Hampton - Alternate

OWNER/APPLICANT: James Schoenbaum

ADDRESS: 614 BLANCO ST

VARIANCE REQUESTED: The applicant has requested variance(s) from:

A. Section 25-2-1063 (B) (2) of Article 10, Compatibility Standards (Height Limitations and Setbacks for Large Sites) to decrease the distance a person may construct a structure from 25 feet from property on which a use permitted in an SF-5 or more restrictive zoning district is located (required) to 5 feet (requested); and to

B. Section 25-2-1063 (C) (1) of Article 10, Compatibility Standards (Height Limitations and Setbacks for Large Sites) to increase the height limitations for a structure from two stories and 30 feet, if the structure is 50 feet or less from property in an SF-5 or more restrictive zoning district (required) to 36 feet and three stories (requested); and to

C. Section 25-2-1064 (C) (1) (b) of Article 10, Compatibility Standards (Front Setback) to decrease the front building setback of at least 25 feet from a right-of-way if the tract on which the building is constructed adjoins a property on which a use permitted in a SF-5 or more restrictive district is located (required) to 15 feet (requested)

in order to construct a new 12 unit condominium project a “MF-4-H-HD-NP”, Multifamily Residence Moderate High Density – Historic Landmark – Historic Area - Neighborhood Plan zoning district. (Old West Austin)

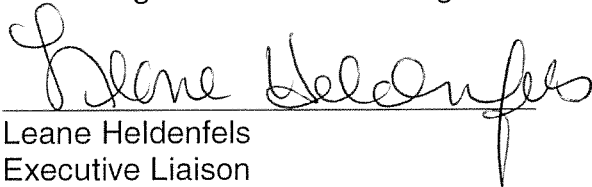

BOARD'S DECISION: POSTPONEMENT REQUESTED BY INTERESTED PARTY TO 8/10 MEETING, OPPOSED BY APPLICANT- THIS REQUEST WAS DENIED BY THE BOARD

