## AMENDMENT TO THE AMENDMENT

Change the amending language<sup>1</sup> as follows:

- Put a colon after the first word “that” of the amending language;
- Add a comma after “county government” and delete the phrase “or properties where” replacing with “accept”; delete the phrase “are accepted”
- Replace the period with a comma and add the following phrase: or rent to tenants who are CAP or CAP-eligible customers of AE.”

Reason for the amendment to the amendment: The primary purpose was to add another category of third-person determination that the multi-family property rents to low and low-moderate income tenants. Under this new category, the EE program can contact customer care and ask if there are any CAP or CAP-eligible customers residing at the multi-family property’s address. No personal data about the customer changes hands because all customer care has to say is that there are CAP or CAP-eligible customers residing at that address.

The other changes were to account grammatically for the new category and to made the second category grammatically consistent with the first category.

---

<sup>1</sup> “that receive affordable housing subsidies from the federal, state, city, or county government or properties where housing choice vouchers are accepted as a form of payment.”
