Additional Backup Information

Starting in 2008, all food handlers permitted by the City were required to obtain food handler training approved by the Texas Department of State Health Services and to register with the Austin/Travis County Health and Human Services Department. The State Legislature passed SB 582, effective May 26, 2015, prohibiting health jurisdictions from collecting a fee for food handler registrations from individuals that have completed the American National Standards Institute-approved training course. As a result, Chapter 10-3 of the City Code is being updated to reflect these changes to state law.

Also, Subchapter K of Chapter 229 of the Texas Administrative Code (TAC), known as the "Texas Food Establishment Rules," has been repealed and the new Chapter 228 of the TAC becomes effective on October 11, 2015. These changes are hereby being incorporated into Chapter 10-3.

Chapter 10-3 is also being modified to include a definition for a single booth, single day event, and establish new Central Preparation Facility requirements.