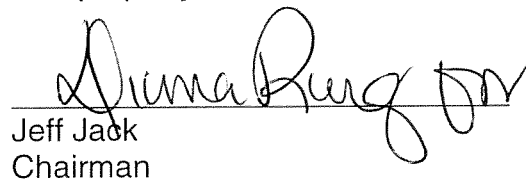

44
2

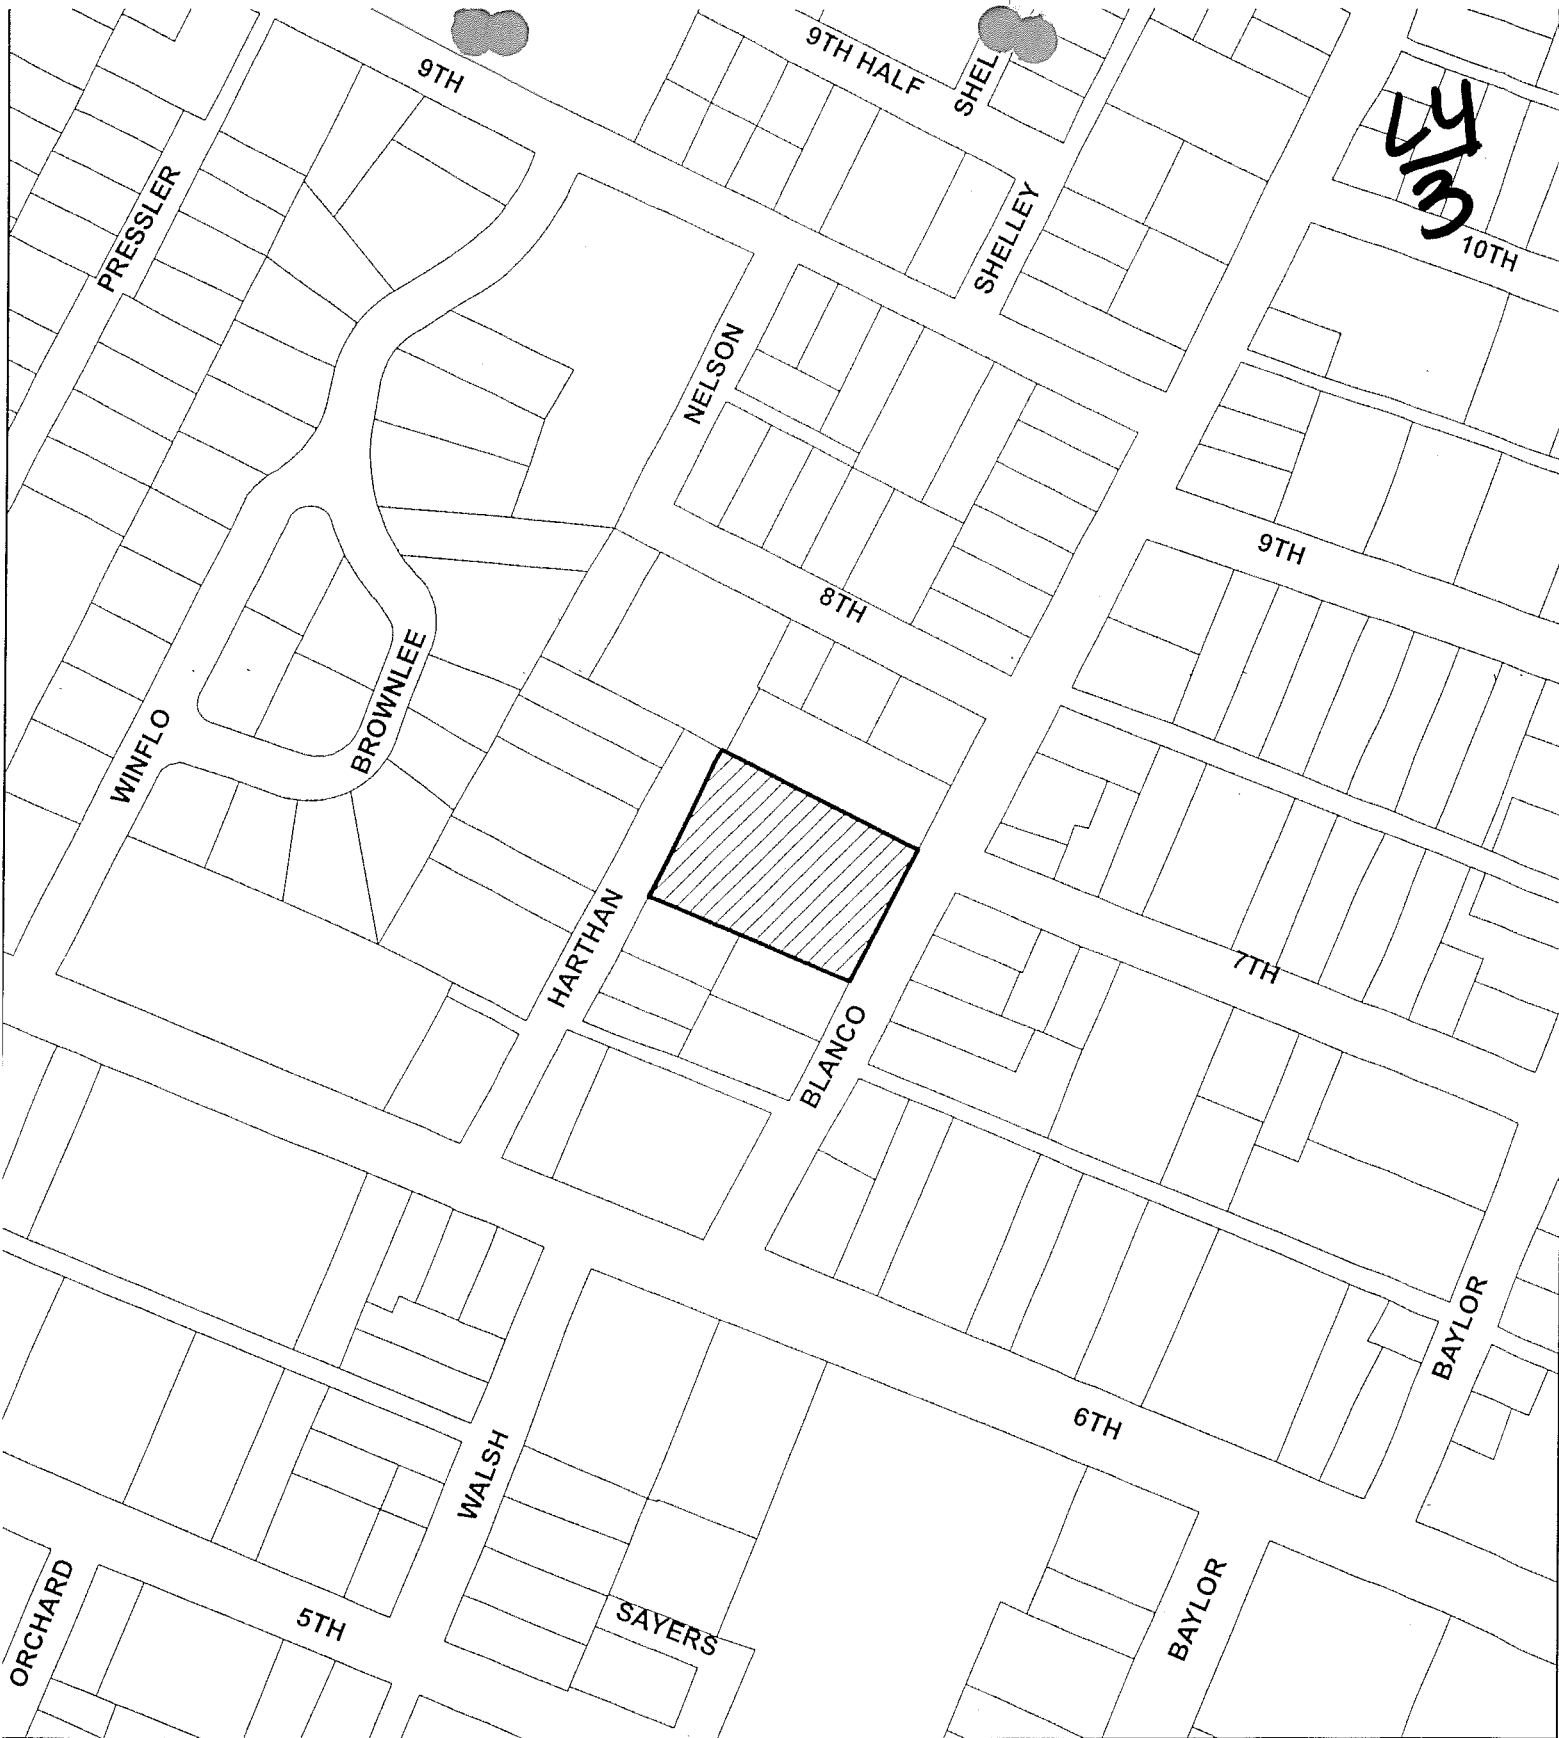

The public hearing was closed on Board Member Vincent Harding motion to Postpone to August 10, 2015, Board Member Jeff Jack second on a 7-0 vote; POSTPONED TO August 10, 2015.

