#### **Summary of Discussion**

Council Member Gallo, provided a little bit of background of the revised “draft” Resolution. This has been an ongoing process which started about six months ago as a result of a town hall meeting in District 10, where a constituent told the story of living next to a person that was we operating a short-term rental and was not in compliance and in violation of zoning. Subsequent investigation found there were multiple neighborhoods in District 10 and other areas within the City of Austin neighborhoods that were not operating in compliance with existing laws and code. The recommendations we have been discussing is to help enforcement tools strengthened so that Austin Code can go in and actually do something to stop the operators who are not operating in compliance.
