CHIP HEALTH PRIORITIES

1. **Chronic Disease** – focus on **Obesity**
 2. **Built Environment** – focus on **Access to Healthy Foods**
 3. **Built Environment** – focus on **Transportation**
 4. **Access to Primary Care and Mental Health/ Behavioral Health Services** – focus on **Navigating the Healthcare System**
- ✓ **Cross-cutting issue: health education/health literacy**

CHIP' STRUCTURE

Lasting community change stems from critical assessment of current conditions, an aspirational *framing of the desired future*, and a clear *evaluation of whether efforts are making a difference*. The four priority areas in the CHIP are outlined with the following information:

- ❖ Goals
- ❖ Objectives
- ❖ Strategies
- ❖ Potential Outcomes and
- ❖ Indicators both long and short term