FINDING:

1. The Zoning regulations applicable to the property do not allow for a reasonable use because:
2. (a) The hardship for which the variance is requested is unique to the property in that:
(b) The hardship is not general to the area in which the property is located because:
3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

**CITY OF AUSTIN
APPLICATION TO BOARD OF ADJUSTMENT
GENERAL VARIANCE/PARKING VARIANCE**

WARNING: Filing of this appeal stops all affected construction activity.

**PLEASE: APPLICATION MUST BE TYPED WITH ALL REQUESTED
INFORMATION COMPLETED.**

STREET ADDRESS: 614 & 618 Blanco Street

LEGAL DESCRIPTION: Subdivision 1.261 acres of land out of Lots 1 & 2, Original City of Austin

Lot(s) 1 & 2 Block _____ Outlot 3 Division 2

I/We James Schoenbaum on behalf of myself ourselves as authorized agent for

Arbol Lindo, LLC affirm that on April 1, 2015,

hereby apply for a hearing before the Board of Adjustment for consideration to:

**(check appropriate items below and state what portion of the Land Development
Code you are seeking a variance from)**

☒ ERECT ☐ ATTACH ☐ COMPLETE ☐ REMODEL ☐ MAINTAIN

Variance from Sections 25-2-1063(B) to reduce the 25 foot setback to 5 feet, 25-2-1063(C) (1) to allow a

structure to exceed a height of two stories and 30 feet to approximately 36 feet, and 25-2-1064 to reduce

the front yard setback from 25 feet to 15 feet. These variances, if granted, will allow the
construction of a condominium project with 12 residential units.

in a MF-4-H-HD-NP district.
(zoning district)

**NOTE: The Board must determine the existence of, sufficiency of and weight of evidence
supporting the findings described below. Therefore, you must complete each of the applicable
Findings Statements as part of your application. Failure to do so may result in your application
being rejected as incomplete. Please attach any additional support documents.**

6/5

VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

See attached letter.

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

See attached letter.

- (b) The hardship is not general to the area in which the property is located because:

See attached letter.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:
-
-

PARKING: (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:
-
-

5/19

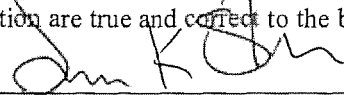

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

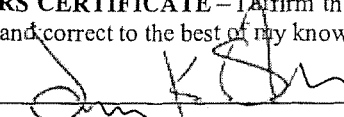

APPLICANT CERTIFICATE – I affirm that my statements contained in the complete application are true and correct to the best of my knowledge and belief.

64
7

FINDINGS OF FACT:

REASONABLE USE:

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

Compatibility standards do not allow the use deemed reasonable pursuant to the design and support of the neighborhood. The property is zoned historic (MF-4-H-HD-NP) and located within the Castle Hill Local Historic District (CHLHD). According to Section 25-2-1052, compatibility standards do not apply to "property in a historic landmark (H) or historic area (HD) combining district". The project was designed and vetted with the neighborhood, and received approval by the Historic Landmark Commission, under this provision. Late in the review process, it was discovered that the design standards adopted as part of the CHLHD provide that "notwithstanding the provisions of Section 25-2-1052(A)(2), Article 10 Compatibility Standards, shall apply to the Castle Hill Historic District." If the site were to adhere to the requirements of the CHLHD, it would yield a less desirable project for both the applicant and the neighborhood. Adherence to the CHLHD would provide for a monolithic building along the north property line and several smaller units located south of the proposed internal driveway.

HARDSHIP:

2. (a) The hardship for which the variance is requested is unique to the property in that:

It is the only vacant property in CHLHD zoned H with a site plan that has been signed off on by the City except for this issue and that the neighborhood supports. Additionally, the property has several site constraints that dictate where the buildings can be located on the property. Currently there is a ½ acre of offsite drainage that sheet flows across the property from the southwest corner of the site to the northeast corner which will be captured and channeled through a 15 foot drainage easement located in internal driveway. City staff requires that the internal driveway be aligned with 7th Street (dividing the property). There is also a historic iron gate and wall located along the east property line that must be preserved. Compatibility standards require a 25 foot setback on the southern property line, and if adhered to, would render the iron gate and wall inconsequential and not fully functional, thereby substantially reducing its true historical significance. The iron gate and wall are the only remaining historic structures on the property and they must be utilized and incorporated in the overall design as a functional element of the project. Given the offsite flows, location of the drainage easement, dictated by the requirement to align the internal driveway with 7th Street, the requirement to preserve the historic iron gate/wall along Blanco Street, coupled with the applicability of the CHLHD, the hardships associated with this property are cumulative in nature.

- (b) The hardship is not general to the area in which the property is located because:

5/8

Generally there are no other MF-H zoned sites without building structures in the area that would trigger a compatibility standard review under the CHLHD. In addition, the location of the drainage easement coupled the requirement to align the internal driveway with 7th Street, and the preservation of the historic iron gate and wall along Blanco, provide for a unique hardship that is not general to the area but site specific.

