

AUSTIN WATER SERVED POPULATION AND PUMPAGE SUMMARY 1995-2014

A. AT A GLANCE

B. TABLE

Year	Total Served Population	Total Treated Water Pumpage (MG)
1995	630,997	39,542
1996	649,660	45,835
1997	668,876	42,812
1998	688,660	46,438
1999	709,029	46,422
2000	738,229	52,194
2001	754,470	50,140
2002	767,296	50,883
2003	774,969	51,111
2004	786,594	48,469

Year	Total Served Population	Total Treated Water Pumpage (MG)
2005	799,966	51,374
2006	815,085	56,603
2007	834,647	45,868
2008	853,844	53,066
2009	872,628	53,331
2010	875,936	43,827
2011	891,997	52,824
2012	907,161	47,094
2013	928,026	45,902
2014	951,329	43,239

Austin Water's total served population is an estimate of the total number of people that the utility serves, including both retail and wholesale customers. Austin Water bases these estimates on annual population estimates developed by the City demographer. Population estimates are also calibrated to population data provided as part of the Decennial Census.
