

§ 2-7-2 - DEFINITIONS.

In this chapter:

(1) **AFFECTED** means in the case of a person, entity or property, means reasonably likely to be subject to a direct economic effect or consequence, either positive or negative, as a result of the vote or decision in question. For instance, a person or entity owning real property, entering into a contract with the City, or seeking a permit or franchise is "affected" by votes or decisions such as zoning of the property, approval of the contract, or granting of the permit. Affected does not include those persons or entities who are subject to an indirect or secondary effect from official action. Creditors, independent contractors, or guarantors of a person "affected" by a vote or decision are not also deemed to be "affected" by virtue of their relationship with the affected person. The vote or decision need not be the only producing cause of the economic effect or consequence reasonably likely to result. In determining whether a person, entity or property is or was "affected by" a vote or decision, it shall not be necessary to prove the actual existence or occurrence of an economic effect or consequence if such effect or consequence would be reasonably expected to exist or occur. Additionally, a vote or decision to place a matter on a ballot is deemed to affect a person, entity or property to the same extent that the results of the election would effect the person, entity or property.

Q Was my home:

1.) Subject to a direct economic effect
or consequence

2.) As a result of the vote/decision
in question?

If not ... you must dismiss complaint.

§ 2-7-63 - PROHIBITION ON CONFLICT OF INTEREST

(C) Where the interest of a City official or employee in the subject matter of a vote or decision is remote or incidental, the City official or employee may participate in the vote or decision and need not disclose the interest.

§ 2-7-2 - DEFINITIONS.

In this chapter:

(7) INCIDENTAL INTEREST means an interest in a person, entity or property which is not a substantial interest and which has insignificant value or which would be affected only in a de minimis fashion by a decision. This chapter does not establish dollar limits on the terms "insignificant value" and "de minimis," which shall have their usual meanings and be subject to interpretation on a case by case basis.

(9) REMOTE INTEREST means an interest of a person or entity, including a City official or employee, who would be affected in the same way as the general public. The interest of a councilmember in the property tax rate, general City fees, City utility charges, or a comprehensive zoning ordinance or similar decisions is incidental to the extent that the councilmember would be affected in common with the general public.

If interest is remote or incidental = No Conflict

- ① My home is treated identically as anyone else's in the entire neighborhood if LHD is passed by city council.
- ② My interest, due to home ownership, in the entire neighborhood is remote. It totals less than 1% of the area.