AREA CHARACTER:

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The design of the project is in keeping with the CHLHD standards and has been approved by Historic Landmark Commission and the neighborhood as not altering the character or impairing adjacent properties.

Historic Landmark Commission
MINUTES

SPECIAL CALLED MEETING
Monday, July 14, 2014

The Historic Landmark Commission convened in a special called hearing on Monday, July 14, 2014 at One Texas Center (Room 325), 505 Barton Springs Road in Austin, Texas.

Chair Laurie Limbacher called the public hearing to order at 7:12 p.m.

Commission Members in Attendance:

Chair, Laurie Limbacher, Vice Chair John Rosato, Andrea Roberts, Mary Jo Galindo and Terri Myers

Commission Members absent: *Commissioners Dan Leary and Leslie Wolfenden-Guidry*

Staff in Attendance: Steve Sadowsky and Tori Haase

I. CITIZEN COMMUNICATION: GENERAL

The first three speakers signed up prior to the meeting being called to order will each be allowed a three-minute allotment to address their concerns regarding items not posted on the agenda.

There were no speakers

II. APPROVAL OF MINUTES

1. May 19, 2014

MOTION: Approve the minutes of the May 19, 2014 Historic Landmark Commission public as per passage of the consent agenda on a motion by Commissioner Galindo. Commissioner Roberts second the motion on a 5-0 vote.

III. BRIEFINGS

None

44
10

motion by Commissioner Galindo. Commissioner Roberts second the motion on a 5-0 vote.

3. C14H-1978-0035 – Jacoby-Pope Building
200 E. 6th Street

Proposal: Construct new metal awnings.
Applicant: Clayton + Little, architects
City Staff: Steve Sadowsky, Historic Preservation Office, 974-6454
Committee Recommendation: Lighten the appearance of the awning.
Staff Recommendation: While the applicant has complied with the Committee's recommendations, staff still recommends a more traditional look and materials for the proposed awnings on this historic landmark building.

MOTION: Follow the staff recommendation to approve the Certificate of Appropriateness as per staff recommendation; as per passage of the consent agenda on a motion by Commissioner Galindo. Commissioner Roberts second the motion on a 5-0 vote.

4. C14H-1990-0006 – Mount Bonnell
3800 Mount Bonnell Road

Proposal: Install a new marker at the base of the staircase.
Applicant: City Parks and Recreation Department
City Staff: Steve Sadowsky, Historic Preservation Office, 974-6454
Committee Recommendation: Approve as proposed.
Staff Recommendation: Approve as proposed.

MOTION: Follow the staff recommendation to approve the Certificate of Appropriateness as proposed; as per passage of the consent agenda on a motion by Commissioner Galindo. Commissioner Roberts second the motion on a 5-0 vote.

5. C14H-1992-0002-- Armstrong-Odom House
614 Blanco Street

Proposal: Construct a new development on a vacant lot.
Applicant: Clayton + Little, architects
City Staff: Steve Sadowsky, Historic Preservation Office, 974-6454
Committee Recommendation: Approve as proposed.
Staff Recommendation: Approve as proposed.

James Schowenbaum spoke in support. Susana Gimson, Peter MacNeilage, Gene Waugh, Allen Kaplan, and Linda MacNeilage spoke in opposition. James Schowenbaum rebuttled. Emily Little provided clarifying comments as the architect for the project. The public hearing was closed on a motion by Commissioner Rosato. Commissioner Roberts second the motion on a 5-0 vote.

44
11

MOTION: Follow the Committee and staff recommendation to approve the Certificate of Appropriateness as proposed on a motion by Commissioner Rosato. Commissioner Roberts second the motion on a 5-0 vote.

6. LHD-2014-0010 – 3812 Duval Street
Hyde Park
Proposal: Construct a second story addition.
Applicant: Murray Legge, architect
City Staff: Steve Sadowsky, Historic Preservation Office, 974-6454
Committee Recommendation: Approve as proposed.
Staff Recommendation: Approve as proposed.

MOTION: Follow the staff recommendation to approve the Certificate of Appropriateness as proposed; as per passage of the consent agenda on a motion by Commissioner Galindo. Commissioner Roberts second the motion on a 5-0 vote.

7. LHD-2014-0005 – 3907 Avenue C – Postponement request by applicant to July 28, 2014
Proposal: Construct a two-story rear addition and re-configure front windows and the front porch.
Applicant: Doug Keating
City Staff: Steve Sadowsky, Historic Preservation Office, 974-6454

MOTION: Postpone the public hearing to July 28, 2014 on a motion by Commissioner Myers. Commissioner Galindo second the motion on a 5-0 vote.

C. REVIEW OF PERMITS IN NATIONAL REGISTER HISTORIC DISTRICTS

1. NRD-2013-0109
1710 W. 34th Street (Old West Austin)
Proposal: Construct a new 2-story house.
Applicant: Harrison Giles, owner
City Staff: Steve Sadowsky, Historic Preservation Office, 974-6454
Staff Recommendation: Reduce the scale and massing of the proposed house to be more compatible with the character of the district.

COMMENTS: No additional comments to the staff recommendation.

2. NRD-2014-0034
1504 Northwood Road (Old West Austin)
Proposal: Construct a rear addition and reconfigure the front of a ca. 1937 contributing house.
Applicant: Cater Joseph, owner
City Staff: Steve Sadowsky, Historic Preservation Office, 974-6454
Staff Recommendation: Recommend that the applicant not change the front of the house – and maintain the existing façade.

