

# Texas Gas Service Conservation Program

*Q3 Update*

# Q3 Update

*Jan.-Sept. 2015*

- 6,282 rebates, \$1.1 million in rebates distributed.
- 131% increase in natural gas dryer rebate applications-existing homes.
- 69% increase in natural gas tankless water heaters in new construction, 10% increase in retrofit homes

# District-Based Education and Outreach

- Provided Spanish/English Free Equipment Program information at Districts 1 and 2 Town Hall Meetings.
- Conducted conservation outreach in English/Spanish at Boys and Girls Club meetings in Districts 3 and 4.

**TEXAS GAS SERVICE IS HELPING YOU SAVE.**

The Conservation Program works with Austin Energy and Meals on Wheels and More weatherization assistance programs to provide free high-efficiency natural gas water heaters, furnaces and ranges to low-income, elderly and mobility-challenged customers, eliminating the upfront costs and lowering utility bills in the long term.

To see if your home qualifies, contact Austin Energy or Meals on Wheels and More weatherization assistance programs for more information:

Austin Energy..... 512-974-7827  
Meals on Wheels and More..... 512-476-6325

For other home improvement assistance information, please contact Neighborhood Housing and Community Development at 512-974-3100.

**TEXAS GAS SERVICE LE ESTA AYUDANDO A AHORRAR.**

El programa de conservación trabaja con los programas de asistencia de climatización de Austin Energy y Meals on Wheels and More para proveer gratuitamente calentadores de agua, calderas y estufas de alta eficiencia energética para clientes de escasos recursos, de edad avanzada, y con impedimentos para movilizarse, eliminando los costos iniciales y reduciendo las facturas de energía en el largo plazo.

Para ver si su hogar califica, contacte a los programas de asistencia de climatización de Austin Energy o Meals on Wheels and More para obtener más información:

Austin Energy..... 512-974-7827  
Meals on Wheels and More..... 512-476-6325

Para obtener más información acerca de otras asistencias para mejoras al hogar, por favor llame a Neighborhood Housing and Community Development (Vivienda del Vecindario y Desarrollo de la Comunidad) al teléfono 512-974-3100.

# District-Based Education and Outreach

- Partnering and actively co-promoting Free Equipment Program and rebates with City's Neighborhood Housing and Community Development Dept.

# Q4 Outlook

- Participating in stakeholder meetings on Energy Code Updates (Austin Energy Green Building Program drafts code updates).
- Sending all tankless water heater recipients with a yearly reminder to flush their units to maintain stated energy efficiency.
- Planning for measurement and verification testing at close of FY2015 to provide natural gas savings and avoided electric costs.