§ 25-2-1052 - EXCEPTIONS.

(A) This article does not apply to:

- (1) construction for a residential use that is permitted in an urban family residence (SF-5) or more restrictive zoning district and that complies with SF-5 or more restrictive zoning district site development regulations;
- (2) property in a historic landmark (H) or historic area (HD) combining district;
- (3) a structural alteration that does not increase the square footage, area, or height of a building; or
- (4) a change of use that does not increase the amount of required off-street parking.

(B) This article does not apply if property that triggers the compatibility standards is located in an SF-5 or more restrictive zoning district and is:

- (1) in the 100-year floodplain, in a rural residence (RR) zoning district, and not developed with a single-family dwelling;
- (2) a buffer zone established before March 1, 1984;
- (3) a right-of-way, utility easement, or railroad line that is not located on property protected by this article; or
- (4) developed with a use not permitted in an SF-5 or more restrictive zoning district, if the use fronts on:
 - (a) an arterial street defined by the Transportation Plan; or
 - (b) an industrial street with a right-of-way of at least 80 feet.

(C) For a property that contains a structure in which a use permitted in an SF-6 or less restrictive district is located and a structure in which a use permitted in an SF-5 or more restrictive use is located, this article does not apply to that portion of the property that is closer to the structure containing the use permitted in an SF-5 or more restrictive district.

(D) This article does not apply to a passive use, including a park and hike and bike trail, in the 100 year flood plain if:

- (1) the requirements of Chapter 25-8 (Environment) are met; and
- (2) The use is within an easement dedicated to the City, if applicable.

(E) For an area used or developed as a residential infill or neighborhood urban center special use in a neighborhood plan combining district, this article applies only to the property along the perimeter of the area.

Source: Sections 13-2-731(b), (c) and (e) and 13-2-737; Ord. 990225-70; Ord. 000406-81; Ord. 031211-11; Ord. 041202-16; Ord. 20050519-008; Ord. 20061130-064; Ord. 20090212-070; Ord. 20131017-046.

9. New additions or alterations to structures shall be done in such a manner that if the addition or alteration were to be removed in the future, the essential form and integrity of the structure would be unimpaired.

B. REFERENCE TO CITY ORDINANCES

The following Standards identify requirements for construction within the district that are in addition to all existing city ordinances, as modified by this document. Front yard setback requirements for new construction and maximum height for single family construction are modified as noted herein.

1. Notwithstanding the provisions of § 25-2-1052 (A)(2), Article 10 Compatibility Standards, shall apply to the Castle Hill Historic District.

C. EXCLUSIONS

These Design Standards do not apply to:

1. Construction that is not visible from public streets (alleys are not considered "public streets" for the purposes of this document);
2. Exterior paint color; or
3. The interior of a building.

II. DESIGN STANDARDS FOR THE CASTLE HILL LOCAL HISTORIC DISTRICT

A. GENERAL DISTRICT STANDARDS

The following standards reflect over-arching principles of design and architectural detail, and apply to all properties within the district. Unless stated, the standards are required. Recommendations/Advisory Standards are not mandatory, but will be considered in the Certificate of Appropriateness process particularly when tax benefits are associated with the proposed work.

1. Requirements
 - (a) Repair, rather than replace, original materials. Replace only materials that are deteriorated beyond repair or that detract from and are not original to the building. Replacement materials shall match the original materials when feasible.
 - (b) Do not make changes to the public view of an existing contributing or non-contributing building that have no historic basis and/or that seek to create the appearance of an architectural style that is not original to the existing building.
 - (c) Use best efforts to utilize photographic or physical evidence when reconstructing original historic details.

Hi Leane,

We do indeed oppose this postponement. There are multiple other neighbors who have arranged their schedules well in advance to be at the hearing on June 8th. Some, like Ms. Manassero, are not even residents of the City of Austin, while others have scheduled travel plans. To delay at this late date for one individual would create scheduling conflicts for many. We hope the Board will deny this request.

Thank you,
James

Subject: 614 and 618 Blanco BOA Meeting on June 8th - Request for Postponement of Hearing

Dear Leane,

I am writing to formally request a postponement of the hearing by the Board of Adjustments regarding the filing of application for administrative approval for the following project:

Case Number: SP-2015-0166C
Project Name: The Stonewall
Project Location: 700 Blanco Street
Applicant: Doucet & Associates, Ted McConaghy
Owner: Arbol Lindo, LLC, James Schoenbaum

Date: July 11, 2014

To: City of Austin – Historic Landmark Commission
c/o Steve Sadowsky

From: OWANA, Old West Austin Neighborhood Association

Subject: Letter of Support for Certificate of Appropriateness
Historic Case No. C14H-1992-0002
Review Case No. 2014-0311007-SP
614 Blanco St

44
32

The Old West Austin Neighborhood Association (OWANA) Steering Committee, acting on behalf of the General Membership, on July 7th 2014, voted to support the request for Certificate of Appropriateness for the proposed the development of 12 condominium units as currently designed. The applicant has presented substantially this design to OWANA at two prior General Membership meetings, and at numerous informal gatherings of members and nearby neighbors. We believe this project as designed is consistent with the Design Standards for both the Castle Hill Historic District and the Harthan Street Historic District.

If you have any questions or need additional information you can contact me at 512-797-5917 or

~~XXXXXXXXXXXXXXXXXXXX~~
Thank you,

Larry Halford

On behalf of Old West Austin Neighborhood Association.

The owner of 600 Harthan street is within 200 feet of 614 and 618 Blanco Street and is in support of the project.

We are not in support of the variance requests for the development on those lots especially the set backs that are currently required by code.

We have concerns that the reduced set backs on the west side of the tract fronting Harthan street allows the developer to increase his height of the structures by moving up the slope and thus building at a height that blocks the long standing views of the historic houses on Harthan street.

We would consider being for the proposed set backs if they postpone their request and come out and put a pole up on the west side of the development that is flagged showing the height of the roof lines of those houses to be built fronting on Harthan street. This would allow there the neighbors to see actual heights and what impact if any, the new development will have on their existing views. Its obvious the developer wants to have height in order to have views of downtown at the expense of the existing historic homes on Harthan Street.

There is natural buffer to Harthan street due to elevation of the development site on Blanco street being at lower grade level and that should be maintained to protect the houses on Harthan street.

City of Austin

**Re: Requests for Variances; Arbol Lindo LLC; 614 and 618
Blanco Street**

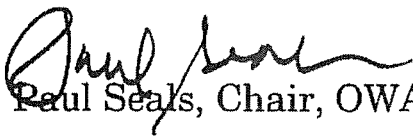

Dear Members:

This letter is an update to my letter of May 20, 2015 sent on behalf of Old West Austin Neighborhood Association ("OWANA") in reference to the variance requests for Arbol Lindo LLC and James Schoenbaum for the construction of a residential project known as The Stonewall at 614 and 618 Blanco Street. At OWANA's June 2, 2015 meeting, the general membership voted overwhelmingly to support the variance requests.

OWANA and the nearby neighbors have been working closely with the Mr. Schoenbaum regarding the redevelopment of this property and the projects compatibility with the neighborhood. He designed The Stonewall with substantial input from nearby neighbors. The issuance of the variances will enable the neighborhood-desired design of the project to go forward.

OWANA urges the Board to approve the requested variances.

Sincerely,

Paul Seals, Chair, OWANA Steering Committee

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed application. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site:
<http://www.austintexas.gov/development>.

Written comments must be submitted to the contact person listed on the notice before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice. Any comments received will become part of the public record of the case.

Subject: BOA Hearing on 614 and 618 Blanco Street, The Stonewall

LY
37

Dear Ms. Heldenfels,

My name is Laura Kelso and my husband, Jamie O'Neill, and I own the homes at 901 and 903 Blanco Street. I am writing to ask that the Board of Adjustment grant requested variances to Arbollindo LLC and Mr. James Schoenbaum for the construction of townhomes known as the Stonewall at 614 and 618 Blanco Street in the Castle Hill Local Historic District.

The history of this property has become somewhat legendary within our neighborhood. For more than twenty years, it has stood vacant among numerous single-family dwellings. It once was home to a grand estate for the Armstrong and Odom families. The house that stood on the lot at 614 Blanco was a red brick Victorian structured design by A.O. Watson, famed architect that designed many grand homes around Austin including the Caswell houses in Judges Hill.

This home sadly burned in the 1990s, and the city ultimately made the decision to bulldoze the remnants in 1999. Since that time, the property has sat vacant.

I am well aware of the desire of the residents of the Castle Hill historic district to have compatible development on this empty lot, as Jamie and I share that desire.

This was one of the driving forces behind our neighborhood's effort to establish the second of two local historic districts in Austin, which I helped spearhead. We wanted to ensure that anything erected on this lot (indeed, one of the last large lots in the urban core) would be compatible with the large inventory of historic properties surrounding it.

We embraced the design offered by Mr. Schoenbaum because it seeks to blend new construction into the historic fabric of Blanco and Harthan Streets, while simultaneously, enabling a higher level of dense development.

In designing his complex, Mr. Schoenbaum keeps the structures in scale with surrounding homes, rendering these new condos more like single-family houses. This element is crucial because so many other multi-family structures have taken the opposite appearance in our neighborhood: they do not blend with the mix of bungalows and Victorian homes. They stick out like sore thumbs and remind both residents and visitors of the previous homes that were razed to make way for out-of-scale development.

Mr. Schoenbaum's proposed Stonewall development avoids this pitfall. It was designed with significant input from surrounding neighbors. I should add that as someone who was very involved in the LHD process, we were hopeful that our efforts would attract precisely this kind of development, enhancing the overall appearance and history of our neighborhood. I don't believe that Mr. Schoenbaum should have to scrap his plans because the design standards of Castle Hill LHD conflict with this vision. We tried our best to agree to standards that would lead to the best outcomes in terms of compatible development. However, most of us are not developers or real-estate architecture professionals. We are concerned neighbors who wanted to preserve the special character of our urban neighborhood, an area at risk everyday from encroaching downtown development.

It would be a significant setback for the residents of Castle Hill and Harthan Street to lose a project that meshes so well in design and scale with the rest of the neighborhood. In that sense, I ask that you please grant Mr. Schoenbaum the variances he seeks.

Thank you for your time and consideration.

Dear Mr. Jack and Board Members:

Re: Request for Variance, Stonewall Condominiums 614-618 Blanco Street, Arbollindo, LLC.

Preservation Austin supports the application for a variance for the property located at 614-618 Blanco Street (Stonewall Condominiums). The property owner and architect have been working for over two years on the design of a proposed 12-unit condominium project at the long-vacant lot, formerly the site of the historic Armstrong-Odom House, which burned in July 1995. The site is zoned historic and is within the Castle Hill Local Historic District and the west boundary faces the Harthan Street Local Historic District. Clayton Little Architects have worked closely with Old West Austin Neighborhood Association, nearby neighbors and the Austin Historic Landmark Commission in developing a design solution for this important site.

This request is for a variance from three requirements of the Land Development Code, Chapter 25-2, Article 10 (Compatibility Standards). On all three items the proposed work complies with the base zoning for the site which includes the Historic District Zoning, and the variances are needed for the Compatibility Standards only.

Clayton and Little Architects attended the May Preservation Committee meeting and gave a detailed presentation about the project. The Committee reviewed the project and determined that it has been designed to be compatible with the character of the neighborhood. The variance actually allows the project to more readily reinforce the existing building and neighborhood patterns: an example is the Blanco street setback. The committee voted to request Preservation Austin's Executive Committee support the variance request. The Executive Committee reviewed the project, concurred with the Preservation Committee and supports the request for a variance.

Sincerely,

Shelly Hemingson
President, Preservation Austin

Subject: Support for Variance Requests for 614 and 618 Blanco Street - The Stonewall

Dear Ms.Heldenfels:

My name is Kathleen Deaver and I own the property at 606 Highland Avenue, Austin, TX 78703. I would like to have this letter made available to members of the Board of Adjustment as they consider the variance requests from Mr. James Schoenbaum for construction of condominiums at 614 and 618 Blanco Street.

My property is within 200 feet of Mr. Schoenbaum's properties. I strongly support his project and urge the BOA to issue variances as requested.

I believe Mr. Schoenbaum needs these variances in order to build his project *as designed*. An overwhelming number of residents in our neighborhood approved his current plans and provided input during the design process. The result is a development that the neighborhood truly loves.

Mr. Schoenbaum's project —known as the Stonewall—is highly compatible with the surrounding residential homes. He has taken great care to ensure his project is agreeable to his neighbors and blends with the historic character of our neighborhood. He faces a unique hardship, as his properties are essentially the only ones in our neighborhood to which conflicting design rules apply.

By approving these variance requests, the Board of Adjustment will truly ensure that the project remains compatible with the neighborhood.

Sincerely,

Kathleen Deaver

Dear Ms Heldenfels,

Our names are Leslie and David Wolff and we own our house at 1206 W 8th Street, where we reside. We would like to have this letter made available to the Board of Adjustment as they consider the request from James Schoenbaum for variances for condos at 614 and 618 Blanco.

Our home is within 200 feet of Mr Schoenbaum's Blanco property; indeed, we will be looking at his condos from our front porch, once they are built.

We strongly support the project, as designed, which necessitates the variances as requested by Mr Schoenbaum. His plan is good for our neighborhood and good for us. He has been a good neighbor in making his plans with the input of the neighborhood. We would like to see him get his variances and build the project exactly as he wishes.

In summation:

We are David and Leslie Wolff

At 1206 W 8th Street

And we strongly support, and urge the BOA to grant, the variances requested by James Schoenbaum for his property at 614 and 618 Blanco.

Thank you for your consideration,
Leslie and David Wolff

RE: Requests for Variances; Arbollindo LLC; 614 and 618 Blanco Street

Dear Members:

Old West Austin Neighborhood Association (OWANA) offers this letter in reference to the variance requests for Arbollindo LLC and James Schoenbaum for the construction of a residential project known as The Stonewall at 614 and 618 Blanco Street.

OWANA and the nearby neighbors have been working closely with the Mr. Schoenbaum regarding the redevelopment of this property. He designed The Stonewall with substantial input from nearby neighbors. Last year, our general membership considered the project and expressed significant support for the project as it is currently designed.

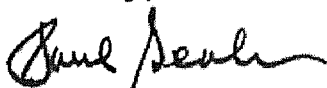

At that time, the development of The Stonewall, as designed, did not necessitate any variances. That situation has changed based on a revised site review of the project by City staff.

The Stonewall is the first major infill development in a local historic district in Austin. The Castle Hill Local Historic District design standards were developed in such a way that they apply both compatibility standards and conflicting historic design standards, thus necessitating the need for variances in the view of the City staff.

The issuance of the variances will enable the original design of the project, which has the substantial support of OWANA and nearby neighbors, to go forward.

The OWANA Steering Committee considered the variance requests at its May meeting. The Steering Committee supports the variance requests and voted to present the variance requests to the OWANA general membership at OWANA's June 2 meeting with a recommendation that the variances be approved.

Sincerely,

Paul Seals, Chair, OWANA Steering Committee

Ms. Leane Heldenfels
Ms. Diana Ramirez
City of Austin, Board of Adjustment
Planning and Development Review

Subject: BOA HEARING FOR 614 and 618 Blanco Street Project: the Stonewall

Ms. Heldenfels and Ms. Ramirez:

I am submitting this letter in support of the variance requests from Mr. James Schoenbaum for his proposed development at 614 and 618 Blanco Street. This project should come before the Board of Adjustment on June 8th.

I own 604 Harthan Street, which is across the street from the proposed development. I also own 609 Harthan Street, which shares a lot line with the proposed development, and which is triggering the need for the added compatibility set back.

I understand that Mr. Schoenbaum is asking for variances from Sections 25-2-1063(B) to reduce the 25 feet setback to 5 feet, 25-2-1063(C)(1) to allow a structure to exceed a height of two stories and 30 feet to approximately 36 feet, and 25-2-1064 to reduce the front yard setback from 25 feet to 15 feet.

By granting these variances, Mr. Schoenbaum will be able to proceed with his development as designed. He has done his due diligence in the neighborhood and has sought input from all the nearby neighbors in order to achieve the designs he presented to the city for building permits. My wife and I strongly support this development. I have lived on Harthan Street for 15 years and I have seen many proposed projects for this lot, but none with the vision or consideration James has shown.

I ask that the Board will grant Mr. Schoenbaum the variances because his project is fully compatible with all requirements of the Castle Hill Local Historic Ordinance. Again, it is my property (which is zoned SF) that is triggering the need for the added compatibility set backs and I feel that this should not be needed in this case. Mr. Schoenbaum's plans are compatible as designed. I believe the code language in the Castle Hill ordinance that is triggering compatibility for this property is outside the intention of the ordinance.

I hope the Board of Adjustments will remedy this situation and grant the variances to Mr. Schoenbaum for his project, which will enhance the character of our street and provide an example for other compatible infill development. Please don't hesitate to contact me with any questions.

Sincerely,

Wayne Orchid

From: Marjorie Hook <marjorie.hook@arbollindo.com>

Subject: Variance support for 614/618 Blanco

Date: May 8, 2015 at 12:36:05 PM CDT

To: Leane.Heldenfels@AustinTexas.Gov, j[REDACTED]

Dear Leane:

My name is Marjorie Hook. I'm the owner of 613 Blanco Street, which is across the street from the proposed development at 614 and 618 Blanco streets.

I am writing today to ask that you grant a variance to Arbollindo LLC and Mr. James Schoenbaum for the construction of the project known as the Stonewall in the Castle Hill Local Historic District (CHLHD).

I've owned my home for over 20 years. I vividly remember the home that once occupied 614 Blanco. I also remember the day that it first burned in 1995. Since that time, the neighbors who surround the property have lived for two decades with empty lot that has at times been blighted.

A few years ago, I was part of a group of residents that sought to establish the Castle Hill Local Historic District. We did so to avoid further loss of the historic character of our neighborhood. We also wanted to create design standards that would ensure the development on these particular lots would be compatible with the exiting historic homes and structures

Mr. Schoenbaum has taken great care to ensure that his project is compatible with the surrounding homes. I attended several meetings to see his proposed project and felt that it achieved the goal of our entire district to have compatible new construction that would not detract from the character of our neighborhood.

I understand it is rare to obtain a variance, but I know this project is very deserving. Part of the reason that Mr. Schoenbaum is in this situation is due to the conflicts within the Castle Hill design standards.

The CHLHD code that is triggering compatibility for this property is outside the intention of the ordinance.

We as residents face the hardship of losing a really fine example of how new infill construction can blend with the historic fabric of an urban neighborhood. I ask the Board of Adjustment to grant the requested variance. The residents of Blanco Street have waited a LONG time for such a project.

Subject: Project at 614 and 618 Blanco Street<the Stonewall
Date: May 11, 2015 at 10:12:38 PM CDT
To: <Leane.Heldenfels@AustinTexas.Gov>, <diana.ramirez@austintexas.gov>
Cc: <james.schoenbaum@arbollindo.com>

Dear Ms. Heldenfels and Ms. Ramirez:

We submit this letter in support of the project at 614 and 618 Blanco Street (78703), which will be before the Board of Adjustment in June. We ask the Board of Adjustment to approve the requested variances for 614 and 618 Blanco for the construction of condominiums by Mr. James Schoenbaum of Arbollindo LLC.

We live at 602 Harthan Street, which is two houses down and across the street from the proposed development. Four units in this proposed development are designed to face Harthan Street.

From the start, Mr. Schoenbaum solicited our input and has gone out of his way to ensure that all of the nearby neighbors supported his project. We strongly support this development.

We hope that the board will grant Mr. Schoenbaum the variances because his project is fully compatible with all requirements set forth in the Castle Hill Local Historic Ordinance and honors the spirit of the Harthan Street Local Historic District, the city's first LHD.

Mr. Schoenbaum faces a unique hardship since some of the development standards in the LHD are conflicted. We hope the Board of Adjustment will remedy this issue and grant the variances.

We have owned our home since 1999 and have longed to see compatible development for this property. Mr. Schoenbaum's proposal is highly compatible with the remaining homes on Harthan Street, and we are eager to see it become reality.

Sincerely,

Maureen and Michael Metteauer
602 Harthan Street

*According to City, the front setback on Blanco should be 25' not 15'; south side setback should be 25' not 5' and a height violation of 5-6 ft. exists on two structures facing Harthan Street. Discrepancies resulted from the fact that compatibility standards were added to the Castle Hill design standards, when most Historic Districts are exempted from them.

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak **FOR** or **AGAINST** the proposed application. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site:

<http://www.austintexas.gov/development>.

Written comments must be submitted to the contact person listed on the notice before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice. Any comments received will become part of the public record of the case.

Case Number: C15-2015-0070, 614 and 618 Blanco
 Contact: Leane Heldenfels, 512-974-2202
 Public Hearing: Board of Adjustment, June 8th, 2015
